Annals Of The Reign Of Alfred The Great

Robert Patterson

Annals Of The Reign Of Alfred The Great:

Annals of the Reign of Alfred the Great John Asser, 2004-06-01 The mother of Alfred was named Osburga a religious woman noble both by birth and by nature she was daughter of Oslac the famous butler of king Ethelwulf which Oslac was a Goth by nation descended from the Goths and Jutes of the seed namely of Stuf and Whitgar two brothers and counts who having received possession of the Isle of Wight from their uncle King Cerdic and his son Cynric their cousin slew the few British inhabitants *Annals of the Reign of Alfred the Great, from 819 to 887* Asserius Menevensis, Alfred the Great König von England, 1848 **Annals of the Reign of Alfred the Great** CREATESPACE, 2007-01-03 *Finding-list of Books in the Classes of Biography, History, and Travels Belonging to the Public Library of Indianapolis* Indianapolis Public Library, 1890

The National Union Catalog, Pre-1956 Imprints Library of Congress, American Library Association. Committee on Resources of American Libraries. National Union Catalog Subcommittee, 1969 **Alfred the Great and Ethelred the Unready. Two Anglo-Saxon Kings and their Actions against the Viking Threat** Anna Poppen, 2013-07-19 Bachelor Thesis from the year 2010 in the subject Didactics for the subject English Pedagogy Literature Studies grade 2 0 University of G ttingen language English abstract In the long list of English rulers there is only one king who achieved to be honored with the epithet the Great Alfred the Great is known today as one of the most successful kings of England and has become a national hero The role of the national failure however has been ascribed to King Ethelred II who is known as Ethelred the Unready Both kings ruled in Anglo Saxon times their reigns are only about one hundred years apart and both had to face the same enemy the Vikings from Scandinavia Although it seems as if the two kings ruled under the same prerequisites their reigns had very different outcomes and they have opposing reputations today King Alfred who ruled the kingdom of Wessex from 871 to 899 is today remembered and glorified as a great Christian king who defeated the Vikings who continuously invaded and plundered England in the second half of the ninth century Apart from great military and political achievements Alfred also stands for educational reform and is credited for having laid the foundations for what was to become the Anglo Saxon kingdom King Ethelred ruled this kingdom from 978 to 1016 Today he is seen as a weak and powerless king who did not manage to fight off the Vikings who were attacking the Anglo Saxon kingdom during his reign especially at the beginning of the eleventh century He is accused of having lost control over his kingdom and having handed it over to the Vikings without developing a coherent strategy of defense In order to find out how and why King Alfred and King Ethelred acquired such different reputations and whether they are justified one has to have a close look at their reigns and especially at the actions they took to keep the Viking invaders from plundering and conquering their kingdom Despite these problems which will be a central theme in this work the following text aims at presenting detailed accounts of King Alfred the Great and King Ethelred the Unready s struggles against the Viking invaders in order to allow for a direct comparison of their actions Certainly this work can make no claims of providing a comprehensive and complete picture of the kings personalities and

their reigns It is rather meant to present an overview which can be used as a basis for an evaluation and reassessment of Alfred and Ethelred's legacies

The Haskins Society Journal 19 Stephen R. Morillo, William North, Alice Taylor, Anna Trumbore Jones, Charity Urbanski, 2008-07-18 The most recent research into aspects of the early middle ages The latest volume of the Haskins Society Journal presents recent research on the Anglo Saxon Anglo Norman Viking and Angevin worlds of the eleventh and twelfth centuries broadly conceived and includes topics ranging from analysis of the Anglo Saxon Chronicles for the early construction of English identity to the exercise of Norman naval power in the Mediterranean to several studies of churchmen and church organization in Rouen Aquitaine and Florence and more

Constructing the Anglo-Saxon Chronicles Daniel Anlezark, 2025-06-03 Offers insights into sources and inspirations authorship and authorial style and patterns of separation and convergence across versions of the Anglo Saxon Chronicles The Anglo Saxon Chronicle is one of the most important documents to survive from early medieval England Written in Old English it was first created during the reign of King Alfred the Great 871 899 Up to Alfred's reign and then in multiple continuations extending into the twelfth century the Chronicle versions often provide a unique record of events at times reported in the barest style at others with passionate commentary This book is the first to tell the story of how the Chronicles came to be providing a clear but detailed account of the development of its various versions It starts with an examination of the textual and manuscript evidence then explores the work of the two chroniclers first responsible for the Anglo Saxon Chronicle's creation in the late ninth century arguing that the first made a set of annals from disparate sources The author then contends that a later reviser aligned with the Alfredian political programme wrote the annals for Alfred's reign and at the same time also revised earlier entries including the famous story of Cynewulf and Cyneheard This book also sheds new light on the annals of thelred the Unready arguing that Archbishop Wulfstan of York is likely to have authored some these together with some tenth century annals Its final chapter provides the first comprehensive study of all the Chronicles poetry

The Medieval Chronicle VII. Juliana Dresvina, Nicholas Sparks Nicholas Sparks, 2011-04 There are several reasons why the chronicle is particularly suited as the topic of a yearbook In the first place there is its ubiquity all over Europe and throughout the Middle Ages chronicles were written both in Latin and in the vernacular and not only in Europe but also in the countries neighbouring on it like those of the Arabic world Secondly all chronicles raise such questions as by whom for whom or for what purpose were they written how do they reconstruct the past what determined the choice of verse or prose or what kind of literary influences are discernable in them Finally many chronicles have been beautifully illuminated and the relation between text and image leads to a wholly different set of questions The yearbook The Medieval Chronicle aims to provide a representative survey of the on going research in the field of chronicle studies illustrated by examples from specific chronicles from a wide variety of

countries periods and cultural backgrounds The Medieval Chronicle is published in cooperation with the Medieval Chronicle Society

Manchester public free libraries. Alfred the great and his times. Millenary celebration, 1901. An annotated study-list of books in the Reference library John Hibbert Swann,1901

The Haskins Society Journal Studies in Medieval History Robert Patterson,2003-08-02 The Haskins Society named after the celebrated American medievalist Charles Homer Haskins was founded in 1982 to provide a forum for the discussion and study of English and related continental history in the middle ages

Crusade, Settlement and Historical Writing in the Latin East and Latin West, C. 1100-c. 1300 Andrew D. Buck,James H. Kane,Stephen J. Spencer,2024 This collection offers a holistic understanding of the impact of both crusading and settlement on the literary cultures of Latin Christendom The period between the First Crusade and the collapse of the crusader states in the eastern Mediterranean was a crucial one for medieval historical writing From the departure of the earliest crusading armies in 1096 to the Mamluk conquest of the Latin states in the late thirteenth century crusading activity and the settlements it established and aimed to protect generated a vast textual output offering rich insights into the historiographical cultures of the Latin West and Latin East However modern scholarship on the crusades and the crusader states has tended to draw an artificial boundary between the two even though medieval writers treated their histories as virtually indistinguishable This volume places these spheres into dialogue with each other looking at how individual crusading campaigns and the Frankish settlements in the eastern Mediterranean were depicted and remembered in the central Middle Ages Its essays cover a geographical range that incorporates England France Germany southern Italy and the Holy Land and address such topics as gender emotion the natural world crusading as an institution origin myths textual reception forms of storytelling and historical genre Bringing to the foreground neglected sources methodologies events and regions of textual production the collection offers a holistic understanding of the impact of both crusading and settlement on the literary cultures of Latin Christendom

nean were depicted and remembered in the central Middle Ages Its essays cover a geographical range that incorporates England France Germany southern Italy and the Holy Land and address such topics as gender emotion the natural world crusading as an institution origin myths textual reception forms of storytelling and historical genre Bringing to the foreground neglected sources methodologies events and regions of textual production the collection offers a holistic understanding of the impact of both crusading and settlement on the literary cultures of Latin Christendom

nean were

depicted and remembered in the central Middle Ages Its essays cover a geographical range that incorporates England France Germany southern Italy and the Holy Land and address such topics as gender emotion the natural world crusading as an institution origin myths textual reception forms of storytelling and historical genre Bringing to the foreground neglected sources methodologies events and regions of textual production the collection offers a holistic understanding of the impact of both crusading and settlement on the literary cultures of Latin Christendom ual production the collection offers a holistic understanding of the impact of both crusading and settlement on the literary cultures of Latin Christendom Haskins Society Journal Studies in Medieval History Robert Patterson,1991-07-01 The Haskins Society named after the celebrated American medievalist Charles Homer Haskins was founded in 1982 to provide a forum for the discussion and study of English and related continental history in the middle ages **Journal of the British Archaeological Association** British Archaeological Association,1866 **Myth, Rulership, Church and Charters** Julia Barrow,Andrew Wareham,2008 This volume brings together a number of essays written by leading scholars in the field of early medieval English history Focusing on three specific themes myths charters and warfare each contribution presents a balance of both sources and interpretations Furthermore they link the subjects warfare was the predominant theme in Anglo Saxon myth charters are an important source for military organisation and can also shed light on belief and cult Several of the contributions take a wider perspective looking at later interpretations of the Anglo Saxon past both in the Anglo Norman and more modern periods In all the volume makes a significant addition to the study of Anglo Saxon England showing how seemingly unrelated topics can be used to illuminate other areas **The First King of England** David Woodman,2025-09-02 From one of today s leading historians of the early medieval period an enthralling chronicle of thelstan England s founder king whose achievements of 927 rival the Norman Conquest of 1066 in shaping Britain as we know it The First King of England is a foundational biography of thelstan d 939 the early medieval king whose territorial conquests and shrewd statesmanship united the peoples languages and cultures that would come to be known as the kingdom of the English In this panoramic work David Woodman blends masterful storytelling with the latest scholarship to paint a multifaceted portrait of this immensely important but neglected figure a man celebrated in his day as much for his benevolence piety and love of learning as he was for his ambitious reign Set against the backdrop of warring powers in early medieval Europe The First King of England sheds new light on thelstan s early life his spectacular military victories and the innovative way he governed his kingdom his fostering of the church the deft political alliances he forged with Europe s royal houses and his death and enduring legacy It begins with the reigns of Alfred the Great and Edward the Elder thelstan s grandfather and father describing how they consolidated and expanded the kingdom of the Anglo Saxons But it was thelstan who would declare himself the first king of all England when in 927 he conquered the viking kingdom at York required the submission of a Scottish king and secured an annual tribute from the Welsh kings Beautifully illustrated and breathtaking in scope The First King of England is the most comprehensive

up to date biography of thelstan available bringing a magisterial richness of detail to the life of a consequential British monarch whose strategic and political sophistication was unprecedented for his time *Asser's Life of King Alfred* William Henry Stevenson,2014-03-30 This Is A New Release Of The Original 1904 Edition General Catalogue of Printed Books British Museum. Department of Printed Books,1965 Journal of the Royal Society of Arts Royal Society of Arts (Great Britain),1866
