## **Anne Katrine Dolven Odd Nerdrum:**

**Anne Katrine Dolven, Odd Nerdrum** ,1990      *Cultural Journalism and Cultural Critique in the Media* Nete Kristensen,Unni From,2018-10-03 This book addresses a topic in journalism studies that has gained increasing scholarly attention since the mid 2000s the coverage and evaluation of arts and culture or what we term cultural journalism and cultural critique The book highlights three approaches to this emerging research field 1 the constant challenge of demarcating what constitutes the cultural in cultural journalism and cultural critique and the interlinks of cultural journalism and cultural critique 2 the dialectic of globalization s cultural homogenization and the specificity of local national cultures and 3 the need to rethink perhaps even redefine cultural journalism and cultural critique in view of the digital media landscape Cultural journalism is used as an umbrella term for media reporting and debating on culture including the arts value politics popular culture the culture industries and entertainment Therefore some of the contributions this book apply a broad approach to the cultural when theorizing and analyzing the production and content of cultural journalism and the professional ideology self perception and legitimacy struggles of cultural journalists and editors Other contributions demarcate their field of study more narrowly both topically and generically by engaging with very specific sub areas such as film criticism or television series This book was originally published as a special issue of Journalism Practice
