Libraries Doreen Kopycinski, Kimberley Sando, Association of College and Research Libraries. College Library Information Packet Committee, 2007 The first edition of the CLIP Note User Surveys in College Libraries in 1995 proved to be a popular publication as libraries strive to improve their services to their user communities by attempting to discover their needs and expectations In the past ten years the use of surveys in libraries has evolved with the development of online tools and services so it was deemed appropriate to provide a second edition of this publication Using the CLIP Notes guidelines the compilers developed a survey based on that found in the 1995 User Surveys in College Libraries to allow for an historical comparison A first draft of the survey was tested on a sample group and the survey was edited based on feedback The compilers used the online tool SurveyMonkey com to manage the survey and in May 2006 invited librarians representing 251 libraries to respond garnering a response rate of 53 per cent **Annual Reports of the Department of the Interior ...**

Stevens, 2003-01-01 At her death she was hailed as the conscience of Rhode Island Elizabeth Buffum Chace s life 1806 1899 of public activism spanned sixty years Having fought to abolish slavery in the years before the Civil War Chace spearheaded the drive for women s suffrage in Rhode Island in the last decades of the 19th century She was an associate of radical activists William Lloyd Garrison and Lucy Stone and she advocated for the rights of women and children toiling in her husband s factories Her daughter one of ten children Lillie Chace Wyman 1847 1929 was an activist writer and published short stories on social issues in Atlantic Monthly and other periodicals An outspoken advocate of racial equality Wyman kept

the legacy of the radical antislavery movement of her mother's generation alive into the twentieth century. Since neither Chace nor Wyman left behind a collection of personal papers, this mother-daughter biography is the product of Stevens' extensive research into public and private archives to locate documents that illuminate the lives of these two remarkable women. By looking at 19th-century American women's history through the lens of this activist pair, Stevens reveals some of the connections between the public and private lives of activists and examines a relationship that was at once nurturing, confining, stifling, and enriching.

The period between the 1960s and the 1990s has traditionally been associated with sexual liberation and a growing sense of permissiveness in Britain during which cultural and social norms of young people's sexuality went through a dramatic shift. Using the Brook Advisory Centre, Brook as a case study, *Responsible Pleasure* examines how and why this occurred, providing a socio-cultural history of youth sexuality in Britain over these three decades. It focuses on Brook as a pioneering sexual health charity operating on the cusp of voluntary and state-financed sectors. From the opening of its first centre in London followed by other centres including Birmingham 1966, Bristol 1968, and Edinburgh 1968 to the present day, Brook has been a major provider of contraceptive advice and sexual counselling to unmarried people and teenagers. It pioneered an initiative that would form the primary model for the provision of advice on contraception for teenagers in Britain and remains a key player in sexual health services today. Although Brook has provoked fierce opposition and triggered recurrent public debates on teenage sexuality, little is known of its history. As a non-governmental organization with deep connections to the Family Planning Association (FPA) and the National Health Service (NHS), Brook offers a fascinating case study for exploring the relationship between changing sexual cultures, sexual politics, and young people's sexual experiences, intimacy, and subjectivities. Drawing on a wide range of archived and published materials as well as oral history interviews conducted by the author, this book provides a substantial and original contribution to scholarship on the forging of the modern sexual subject.
