South Asian Religions on Display Knut A. Jacobsen, 2008-03-03 Religious procession is a significant dimension of religion in South Asia Processions are central not only in Hinduism but also Islam Christianity Jainism and Sikhism which have large procession rituals The last years have seen an increase in processions and ritualizations of space both in South Asia and in the South Asian Diaspora Processions are religious display events and the increase in processions are functions of religious pluralism and competition about public space as well as economic prosperity and a revival of religious identities Processions often bring together religion and politics since they are about public space domination and contestation Written by leading specialists on religious processions and ritualization of public space in South Asia and in the Diaspora this volume presents current research on the interpretations of the role of processions the recent increase in processions and changes in the procession traditions South Asian Religions on Display will appeal to students and scholars of Asian studies anthropology religion and political science

Engaging South Asian Religions Mathew N. Schmalz, Peter Gottschalk, 2012-01-02 Focusing on boundaries appropriations and resistances involved in Western engagements with South Asian religions this edited volume considers both the pre and postcolonial period in India Pakistan and Bangladesh It pays particular attention to contemporary controversies surrounding the study of South Asian religions including several scholars reflection on the contentious reaction to their own work Other chapters consider such issues as British colonial epistemologies the relevance of Hegel for the study of South Asia the canonization of Francis Xavier feminist interpretations of the mother of the Buddha and theological dispute among Muslims in Bangladesh and Pakistan By using the themes of boundaries appropriations and resistances this work offers insight into the dynamics and diversity of Western approaches to South Asian religions and the indigenous responses to them that avoids simple active passive binaries

Objects of Worship in South Asian Religions Knut A. Jacobsen, Mikael Aktor, Kristina Myrvold, 2014-08-27 Objects of worship are an aspect of the material dimension of lived religion in South Asia The omnipresence of these objects and their use is a theme which cuts across the religious traditions in the pluralistic religious culture of the region Divine power becomes manifest in the objects and for the devotees they may represent power regardless of religious identity This book looks at how objects of worship dominate the religious landscape of South Asia and in what ways they are of significance not just from religious perspectives but also for the social life of the region The contributions to the book show how these objects are shaped by traditions of religious aesthetics and have become conceptual devices woven into webs of religious and social meaning They demonstrate how the objects have a social relationship with those who use them sometimes even treated as being alive The book discusses how devotees relate to such objects in a number of ways and even if the objects belong to various traditions they may attract people from different

communities and can also be contested in various ways By analysing the specific qualities that make objects eligible for a status and identity as living objects of worship the book contributes to an understanding of the central significance of these objects in the religious and social life of South Asia It will be of interest to students and scholars of Religious Studies and South Asian Religion Culture and Society *Re-imagining South Asian Religions* ,2012-12-03 Re imagining South Asian Religions is a collection of essays offering new ways of understanding aspects of Hindu Tibetan Buddhist Sikh Jain Theosophical and Indian Christian experiences Moving away from canonical texts established authorities and received historiography the essays in this volume draw from a range of methodological perspectives including philosophy history hermeneutics migration and diaspora studies ethnography performance studies lived religion approaches and aesthetics Reflecting a balance of theory and substantive content the papers in this volume call into question key critical terms challenge established frames of reference and offer innovative and alternative interpretations of South Asian ways of knowing and being **Considering the Asian Religions** Wade Wheelock,2008 Here in one volume is a readable and well grounded overview of Hinduism Buddhism Confucianism Daoism and Shinto It also aims to be a guide for those who are considering the Asian religions as possible sources of spiritual enrichment Knowing the basic features of those religious traditions is crucial for understanding both the ancient cultures and today s dynamic civilization of Asia from India through Southeast Asia from China to Japan Based on sound scholarship but written for the general reader Considering the Asian Religions focuses on the major historical developments in these traditions with a concluding chapter on significant changes in modern times It avoids encyclopedic coverage opting for clear explanations over exhaustive detail Not limiting itself to a neutral recitation of facts this book offers end of chapter evaluations from the standpoint of a Westerner committed to the core values of modernity reason cultural pluralism and a more just and humane world for all Those conclusions present both a challenge to some of the Asian religious beliefs and practices and a profound appreciation for ways they can be used to deepen and transform our own religious sensibilities **Asian Religions, Technology and Science** István Keul,2015-03-27 Over the past five decades the field of religion and science scholarship has experienced a considerable expansion This volume explores the historical and contemporary perspectives of the relationship between religion technology and science with a focus on South and East Asia These three areas are not seen as monolithic entities but as discursive fields embedded in dynamic processes of cultural exchange and transformation Bridging these arenas of knowledge and practice traditionally seen as distinct and disconnected the book reflects on the ways of exploring the various dimensions of their interconnection Through its various chapters the collection provides an examination of the use of modern scientific concepts in the theologies of new religious organizations and challenges the traditional notions of space by Western scientific conceptions in the 19th century It looks at the synthesis of ritual elements and medical treatment in China and India and at new funeral practices in Japan It discusses the intersections between contemporary Western Buddhism modern technology and global culture and

goes on to look at women's rights in contemporary Pakistani media. Using case studies grounded in carefully delineated temporal and regional frameworks, chapters are grouped in two sections: one on religion and science and another on religion and technology. Illustrating the manifold perspectives and the potential for further research and discussion, this book is an important contribution to the studies of Asian Religion, Science and Technology and Religion and Philosophy. Women in Asian Religions: Voices, Roles, in 2025 Lisu Han, 2024-11-17. Women in Asian Religions: Voices, Roles, in 2025 offers a comprehensive exploration of the diverse and profound ways women have been both shaped by and have influenced the religious and spiritual landscapes of Asia. This book seeks to illuminate the complexity of women's roles across major religious traditions: Hinduism, Buddhism, Jainism, Sikhism, Confucianism, Taoism, and Shinto, drawing attention to their historical contributions, spiritual experiences, and contemporary challenges. Spanning centuries of spiritual evolution and cultural shifts, this book delves into the dual narratives of reverence and restriction that characterize women's positions in these traditions. From the goddess worship traditions of Hinduism and the spiritual contributions of Buddhist nuns to the familial focus of Confucian women and the purity rituals of Shintoism, each chapter weaves historical analysis with modern perspectives, showcasing the multifaceted reality of women's religious lives in Asia.
