Women's Movements in Asia Mina Roces, Louise Edwards, 2010-06-10 Women's Movements in Asia is a comprehensive study of women's activism across Asia. With chapters written by leading international experts it provides a full overview of the history of feminism as well as the current context of the women's movement in 12 countries: the Philippines, China, Indonesia, Japan, Burma, Singapore, Vietnam, Malaysia, Thailand, Cambodia, Hong Kong, Korea, India, and Pakistan. For each of these countries the manner in which feminism changes according to cultural, political, economic, and religious factors is explored. The contributors investigate how national feminisms are influenced by transnational factors such as the women's movements in other countries, colonialism, and international agencies. Each chapter also considers what Asian feminists have contributed to global theoretical debates on the woman question, the key successes and failures of the movements, and what needs to be addressed in the future. This breadth of coverage together with suggestions for further reading and watching and an integrated cross-national timeline makes *Women's Movements in Asia* ideal for use on courses looking at women and feminism in Asia. It will appeal both to students and specialists in the fields of gender, women's, and Asian studies.

Women's Manga in Asia and Beyond Fusami Ogi, Rebecca Suter, Kazumi Nagaike, John A. Lent, 2019-03-14 *Women's Manga in Asia and Beyond* offers a variety of perspectives on women's manga and the nature, scope, and significance of the relationship between women and comics manga both globally as well as locally. Based on the activities since 2009 of the Women's MANGA Research Project in Asia (WMRPA), the edited volume elucidates social and historical aspects of the Asian wave of manga from ever broader perspectives of transnationalization and glocalization. With a specific focus on women's direct roles in manga creation, it illustrates how the globalization of manga has united different cultures and identities, focusing on networks of women creators and readerships. Taking an Asian regional approach combined with investigations of non-Asian cultures which have felt manga's impact, the book details manga's shift to a global medium, developing, uniting, and involving increasing numbers of participants worldwide. Unveiling diverse Asian identities and showing ways to unite them, the contributors to this volume recognize the overlaps and unique trends that emerge as a result.

Routledge Handbook of Sexuality Studies in East Asia Mark McLelland, Vera Mackie, 2014-09-15 This collection brings together cutting-edge work by established and emerging scholars focusing on key societies in the East Asian region: China, Taiwan, Hong Kong, Japan, North and South Korea, Mongolia, and Vietnam. This scope enables the collection to reflect on the nature of the transformations in constructions of sexuality in highly developed, developing, and emerging societies and economies. Both Japan and China have established traditions of sexuality studies reflecting longstanding indigenous understandings of sex as well as more recent developments which interface with Euro-American medical and psychological understandings. Authors reflect upon the complex colonial and economic interactions and cultural flows which

have affected the East Asian region over the last two centuries They trace local flows of ideas instead of defaulting to Euro American paradigms for sexuality studies Through looking at regional and global exchanges of ideas about sexuality this volume adds considerably to our understanding of the East Asian region and contributes to wider discussions of social transformation modernisation and globalisation It will be essential reading in undergraduate and graduate programs in sexuality studies gender studies women s studies and masculinity studies as well as in anthropology sociology history cultural studies area studies and health sciences

Dancing Theology in Fetish Boots Lisa Isherwood,2013-01-26 Marcella Althaus Reid was one of the most fascinating and controversial theologians of the twentieth and early twenty first century Her strong personality and her iconoclastic work inspired a whole generation of theologians in the UK and worldwide Marcella s creative life was cut short by her death from cancer in 2009 Yet she lives on not least in those who have been inspired by her work and continue to engage with it *Dancing Theology in Fetish Boots* draws together a number of world class scholars and others who engage with the main themes of Marcella s work and show how the critical and controversial conversations which Marcella has begun can and do continue It is therefore far more than a Festschrift but a celebration of an intellectual life Marcella style

Prostitution, Race and Politics Philippa Levine,2013-01-11 In addition to shouldering the blame for the increasing incidence of venereal disease among sailors and soldiers prostitutes throughout the British Empire also bore the burden of the contagious diseases ordinances that the British government passed By studying how British authorities enforced these laws in four colonial sites between the 1860s and the end of the First World War Philippa Levine reveals how myths and prejudices about the sexual practices of colonized peoples not only had a direct and often punishing effect on how the laws operated but how they also further justified the distinction between the colonizer and the colonized
