Asian Visions of Authority Charles F. Keyes, Laurel Kendall, Helen Hardacre, 1994-03-01 Emerging from a conference on Communities in Question Religion and Authority in East and Southeast Asia held in Hua Hin Thailand May 1989 this volume examines some of the tensions and conflicts between states and religious communities over the scope of religious views of the communities the Religious Commodifications in Asia Pattana Kitiarsa, 2007-11-09 This book addresses the growing academic concerns of the market religion convergences in Asia Bringing together a group of leading scholars from Asia Europe Australia and North America it discusses multiple issues regarding religious commodifications and their consequences across Asia's diverse religious traditions Covering key issues in the anthropology and sociology of contemporary Asian religion it draws theoretical implications for the study of religions in the light of the shift of religious institutions from traditional religious beliefs to material prosperity The fact that religions compete with each other in a market of faiths is also at the core of the analysis The contributions show how ordinary people and religious institutions in Asia adjusted to and negotiated with the penetrative forces of a global market economy into the region's changing religious cultural landscapes An excellent contribution to the growing demands of ethnographically and theoretically updated interpretations of Asian religions *Religious Commodifications in Asia* will be of interest to scholars of Asian religion and new religious movements *What Is Asian American Biblical Hermeneutics? Reading the New Testament* Tat-siong Benny Liew, 2007-12-31 Liew is one of the most articulate creative and sophisticated biblical scholars in North America *What Is Asian American Biblical Hermeneutics* has not caused me to question that judgment A set of provocative questions arguments issues and problems the book opens a window onto what it means for human beings to try to negotiate a rather complex contemporary world with evidence of increasingly blurred but also thick ideological and social cultural boundaries and overlapping but also recognizable and isolable identity formations That Liew does this by using and bringing together the category Asian American and the phenomenon of the reading of the Bible as sharp analytical wedge is all the more fascinating This impressive book represents the collapse of the center and a major shift in orientation to the peripheries It is a major achievement and a major challenge Vincent L Wimbush Claremont Graduate University A groundbreaking achievement Dr Liew uses his amazing breadth of scholarship to challenge Eurocentrism in biblical studies and secularism in Asian American studies at once Like *Gender Trouble* *The Future of an Illusion* and other original work this book will become a classic in Asian American biblical hermeneutics setting the terms of debate for years to come After Liew reading the New Testament will never be the same again Kwok Pui lan Episcopal Divinity School Cambridge Massachusetts This is the first single authored book on Asian American biblical interpretation It covers all of the major genres within the New Testament and broadens biblical hermeneutics to cover not only the biblical texts but also Asian American literature and current films and events like genome research and September 11 Despite its range the book is organized around three foci methodology
