Ask Nicky... a Young Person's Workbook for Building Dreams by Nicole Taylor Nicole Taylor, 2017-11-23 This book is for you written especially for you I hope that my experiences will help you understand the truth about gang life I hope you will be able to find a way to live your life that will bring you peace and success I know from personal experience that living a life of violence will only bring you unhappiness and maybe worse the end of a friend's life or your own I'd like to be your friend I was born and raised in inner city North Northeast Portland Oregon Because there was so much drinking and drug use in our home my dad thought he could better himself and his family if he left He didn't go far away living in the same neighborhood sometimes it feels to me like he never left I was his first girl and only girl for a long time although when I was five my mom gave birth to a little girl names Tiesha who died from crib death when she was six months old When my dad left the family was made up of my mom my five year old brother Terrance whom we've always called Slim and me but my mom was pregnant with my little brother Sir Lawson nicknamed Boomer born six months later While my mom was a single parent I never downgraded her or blamed her for our being raised without our real daddy I stayed by her side no matter what I often talked to my dad over the phone and sometimes stayed nights with him and his new family I love my stepmother She never tried to keep me from seeing my dad and always wanted me over for visits I now have two stepsisters I love them the way I would a full sister Nonetheless when I turned 13 I felt alone My mom was always working and I didn't have my dad when I wanted him because he lived with his other family I wandered off to find a family in the streets Before long I was selling marijuana I never told my mom where the money came from when she would find a bundle of money under my pillow or the mattress At that age I never worried about the consequences My best friend Tinker and I were very popular in Portsmouth Middle School and again when I reached high school but then it was in a very negative way On my sixteenth birthday my auntie threw me a big Swett 16 party I invited all my friends That memorable night marked the beginning of my gang involvement and changed my life forever The stories in this book are all true and each one has placed a scar on my spirit that is still painful to touch I thank God my grandmother and my mother that I am alive and able to write these stories I hope you can learn something from them Life Skills and Career Coaching for Teens Nikki Watson, 2019-05-21 Setting out a year long curriculum based programme for education and youth professionals this book provides a challenging and engaging workshop based approach to developing school engagement and ambitions in young people aged 11-18 The programme which is informed by CBT helps professionals to understand barriers to young people's school engagement and learning It outlines a case for a practical well rounded curriculum that readies students for life post education through eight core themes including believing in me money matters and business basics The second part of the book is a photocopiable manual

Connolly,Brie K. Goolbis,2015-05-11 Many young people today yearn to make a positive difference in the world and not just when they re grown up Presented with an opportunity and support they have the ability to do that Alexander the Great Joan of Arc Mary Shelley author of Frankenstein and Louis Braille who created the Braille system all made a major contribution to society before they were out of their teens Although young people are idealistic they have a sincere desire to help those less fortunate than they are in the world However the disheartening message that society sends them is Not yet you re too young to do anything important right now The 15 stories of young people from around the world described in Young Enough to Change the World are proof that this message is wrong Each of these kids and teenagers has made a positive difference in the lives of others Moreover most of the projects are still going strong As you will see many of the heroes and heroines in this book began with a dream that grew and gained momentum and support in spite of a small

beginning It is remarkable what inspired youngsters and adolescents are capable of accomplishing The key to their success has been their heartfelt passion and determination There are genuine heroes of substance in every society often flying under the radar of media exposure and not a few of them as the stories in this book demonstrate are young people whose commitment to helping others is awe inspiring Fortunately that commitment bodes well for the future of humanity The young people whose philanthropic work is recorded here certainly possess the qualities of heroes empathy self sacrifice service persistence perseverance and commitment These young heroes are not content to battle singlehandedly the misfortune and sorrow they see around them They want an army of courageous young people as determined as they are to join them in the work of eliminating human suffering and hardship They want many others the young as well as the old to work with them to make the effort required to bring about a healthier more peaceful more equitable world for all of us Are you ready to join them Youth's Companion ,1880 Kicked Out Judy Peck Shepard,2010 An anthology which tells the stories of current and former homeless lesbian gay bisexual transgender and queer youth Congressional Record United States.
