Asking Questions A Rhetoric For The Intellectual Life:

Asking Questions Lex Runciman, Chris Anderson, 2000
detailed description available for Questions and Questioning
Kennedy, 2015-12-08 A concern for the art of persuasion as rhetoric was anciently defined was a principal feature of Greek intellectual life In this study of the complex of subjects labeled rhetoric the author explores rhetorical theory and practice from the fifth to the first centuries B C Beginning with the creative rhetoric of the pre Socratic era the study progresses through the time of Aristotle and the Attic orators and concludes with the ossification of rhetoric into a pedantic discipline during the Hellenistic period Originally published in 1963 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Phaedrus Plato, 1998 Phaedrus is widely recognized as one of Plato s most profound and beautiful works It takes the form of a dialogue between Socrates and Phaedrus and its ostensible subject is love especially homoerotic love Socrates reveals it to be a kind of divine madness that can allow our souls to grow wings and soar to their greatest heights Then the conversation changes direction and turns to a discussion of

rhetoric which must be based on truth passionately sought thus allying it to philosophy The dialogue closes by denigrating the value of the written word in any context compared to the living teaching of a Socratic philosopher The shifts of topic and register have given rise to doubts about the unity of the dialogue doubts which are addressed in the introduction to this volume Full explanatory notes also elucidate issues throughout the dialogue that might puzzle a modern reader Jacket

Criticism in Society Imre Salusinszky, 2013-10-08 First Published in 2002 It is easy to see that we are living in a time of rapid and radical social change New Accents is intended as a positive response to the initiative offered by such a situation Each volume in the series will seek to encourage rather than resist the process of change to stretch rather than reinforce the boundaries that currently define literature and its academic study Literary criticism if it is a discipline is surely that discipline which has been most exclusively concerned with the question of its own function The main subject within criticism seems always to have been The Function of Criticism Featuring nine authors the early history of these essays is the attempt to separate criticism off from the art that it deals with generally with unhappy consequences for criticism *Encyclopedia of Rhetoric and Composition* Theresa Enos, 2013-10-08 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company Christ Across the Disciplines Roger Lundin, 2013-10-03 In Christ across the Disciplines a group of distinguished scholars from across the theological spectrum explores the dynamic relationship between the Christian faith and the life of the mind Although the essays in this volume are rooted in a rich understanding of the past they focus primarily on how Christian students teachers and scholars might best meet the challenges of intellectual and cultural life in a global world This book ranges widely over the broad terrain of contemporary academic and cultural life covering such topics as the enormous growth of political activism in late twentieth century evangelicalism the dynamics of literature and faith in the African American experience the dramatic implications of globalization for those who profess Christ and practice the life of the mind and more **God Be in My Mouth** Doug Gay, 2018-01-31 Based on a decade s experience of preparing ministry students to become preachers and his own experience as one of today s most gifted preachers Doug Gay offers an imaginative practical and inspiring guide for all who are privileged with the task of preaching 40 short pithy and often humorous reflections consider different aspects of the nature and practice of preaching and aim to fire the imagination build confidence and develop creativity It draws on a wide range of range of writers and theologians on preaching and the creative arts and incorporates voices as diverse as Stanley Hauerwas Sam Wells and Miles Davis Rhetoric, Cultural Studies, and Literacy J. Frederick Reynolds, 2013-11-05 This volume presents a representative cross section of the more than 200 papers presented at the 1994 conference of the Rhetoric Society of America The contributors reflect multi and inter disciplinary perspectives English speech communication philosophy rhetoric composition studies comparative literature and film and media studies Exploring the historical relationships and changing relationships between rhetoric cultural studies and literacy in the United States this text seeks answers to such questions as what constitutes literacy in a post modern high tech multi

Humanism Challenges Materialism in Economics and Economic History Roderick Floud,Santhi Hejeebu,David Mitch,2017-01-23 Includes bibliographical references and index

The Surreptitious Speech V. Y. Mudimbe,1992-09 Distinguished scholar V Y Mudimbe assembles a lively tribute to Presence Africaine the landmark African studies journal begun in 1947 Paris While it celebrates the project s forty year history The Surreptitious Speech does not naively canonize the journal but rather offers a vibrant discussion and critical reading of its context characteristics and significance

Rhetorical Investigations Leslie Gardner,2013-04-12 Rhetorical analysis of texts exposes plausible truths and presumptions implied by the writer s presentation In this volume Leslie Gardner analyses the master psychologist Jung who claimed to be expert at uncovering personal psychological truths In his theoretical writings his rhetoric reveals philosophical ramifications which bear strong similarities to those of the rhetorician of the 18th century Italian philosopher Giambattista Vico This book is driven by an interest in arguing that it is possible to read Jung s works easily enough when you have a set of precepts to go by The paradox of scientific discovery being set out in Jung s grotesque and arcane imagery begins to seem a startling and legitimate psychology for the 21st century It is time Jungian studies took on this most appropriate examination of analytical psychology Bringing Vico to bear directly on Jung s thought has only been cursorily attempted before although much alluded to We find indeed that some of Jung s ideas derive directly from rhetorical theory and this volume proposes to highlight Jung s innovations and bring him into forefront of contemporary psychological thought Rhetorical Investigations will be of interest to analysts and academics and also to those studying philosophy and psychology

The Rhetorical Turn Herbert W. Simons,2011-02-15 We have only recently started to challenge the notion that serious inquiry can be free of rhetoric that it can rely exclusively on hard fact and cold logic in support of its claims Increasingly scholars are shifting their attention from methods of proof to the heuristic methods of debate and discussion the art of rhetoric to examine how scholarly discourse is shaped by tropes and figures by the naming and framing of issues and by the need to adapt arguments to ends audiences and circumstances Herbert W Simons and the contributors to this important collection of essays provide impressive evidence that the new movement referred to as the rhetorical turn offers a rigorous way to look within and across the disciplines The Rhetorical Turn moves from biology to politics via excursions into the rhetorics of psychoanalysis decision science and conversational analysis Topics explored include how rhetorical invention guides scientific invention how rhetoric assists political judgment and how it integrates varying approaches to meta theory Concluding with four philosophical essays this volume of case studies demonstrates how the inventive and persuasive dimensions of scholarly discourse point the way to forms of argument appropriate to our postmodern age
