Aspects In Vedic Astrology:

Aspects in Vedic Astrology Gopesh Kumar Ojha, Ashutosh Ojha, 2002-10 Through astrologers are well aware that it is the aspects between planets which has been planets which add detail and definition to a birth chart there has been no single work which deals comprehensively with the theory and delineation of aspects in Vedic Astrology This book fills a void by providing a clear and concise treatment of the subject The authors have drawn their material from the ancient and medieval classics of Vedic astrology preserving the wisdom of the sages as well as granting their readers a wealth of insight into how the ancient dictums may be applied to contemporary life *Planetary Aspects in Vedic Astrology* Saket Shah, 2020-01-17 In Vedic Astrology harmonious and inharmonious aspects among the planets depend upon their natural significations and their basic characters Planets of contrary characteristics usually display inharmony when in aspect However the lordships of planets have a great say in moulding the planets considerably when in aspect This change in nature and characteristics is particularly noticeable during their Dasas and Bhuktis Thus we see that in Vedic Astrology the results of aspects of planets depend upon their natural characteristics and lordships In Western Astrology it is the angle between the planets that decides harmonious or inharmonious aspects The planets at 90 or 120 apart are supposed to be in harmony or create a harmonious aspect tend to enhance each other's good significations modify and retard the bad significations If the angle is 90 or 180 or placed in 6th 8th to each other then they are said to be in inharmonious aspects They tend to irritate and block each other's significations They give bad results for the houses they are posited in and for the houses ruled by them We propose to discuss here the harmonious and inharmonious aspects between the sets of two planets in a general sense These aspects are pliable for various horoscopes according to lordships and natural characteristics of planets involved and other aspects to these planets Introduction to Vedic Astrology-Volume II Ram Babu Sao, 2025-02-19 Money is Prosperity The book Introduction to Vedic Astrology Volume II is a unique book which is very informative and also easy to understand One book is truly the equivalent of several books on astrology You can make predictions of horoscope for you or any member of your family with the help of this single book This provides some of the elementary and in depth essential elements of complete Horoscope predictions Many of the basics of astrology are explained in detail Astrology is not knowing your future but planning your future by averting the misshapeness by action in the right Muhurta and at the right time wearing Gems wearing Yantras chanting Mantras and Prayers It is important to realize that success comes only with the right actions at the right timing The whole secret of Astrology is Right Timing This Book provides the best times for successful ventures such as starting a business buying a home or investing in the Stock Market JP Morgan made a fortune using astrology for Right Timing This knowledge is made available to you through this book By using the book your life will be more prosperous than ever before It is important to work Smartly but not hard This Book gives you the followings 1 The prospective tools to make your life more rewarding 2 Career and love life at its ultimate zenith 3 Guidelines to ever dream of becoming a Star 4 Discovering your
