Hinton, Sally Crawford, 2011-03-31 Written by a team of experts and presenting the results of the most up to date research The Handbook of Anglo Saxon Archaeology will both stimulate and support further investigation into a society poised at the interface between prehistory and history *Anglo-Saxon Studies in Archaeology and History 15* Sally Crawford, Helena Hamerow, 2008-10-01 Anglo Saxon Studies in Archaeology and History is an annual series concerned with the archaeology and history of England and its neighbours during the Anglo Saxon period ASSAH offers researchers an opportunity to publish new work in an interdisciplinary and multi disciplinary forum which allows for a diversity of approaches and subject matter Contributions focus not just on Anglo Saxon England but also its international context **Archaeological and Historical Aspects of West-European Societies** Marc Lodewijckx, 1996 The contents of this volume of essays in his honour gives a good overview of the fields in which Prof Van Doorselaer has been active throughout his academic career This book is especially an Album Amicorum filled with reminiscences and intentions to continue the work The voluminous size of this book may be considered as an adequate measure of the overall sympathy for Prof Van Doorselaer We hope that this publication may encourage him to remain active in the field of archaeology and that the co operation among colleagues stimulated by this project may be continued in the future *The Archaeology of the East Anglian Conversion* Richard Hoggett, 2010 The huge changes in the landscape as a result of the Christian conversion of East Anglia are examined in this multi disciplinary study The conversion to Christianity of the Anglo Saxon kingdom of East Anglia left huge marks on the area both metaphorical and literal Drawing on both the surviving documentary sources and on the eastern region s rich archaeological record this book presents the first multi disciplinary synthesis of the process It begins with an analysis of the historical framework followed by an examination of the archaeological evidence for the establishment of missionary stations within the region s ruinous Roman forts and earthwork enclosures It argues that the effectiveness of the Christian mission is clearly visible in the region s burial record which exhibits a number of significant changes including the cessation of cremation The conversion can also be seen in the dramatic upheavals which occurred in the East Anglian landscape including changes in the relationship between settlements and cemeteries and the foundation of a number of different types of Christian cemetery Ultimately it shows that far from being the preserve of kings the East Anglian conversion was widespread at a grassroots level changing the nature of the Anglo Saxon landscape forever Dr RICHARD HOGGETT is currently Coastal Heritage Officer with Norfolk County Council *Colchester Archaeological Report* Philip Crummy, 1981 **Early Medieval Art and Archaeology in the Northern World** , 2022-08-22 Early Medieval Art and Archaeology in the Northern World brings
