Historical Assassinations Sebastian

Farnham, AI, 2025-03-21 *Historical Assassinations* delves into pivotal moments in world history examining significant political assassinations and their profound impact. It meticulously reconstructs events probing the motivations behind these acts of political violence from ambition to extremism. The book highlights how assassinations have reshaped political landscapes and triggered social change, illustrating that these are not isolated incidents but symptoms of deeper systemic issues. The book explores the historical context surrounding each assassination, providing a comprehensive overview of the prevailing political climate and ideological conflicts. For example, the assassination of Archduke Franz Ferdinand is examined for its pivotal role in triggering World War I. By studying these events, readers gain a nuanced understanding of factors driving political instability and the fragility of power structures. Structured chronologically and thematically, the book progresses through case studies grouped by era or region. This approach offers a comparative analysis across different historical periods and geographical regions, providing a fresh perspective on political history. This examination highlights the enduring consequences of human actions and offers valuable insights for anyone interested in understanding the dynamics of power and violence.

Impostor Assassin

Warren Brown, 2018-02-23 A novel about a man willing to risk his life to save the world. Independent publishing is facing a new enemy. This new threat to authors, agents, and publishers is everywhere. The mega corporation SWAMP has taken over the world, and it is now taking over lives. A legion of assassins are on the hunt for the one person who can stop them: a hero with a vision to save writing and publishing in the world. *Eclipse of the Assassins*

Russell H. Bartley, Sylvia Erickson Bartley, 2015-11-30 *Eclipse of the Assassins* investigates the sensational 1984 murder of Mexico's most influential newspaper columnist Manuel Buendía and how that crime reveals the lethal hand of the U.S. government in Mexico and Central America during the final decades of the twentieth century.

The Encyclopedia of Serial Killers

Michael Newton, 2006-02 *The Encyclopaedia of Serial Killers* Second Edition provides accurate information on hundreds of serial murder cases from early history to the present. Written in a non-sensational manner, this authoritative encyclopaedia debunks many of the myths surrounding this most notorious of criminal activities. New major serial killers have come to light since the first edition was published, and many older cases have been solved, such as the Green River Killer or further investigated like Jack the Ripper and the Zodiac Killer. Completely updated entries and appendixes pair with more than 30 new photographs and many new entries to make this new edition more fascinating than ever. New and updated entries include Axe Man of New Orleans, BTK Strangler, Jack the Ripper, Ciudad Juárez, Mexico, John Allen Muhammad, and Lee Boyd Malvo, the Sniper Killers, Gary Leon Ridgway, the Green River Killer, and Harold Frederick Shipman. *Religion, Ritual and*

Different Crimes, Different Criminals Doris Layton MacKenzie, Lauren O'Neill, Wendy Povitsky, Summer Acevedo, 2010-05-28 This book focuses on the importance of incorporating both sociological and psychological viewpoints in the understanding of criminal behavior It identifies and explains emerging criminal offenders within the criminal justice system examining the individual differences that make different types of offenders unique Text supported with charts tables and boxed inserts

The Leper King and His Heirs Bernard Hamilton, 2005-07-07 The reign of King Baldwin IV of Jerusalem 1174-85 has traditionally been seen as a period of decline when because of the king's illness power came to be held by unsuitable men who made the wrong policy decisions Notably they ignored the advice of Raymond of Tripoli and attacked Saladin who was prepared to keep peace with the Franks while uniting the Islamic near east under his rule This book challenges that view arguing that peace with Saladin was not a viable option for the Franks that the young king despite suffering from lepromatous leprosy the most deadly form of the disease was an excellent battle leader who strove with some success to frustrate Saladin's imperial ambitions that Baldwin had to remain king in order to hold factions in check but that the society over which he presided was contrary to what is often said vigorous and self-confident

End of Upsetting Games Lucien Nzeyimana, 2014-01-17 Life is not always a bowl of cherries As the world we live in becomes more complex we face new challenges unforeseen and almost unimaginable only a generation ago Yet for those living in oppression little changes with time Jacob Barak was born and raised in Burundi where Evildoers treated members of his tribe as immoral beings Yet as a young boy he was full of joy and optimism As he grew and his horizons widened he saw the injustice his people were subjected to He witnessed firsthand soldiers and civilians pounding their country fellows with sledgehammers and rocks or stabbing them with butcher knives and bayonets Soldiers and cops could just kill innocent people burying many others alive Some of the killers were his schoolmates classmates neighbors or friends Others were their parents or siblings

Victims were his relatives friends or just acquaintances and they were of all ages Professionals were the main targets of the Evildoers Assailants and their victims had much in common They were human beings and they were Burundians Most importantly they were created in the same image of God As innocent civilians including his own family were either killed or sent into hiding Jacob strived to make a change His life journey took him into many dangerous situations escaping certain death on several occasions He crossed the borders lakes and oceans to seek asylum in foreign countries only to see that once our basic needs are met we will always strive for more ultimately seeking peace and love After struggling in numerous refugee camps where he often slept under the open sky Jacob had finally had enough Now already an adult and a father he was determined that his children would live a different life away from hatred and injustice Still by moving to Canada a land of living blue skies as he liked to call it he did not find life a rose as he hoped Thus Nikita Chissocco his childhood friend seemed to be a dream come true She epitomized the joy he had lost a link to his homeland a friend a lover and a mother to his future children Little did he know that she would only bring misery to his life Always a free spirit she soon brought his old enemies into his life threatening his family but also his very life Jacob decided to end the upsetting games by chasing demons from his house And you how far are you prepared to go in order to fulfill your dreams Hunters and Howlers Frederick S. Calhoun,1998 *Advanced Skills in Executive Protection* A. Hunsicker,2010 Any professional actively engaged in the executive protection field novice or veteran whether in a team or as team leader must train for and be able to pinpoint even the most unexpected security concerns The continuation of *The Fine Art of Executive Protection Handbook for the Executive Protection Officer* 2007 *Advanced Skills in Executive Protection* contains carefully selected and illustrated material for the executive protection and security enforcement professional All available training and study material individual case studies and real scenarios combined with professional experience serve as the foundation for this specialist s manual For the client as a prospective principal it provides important details that will assure lifesaving protection Comprehensive detailed and straightforward *Advanced Skills in Executive Protection* is the only book to offer an in depth look into the operational aspects of executive protection It guides the reader through a diversity of advanced disciplines and skills and contains all the necessary ingredients for effective protection planning Information about every aspect of executive protection is not only an important part of the professional s ongoing training curriculum but is also crucial for the client who seeks this professional protection to face not only today s protection needs but also those of the future See also *The Fine Art of Executive Protection Handbook for the Executive Protection Officer* and *Understanding International Counter Terrorism A Professional s Guide to the Operational Art* by A Hunsicker **World Terrorism: An Encyclopedia of Political Violence from Ancient Times to the Post-9/11 Era** James Ciment,2015-03-10 First Published in 2015 This collection holds three volumes Terrorism is a term that defies easy definition and its meaning has also changed over the course of history Because this encyclopedia aims at comprehensiveness across time geography and the conceptual landscape it applies the broadest definition of terrorism the

use of violence or the threat of violence to effect political change through fear in which the victims of the violence The encyclopedia is divided into six parts **The Templars and the Assassins** James Wasserman,2001-04-01 An examination of the interactions of the Christian Knights Templar and their Muslim counterparts the Assassins and of the profound changes in Western society that resulted Restores the reputation of the secret Muslim order of the Assassins disparaged as the world s first terrorist group Dispels many myths about the Knights Templar and provides the most incisive portrait of them to date A thousand years ago Christian battled Muslim for possession of a strip of land upon which both their religions were founded These Crusades changed the course of Western history but less known is the fact that they also were the meeting ground for two legendary secret societies The Knights Templar and their Muslim counterparts the Assassins In The Templars and the Assassins The Militia of Heaven occult scholar and secret society member James Wasserman provides compelling evidence that the interaction of the Knights Templar and the Assassins in the Holy Land transformed the Templars from the Pope s private army into a true occult society from which they would sow the seeds of the Renaissance and the Western Mystery Tradition Both orders were destroyed as heretical some seven hundred years ago but Templar survivors are believed to have carried the secret teachings of the East into an occult underground from which sprang both Rosicrucianism and Masonry Assassin survivors known as Nizari Ismailis flourish to this day under the spiritual leadership of the Aga Khan Wasserman strips the myths from both groups and penetrates to the heart of their enlightened beliefs and rigorous practices delivering the most probing picture yet of these holy warriors **Assassination and Political Violence, Vol. 8** United States President of the United States,1969 *Murder and Politics in Mexico* Sara Schatz,2011-02-28 Murder and Politics in Mexico studies the causes of political killings in Mexico s liberalization democratization within the larger context of political repression Mexico s democratization process has entailed a little known but highly significant cost of human lives in pre and post election violence The majority of these crimes remain in a state of impunity in other words no person had been charged with the crime and or no investigation of it had occurred This has several consequences for Mexican politics when the level of violence is extreme and when political killings that are systematic and invasive are involved this could indicate a real fracture in the democratic system This book analyzes several dimensions regarding impunity and political crime more specifically the political killings of members of the PRD in the post 1988 period in Mexico The main argument proposed in this book is that impunity for political killings is a structured system requiring one central precondition namely the failure of the legal system to function as a system of restraint for killings Dr Schatz s research finds that political assassinations are indeed rational targeted actions but they do not occur within an institutional vacuum Political assassinations are calculated strategies of action aimed at eliminating political rivals As a form of interpersonal violence political assassination involves direct or implied authorization from political leaders the availability of assassins for hire and the willingness of some political leaders to utilize them against political opponents and violent interactions between political

parties combined with judicial system ineffectiveness A corrupt legal system facilitates the use of political assassination and explains the persistence of impunity for political murder over time To reduce political violence in the transition to electoral democracy specific institutional conditions namely a structured system of impunity for murder must be overcome

Encyclopedia of Violence, Peace, and Conflict ,2008-09-05 The 2nd edition of Encyclopedia of Violence Peace and Conflict provides timely and useful information about antagonism and reconciliation in all contexts of public and personal life Building on the highly regarded 1st edition 1999 and publishing at a time of seemingly inexorably increasing conflict and violent behaviour the world over the Encyclopedia is an essential reference for students and scholars working in the field of peace and conflict resolution studies and for those seeking to explore alternatives to violence and share visions and strategies for social justice and social change Covering topics as diverse as Arms Control Peace Movements Child Abuse Folklore Terrorism and Political Assassinations the Encyclopedia comprehensively addresses an extensive information area in 225 multidisciplinary cross referenced and authoritatively authored articles In his Preface to the 1st edition Editor in Chief Lester Kurtz wrote The problem of violence poses such a monumental challenge at the end of the 20th century that it is surprising we have addressed it so inadequately We have not made much progress in learning how to cooperate with one another more effectively or how to conduct our conflicts more peacefully Instead we have increased the lethality of our combat through revolutions in weapons technology and military training The Encyclopedia of Violence Peace and Conflict is designed to help us to take stock of our knowledge concerning these crucial phenomena Ten years on the need for an authoritative and cross disciplinary approach to the great issues of violence and peace seems greater than ever More than 200 authoritative multidisciplinary articles in a 3 volume set Many brand new articles alongside revised and updated content from the First Edition Article outline and glossary of key terms at the beginning of each article Entries arranged alphabetically for easy access Articles written by more than 200 eminent contributors from around the world
