Korea-China Relations in History and Contemporary Implications Robert Kong Chan,2017-08-28 This book examines the complex relations between Joseon Korea 1392 1910 and Ming Qing China in history and reveals their contemporary implications for the nature of a China dominated

order in East Asia and the relations between China and the middle powers in the region. Instead of relying on the works that offer over generalized conclusions based on information drawn from secondary sources, this book provides a much more nuanced account of the Koreans experience of managing their relations with the great powers by analyzing the first hand evidence documented by the Joseon historiographers related to the major events in Joseon Ming relations, Joseon's response to power transition from Ming to Qing and Joseon Qing relations. In East Asia today where the middle powers are facing the rise of China and a trilateral dilemma as a result of the Sino US rivalry in the region, what history can tell us is of significant value to scholars, policy advisers and policymakers.

Chinese and Indian Warfare - From the Classical Age to 1870 Kaushik Roy, Peter Lorge, 2014-12-17 This book examines the differences and similarities between warfare in China and India before 1870 both conceptually and on the battlefield. By focusing on Chinese and Indian warfare, the book breaks the intellectual paradigm requiring non Western histories and cultures to be compared to the West and allows scholarship on two of the oldest civilizations to be brought together. An international group of scholars compare and contrast the modes and conceptions of warfare in China and India, providing important original contributions to the growing study of Asian military history.

Viet Nam Nhung Tuyet Tran, Anthony Reid, 2006-11-03 Moving beyond past histories of Viet Nam that have focused on nationalist struggle, this volume brings together work by scholars who are re-examining centuries of Vietnamese history. Crossing borders and exploring ambiguities, the essays in *Viet Nam Borderless Histories* draw on international archives and bring a range of inventive analytical approaches to the global, regional, national and local narratives of Vietnamese history. Among the topics explored are the extraordinary diversity between north and south, lowland and highland Viet and minority and between colonial, Chinese, Southeast Asian and dynastic influences. The result is an exciting new approach to Southeast Asia's past that uncovers the complex and rich history of Viet Nam. A wonderful introduction to the exciting work that a new generation of scholars is engaging in.
