Assessing The President The Media Elite Opinion And Public Support

Thomas S. Langston

Assessing The President The Media Elite Opinion And Public Support:

Assessing the President Richard Brody, 1991-06-01 Do presidents inevitably lose support the longer they are in office Does the public invariably rally behind presidents during international crises What are the criteria by which the public forms its judgment about whether or not the president is doing a good job And what is the role of daily news reporting and elite opinion in shaping the public's perception of the president's performance This book addresses these questions and many others surrounding the dynamics of fluctuating public support for the president of the United States Drawing its case material from the modern presidency from Kennedy through Reagan with looks backward as far as Truman this innovative work shows how the standing of the president with the American people has come to have a political life of its own The author first examines two seemingly distinctive periods of opinion formation the honeymoon at the beginning of a presidential term and the rally of presidential support that accompanies international crises He then analyzes two previous explanations of public support length of term in office and the state of the economy and concludes that these explanations are respectively incorrect and incomplete The author presents a model of information processing that ties public support to indications of policy success or failure brought to the attention of the public through daily news reporting by the media The model is tested initially for the presidencies of Kennedy Johnson Nixon and Ford it is then refined and tested further for the Carter and Reagan presidencies

Political Persuasion and Attitude Change Diana Carole Mutz, Paul M. Sniderman, Richard A. Brody, 1996 Introduces and defines a new field of research on the way political attitudes are influenced and changed

The Oxford Handbook of American Public Opinion and the Media Robert Y. Shapiro, Lawrence R. Jacobs, 2013-05-23 With engaging new contributions from the major figures in the fields of the media and public opinion The Oxford Handbook of American Public Opinion and the Media is a key point of reference for anyone working in American politics today

Investigating the President Douglas L. Kriner, Eric Schickler, 2016-09-13 Although congressional investigations have provided some of the most dramatic moments in American political history they have often been dismissed as mere political theater But these investigations are far more than grandstanding Investigating the President shows that congressional investigations are a powerful tool for members of Congress to counter presidential aggrandizement By shining a light on alleged executive wrongdoing investigations can exert significant pressure on the president and materially affect policy outcomes Douglas Kriner and Eric Schickler construct the most comprehensive overview of congressional investigative oversight to date analyzing nearly thirteen thousand days of hearings spanning more than a century from 1898 through 2014 The authors examine the forces driving investigative power over time and across chambers identify how hearings might influence the president's strategic calculations through the erosion of the president's public approval rating and uncover the pathways through which investigations have shaped public policy Put simply by bringing significant political pressure to bear on the president investigations often afford Congress a blunt but effective check on

presidential power without the need to worry about veto threats or other hurdles such as Senate filibusters In an era of intense partisan polarization and institutional dysfunction Investigating the President delves into the dynamics of congressional investigations and how Congress leverages this tool to counterbalance presidential power The Oxford Handbook of the American Presidency George C. Edwards, William G. Howell, 2011-08-04 With engaging new contributions from major figures in the field The Oxford Handbook of the American Presidency provides the key point of reference for anyone working in American politics today *Impersonal Influence* Diana C. Mutz, 1998-11-28 People's perceptions of the attitudes and experiences of mass collectives are an increasingly important force in contemporary political life In *Impersonal Influence* Mutz goes beyond simply providing examples of how impersonal influence matters in the political process to provide a micro level understanding of why information about distant and impersonal others often influence people's political attitudes and behaviors *Impersonal Influence* is worthy of attention both from the standpoint of its impact on contemporary politics and because of its potential to expand the boundaries of our understanding of social influence processes and media's relation to them The book's conclusions do not exonerate media from the effects of inaccurate portrayals of collective experience or opinion but they suggest that the ways in which people are influenced by these perceptions are in themselves not so much deleterious to democracy as absolutely necessary to promoting accountability in a large scale society

Uneasy Balance Thomas S. Langston, 2004-12-01 In the first book to focus on civil military tensions after American wars Thomas Langston challenges conventional theory by arguing that neither civilian nor military elites deserve victory in this perennial struggle What is needed instead he concludes is balance In America's worst postwar episodes those that followed the Civil War and the Vietnam War balance was conspicuously absent In the late 1860s and into the 1870s the military became the tool of a divisive partisan program As a result when Reconstruction ended so did popular support of the military After the Vietnam War military leaders were too successful in defending their institution against civilian commanders leading some observers to declare a crisis in civil military relations even before Bill Clinton became commander in chief Is American military policy balanced today No but it may well be headed in that direction At the end of the 1990s there was still no clear direction in military policy The officer corps stubbornly clung to a Cold War force structure A civilian minded commander in chief meanwhile stretched a shrinking force across the globe With the shocking events of September 11 2001 clarifying the seriousness of the post Cold War military policy we may at last be moving toward a true realignment of civilian and military imperatives When Politicians Attack Tim Groeling, 2010-07-19 A study of the consequences of partisan communication on the stability of unified government of the United States Perspectives on Presidential Leadership Michael Patrick Cullinane, Clare Frances Elliott, 2014-02-18 In 2011 Barack Obama invited ten distinguished biographers to the White House to ask them one question which past American president should I emulate This was not the first time Obama asked scholars this but the answer he received would differ as presidential legacies waxed and waned In 2008 Obama chose Lincoln in 2009

Reagan and in 2010 Theodore Roosevelt Perspectives on Presidential Leadership is an examination of presidential legacy and in particular an analysis of the first ever UK ranking of American presidents which took place in 2011 In thirteen chapters thirteen individual presidential administrations are assessed Some presidents have been considered a success others a failure both types are featured in these thirteen case studies in a measured attempt to understand how the perception of presidential leadership evolves shifts and contorts across three centuries of American politics The case studies also derive from the expertise of the collected British Irish and Canadian authors all of whom are leading scholars in their fields and many of which took part in the 2011 survey At a time when understanding presidential legacy is in high demand this book offers a unique international perspective Through extended commentary and inter disciplinary study of the UK perspective it provides groundbreaking research

Rally 'round the Flag Yuval Feinstein,2022 In this book Yuval Feinstein examines the rally round the flag phenomenon in public opinion in the United States which shows a sudden and sharp increase in the public approval ratings of the sitting presidents in response to a war or security crisis One of the most extensive investigation of the rally phenomenon to date Feinstein covers the administrations of thirteen US presidents from Harry Truman to Donald Trump seeking to understand why some wars and security crises have led the public to rally behind the sitting president but other wars and security crises did not have a similar impact on the public assessment of the president

The Macro Polity Robert S. Erikson,Michael MacKuen,James A. Stimson,2002-01-14 Borrowing from the perspective of macroeconomics it treats electorates politicians and governments as unitary actors making decisions in response to the behavior of other actors The macro and longitudinal focus makes it possible to directly connect the behaviors of electorate and government The surprise of macro level analysis emerging anew in every chapter is that order and rationality dominate explanations

War Stories Matthew A. Baum,Tim J. Groeling,2009-12-14 How does the American public formulate its opinions about U S foreign policy and military engagement abroad War Stories argues that the media systematically distort the information the public vitally needs to determine whether to support such initiatives for reasons having more to do with journalists professional interests than the merits of the policies and that this has significant consequences for national security Matthew Baum and Tim Groeling develop a strategic bias theory that explains the foreign policy communication process as a three way interaction among the press political elites and the public each of which has distinct interests biases and incentives Do media representations affect public support for the president and faithfully reflect events in times of diplomatic crisis and war How do new media especially Internet news and more partisan outlets shape public opinion and how will they alter future conflicts In answering such questions Baum and Groeling take an in depth look at media coverage elite rhetoric and public opinion during the Iraq war and other U S conflicts abroad They trace how traditional and new media select stories how elites frame and sometimes even distort events and how these dynamics shape public opinion over the course of a conflict Most of us learn virtually everything we know about foreign policy from media reporting of elite opinions In War Stories Baum and

Groeling reveal precisely what this means for the future of American foreign policy *Selling War, Selling Hope* Anthony R. DiMaggio, 2015-09-21 Details how presidents utilize mass media to justify foreign policy objectives in the aftermath of 9 11 Modern presidents have considerable power in selling U S foreign policy objectives to the public In *Selling War Selling Hope* Anthony R DiMaggio documents how presidents often make use of the media to create a positive informational environment that at least in the short term successfully builds public support for policy proposals Using timely case studies with a focus on the Arab Spring and the U S War on Terror in the Middle East and surrounding regions DiMaggio explains how official spin is employed to construct narratives that are sympathetic to U S officialdom The mass media rather than exhibiting independence when it comes to reporting foreign policy issues is regularly utilized as a political tool for selling official proposals The marginalization of alternative critical viewpoints poses a significant obstacle to informed public deliberations on foreign policy issues In the long run however the packaging of official narrative and its delivery by the media begins to unravel as citizens are able to make use of alternative sources of information and assert their independence from official viewpoints *Selling War Selling Hope* is an innovative project that pushes the fields of political science political communication public opinion and presidential rhetoric into new and exciting directions This book is essential reading Mark Major author of *The Unilateral Presidency and the News Media The Politics of Framing Executive Power* This eye opening exposition offers a radical new conclusion to the debate over why Americans oppose wars Americans oppose particular wars for moral reasons By capturing the wide range of presidential rhetoric from fear to hope DiMaggio documents the depths plumbed by political and other elites to manipulate the American public to support the wars in Afghanistan and Iraq In order to counteract American citizens moral opposition to war political elites manipulate citizens fears into support for war by giving them hope but the policies they choose more often than not lead to more war and reason for fear which creates a vicious cycle fear hope war The challenge we face is to break through the noise and the manipulation of political economic and military elites DiMaggio offers us a way to see clearly Amentahru Wahlrab University of Texas at Tyler **Polarization and International Politics** Rachel Myrick, 2025-09-16 How extreme polarization undermines the advantages that democracies have when formulating foreign policy Polarization is a defining feature of politics in the United States and many other democracies Yet although there is much research focusing on the effects of polarization on domestic politics little is known about how polarization influences international cooperation and conflict Democracies are thought to have advantages over nondemocratic nations in international relations including the ability to keep foreign policy stable across time credibly signal information to adversaries and maintain commitments to allies Does domestic polarization affect these democratic advantages In this timely book Rachel Myrick argues that polarization reshapes the nature of constraints on democratic leaders which in turn erodes the advantages democracies have in foreign affairs Drawing on a range of evidence including cross national analyses observational and experimental public opinion research descriptive data on the behavior of politicians

and interviews with policymakers Myrick develops metrics that explain the effect of extreme polarization on international politics and traces the pathways by which polarization undermines each of the democratic advantages Turning to the case of contemporary US foreign policy Myrick shows that as its political leaders become less responsive to the public and less accountable to political opposition the United States loses both reliability as an ally and credibility as an adversary Myrick's account links the effects of polarization on democratic governance to theories of international relations integrating work across the fields of international relations comparative politics and American politics to explore how patterns of domestic polarization shape the international system

Seducing America Roderick P. Hart, 1999 These feelings have become television's distinctive currency postmodern tokens for a manifestly uncertain world Hart explores the considerable costs of this legacy for governance and urges that it be supplanted by a New Puritanism a set of community based attitudes badly needed in the nation at present

Encyclopedia of Television Horace Newcomb, 2014-02-03 The Encyclopedia of Television second edition is the first major reference work to provide description history analysis and information on more than 1100 subjects related to television in its international context For a full list of entries contributors and more visit the Encyclopedia of Television 2nd edition website

The Politics of Persuasion Anthony R. DiMaggio, 2017-02-21 Examines how the US media covers high profile public policy issues in the context of competing claims about media bias Tracking the effects of media content on the public is a difficult endeavor and media effects vary on a subject to subject basis To address this challenge The Politics of Persuasion employs a multifaceted mixed method approach to studying mass media and public attitudes Anthony R DiMaggio analyzes more than a dozen case studies covering US domestic economic policy and examines a wide range of theories of how bias operates in mass media with regard to coverage of these issues While some research claims that journalists are overly negative and biased against government officials some reveals that journalists favor citizens groups Still other studies contend there is a liberal bias in the media a progovernment bias or a bias in favor of advertisers and business interests Through his analysis DiMaggio is the first to systematically examine all of these competing interpretations He concludes that reporters tailor stories to corporate and government interests but argues that the ability to manufacture consent from the public in favor of these elite views is far from guaranteed According to DiMaggio citizens often make use of their own personal experiences and prior attitudes to challenge official narratives

Sailing the Water's Edge Helen V. Milner, Dustin Tingley, 2015-09-15 How US domestic politics shapes the nation's foreign policy When engaging with other countries the US government has a number of different policy instruments at its disposal including foreign aid international trade and the use of military force But what determines which policies are chosen Does the United States rely too much on the use of military power and coercion in its foreign policies Sailing the Water's Edge focuses on how domestic US politics in particular the interactions between the president Congress interest groups bureaucratic institutions and the public have influenced foreign policy choices since World War II and shows why presidents have more control over

some policy instruments than others Presidential power matters and it varies systematically across policy instruments Helen Milner and Dustin Tingley consider how Congress and interest groups have substantial material interests in and ideological divisions around certain issues and that these factors constrain presidents from applying specific tools As a result presidents select instruments that they have more control over such as use of the military This militarization of U S foreign policy raises concerns about the nature of American engagement substitution among policy tools and the future of U S foreign policy Milner and Tingley explore whether American foreign policy will remain guided by a grand strategy of liberal internationalism what affects American foreign policy successes and failures and the role of U S intelligence collection in shaping foreign policy The authors support their arguments with rigorous theorizing quantitative analysis and focused case studies such as U S foreign policy in Sub Saharan Africa across two presidential administrations *Sailing the Water's Edge* examines the importance of domestic political coalitions and institutions on the formation of American foreign policy

The Presidential Dilemma Michael A. Genovese, 2017-07-28 This brief thought provoking text evaluates the performance of recent presidents from Johnson to Bush finding that overall each has failed to live up to public expectations Written by one of the top presidency scholars today *The Presidential Dilemma* reflects on the idea that as our country's problems grow our politicians seem to shrink Arguing that American presidents of the last 40 years have largely failed to meet the needs expectations and responsibilities placed upon them the book discusses how presidents might better maximize their opportunities for leadership and suggests a distinctive theory of presidential politics presidents facing a system of multiple veto points seek to maximize power and influence The third edition of Genovese's stimulating book is thoroughly updated to reflect presidential development in recent years and a new introduction brings his arguments current As he demonstrates the emergence of democracy as a new social and political paradigm undermined traditional authority and legitimacy Subjects no longer automatically follow now citizens must be persuaded They may give to a leader their authority and power or not As Genovese notes in a world of mass consumerism those wishing to lead have precious little to offer by way of inducement Genovese's goal is to examine the reasons why the performance of recent presidents has been underwhelming discuss how they might maximize their opportunities for leadership and ask a key question Can presidents be both powerful and accountable The book follows a clear format and tries to show why America's officeholders have so rarely been leaders and how presidents can become leaders instead of mere officeholders

The Routledge Handbook of Emotions and Mass Media Katrin Döveling, Elly A. Konijn, 2010-10-04 The impact of mass media on individuals and society is to a great extent based on human emotions Emotions in turn are essential in understanding how media messages are processed as well as media's impact on individual and social behavior and public social life Adopting an interdisciplinary approach to the study of emotions within a mass media context the *Handbook of Emotions and Mass Media* addresses areas such as evolutionary psychology media entertainment sociology cultural studies media psychology political communication persuasion and new technology

Assessing The President The Media Elite Opinion And Public Support Introduction

Assessing The President The Media Elite Opinion And Public Support Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Assessing The President The Media Elite Opinion And Public Support Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Assessing The President The Media Elite Opinion And Public Support : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Assessing The President The Media Elite Opinion And Public Support : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Assessing The President The Media Elite Opinion And Public Support Offers a diverse range of free eBooks across various genres. Assessing The President The Media Elite Opinion And Public Support Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Assessing The President The Media Elite Opinion And Public Support Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Assessing The President The Media Elite Opinion And Public Support, especially related to Assessing The President The Media Elite Opinion And Public Support, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Assessing The President The Media Elite Opinion And Public Support, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Assessing The President The Media Elite Opinion And Public Support books or magazines might include. Look for these in online stores or libraries. Remember that while Assessing The President The Media Elite Opinion And Public Support, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Assessing The President The Media Elite Opinion And Public Support eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Assessing The President The Media Elite Opinion And Public Support full book , it can give you a taste of the authors writing

style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Assessing The President The Media Elite Opinion And Public Support eBooks, including some popular titles.

FAQs About Assessing The President The Media Elite Opinion And Public Support Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Assessing The President The Media Elite Opinion And Public Support is one of the best book in our library for free trial. We provide copy of Assessing The President The Media Elite Opinion And Public Support in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Assessing The President The Media Elite Opinion And Public Support. Where to download Assessing The President The Media Elite Opinion And Public Support online for free? Are you looking for Assessing The President The Media Elite Opinion And Public Support PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Assessing The President The Media Elite Opinion And Public Support. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Assessing The President The Media Elite Opinion And Public Support are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Assessing The President The Media Elite

Opinion And Public Support. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Assessing The President The Media Elite Opinion And Public Support To get started finding Assessing The President The Media Elite Opinion And Public Support, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Assessing The President The Media Elite Opinion And Public Support So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Assessing The President The Media Elite Opinion And Public Support. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Assessing The President The Media Elite Opinion And Public Support, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Assessing The President The Media Elite Opinion And Public Support is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Assessing The President The Media Elite Opinion And Public Support is universally compatible with any devices to read.
