Astrology A Key To Personality:

Astrology Jeff Mayo, 2011-06-08 Here is a book for beginners wanting simple instructions on how to interpret a chart as well as for old hands seeking fresh perspectives it offers a unique system of self discovery Traditionally astrological texts deal with interpretations of behaviour without worrying about causes But Jeff Mayo recognized that astrology shows us not only the roots of our behaviour our response to stress our survival instincts and our ambitions but also our potential to achieve fulfilment and reach our goals His book takes the reader on an exciting adventure of exploration and discovery by which we understand our root being Mayo with forty years experience in the field believed astrology is coming of age as a psychological tool rather than a guide to the future and that it is only a matter of time before it is accepted as the basis for a reconstructed study of human psyche

Enormous books are available in the market, each one covering one or two topics on Astrology. In the developed countries like America, France, Japan, Germany, and Britain, plenty of books on Astrology are available covering one or two topics, but it costs much more than our buying capacity. One has to read many books to master Astrology and also to predict the individual Horoscope Chart. Our life is speedy. It is ever active and is changing every moment. Each one of us is facing difficulty at every step. This book will facilitate to reach your destination by moving ahead with ease even in the storming situation. This is so much strife and struggles in the present time as it was never before. This is a time of ready made food and fast food. Nobody has time to cook the food and then eat. Only this feeling motivated me and necessitated making this book. This is easily approachable and compact. It is full of all information in one place to be referred easily and quickly by anybody, whether busy in any profession. I have tried to make clear what the correct astrology works is. These are all correct facts, figures collected from various books and incorporated here in a single book for the first time for use by the common men. Behind all this, there is my exhaustive study and collections. More than the study is the presentation of the subject matter, and even much more than the presentation of the subject matter is long years of experience and association with the astrology work all over India and abroad. This gives authenticity to the book. This book is a tool for the Jyotish Students, the Beginners, and the somewhat advanced Students and the Professionals too. Many psychic services charge you as much as 50, 75, or even 200 for a single reading of your life prediction, but this book offers you a single instrument for reading as many as you want and that too at the cheapest rate. The technically advanced matters allow you to

deliver your reading to you accurately quickly and effectively Not only will your reading be incredibly accurate but also you will have it available to read and analyses at your own pace Besides this book offers you an opportunity to record your readings and readings of your family members by yourself Just realize that how much you are going to save on account of Horoscope readings for you and your family

Essential Irrationality M. A. ALAM, Irrationalities in our behaviours have been observed to be essential aspects of our nature Most of the irrationalities have their origin in the adaptive strategies developed by millions of years of evolution to cope with the environmental harsh conditions of our ancient past Consequently we developed quick response systems to meet successfully the challenges of our ancestral environment They were essential for our survival but a few have now become redundant in the modern conditions and are looked down as ridiculous biases Some irrationalities have actually been found to be essential and beneficial for the well being and growth of our species During the last few thousand years of our development we additionally acquired a large number of belief systems superstitions and faiths Some of these beliefs are not quite rational and reasonable They mould our personality by affecteting our opinions decisions actions and behaviours We are what we believe When you hold beliefs without ascertaining their validity you start losing your ability to doubt and question your beliefs Fortunately along with these developments we also created a reservoir of verifiable knowledge by using rational methods during the last few hundred years of our existence We have a responsibility to familiarise ourselves with these techniques to avoid pitfalls of assuming all beliefs to be true This book discusses how these irrationalities affect our lives and how to cope with them
