Schnackenberg, Heidi L., 2024-10-15 In the intricate tapestry of life there exist moments in our lives that define us as individuals and as part of our communities To gain insights into what makes a great leader we can learn from those who have built the road before us A profound exploration of pivotal experiences that shape the personal and professional trajectories of women in academia will help pave the way for the leaders of the future Navigating the intersection of both personal and professional spheres the book *Narratives on Defining Moments for Women Leaders in Higher Education* delves into the profound impact of high impact moments in the lives of women in leadership roles Drawing on personal anecdotes and evidence based practices readers gain insight into the strategies solutions and resilience cultivated by women leaders in colleges and universities From tales of perseverance and empowerment to reflections on reframing and reinvention each narrative offers a unique perspective on the journey of women in academia      **Critiques for Transformation** Lorenzo

DuBois Baber, Heather McCambly, 2023-04-01 To sustain contemporary movements towards educational equity postsecondary leaders at all levels need resources that connect evidence based critiques of structural inequities to forward thinking visions for a more socially just academy To address this critical challenge we bring together scholars to deconstruct oppressive norms of theory and practice and provide a direction towards reconsiderations across various postsecondary contexts Each chapter identifies a normative practice that reinforces material and cultural oppression of student populations from minoritized identities challenge underlying assumptions that support current norms and make recommendations for redeveloping practices that center the well being and success of underserved student populations In presenting a range of expertise and disciplinary foci in the study of higher education this volume contributes to a holistic re envisioning of colleges and universities as transformational spaces for social change The book provides insights and recommendations from scholars to a wide ranging audience including federal and state policymakers postsecondary administrators and leaders philanthropists researchers and graduate students The primary audience are graduate students enrolled in various educational leadership programs including educational policy studies higher education student affairs curriculum and instruction or learning sciences This book will be especially valuable for increasing the focus on generative critique in research practice and policy in graduate programming curriculum This volume will also be a valuable resource for policymakers involved in shaping postsecondary initiatives at the local state and federal levels Finally this book will appeal to current practitioners at colleges and universities as they seek additional professional development and cross institutional collegiality around practices related to social justice and equity **ENDORSEMENTS** This book opens with an account of Ronald Reagan s draconian policies and practices to silence political dissenters and demonstrators within the University of California Horrifyingly we now have politically ambitious governors using Reaganesque tactics to shut down critical race theory the teaching of authentic Black history the use of terms like Latinx *Critiques For Transformation Reimagining Colleges*

Communities For Social Justice is the essential antidote to the antidemocratic Orwellian practices that are bent on disempowering advocates for racial justice Estela Bensimon University of Southern California Critiques for Transformation Reimagining Colleges and Universities for Social Justice provide impressive examinations and posit modes to envision reimagining ways for universities to move toward authentic diversity equity and inclusion DEI The senior mid career and emerging professionals tackle DEI from a variety of conceptual frameworks that contribute to rich discussions of challenges and opportunities By examining some classic writings from education and social sciences the chapters elucidate how contemporary scholarly activities and research can be linked to the integrative roles of public engagement for both internal university communities and external audiences The volume will be quite helpful to a range of constituents within the United States i e a nation that has some of the most diverse structures and systems of colleges and universities Beverly Lindsay Pennsylvania State University To offer a scholarly critique is often uneven with little attention dedicated to altering the most troubling patterns in this case in higher education This book brings rigorous critique but also engages in world building taking up what we can do today to make higher education break with its exclusionary and profit seeking ways Every chapter focuses on a particular facet of higher education and carefully imagines it as a space for possibility rather than arbitrary rules for the sake of hierarchy As higher education wrings its hands about its place in the pandemic this book is the guide Leigh Patel University of Pittsburgh

**Handbook on Diversity, Equity, and Inclusion in Public Administration** Meghna Sabharwal, Sean A. McCandless, Shilpa Viswanath, 2024-08-06 Providing a comprehensive overview of diversity equity and inclusion DEI within individual organizational and societal contexts this Handbook explores the multidimensional nature of DEI in public administration It addresses the considerable influence that governing institutions have on societal norms and acts as an important resource to inspire inclusion

**Researching and Writing Differently** Ilaria Boncori, 2022-12-21 In a neoliberal academia dominated by masculine ideals of measurement and performance it is becoming more important than ever to develop alternative ways of researching and writing This powerful new book gives voice to non conforming narratives suggesting innovative messy and nuanced ways of organizing the reading and writing of scholarship in management and organization studies In doing so it spotlights how different methods and approaches can represent voices of inequality and reveal previously silenced topics Informed by feminist and critical perspectives this will be an invaluable resource for current and future scholars in management and organization studies and other social sciences

**Black Women and Social Justice Education** Stephanie Y. Evans, Andrea D. Domingue, Tania D. Mitchell, 2019-02-01 Focuses on Black women s experiences and expertise in order to advance educational philosophy and provide practical tools for social justice pedagogy Black Women and Social Justice Education explores Black women s experiences and expertise in teaching and learning about justice in a range of formal and informal educational settings Linking historical accounts with groundbreaking contributions by new and rising leaders in the field it examines evaluates establishes and reinforces Black

women's commitment to social justice in education at all levels. Authors offer resource guides, personal reflections, bibliographies, and best practices for broad use and reference in communities, schools, universities, and nonprofit organizations. Collectively, their work promises to further enrich social justice education. SJE, a critical pedagogy that combines intersectionality and human rights perspectives, and to deepen our understanding of the impact of SJE innovations on the humanities, social sciences, higher education, school development, and the broader professional world. This volume expands discussions of academic institutions and the communities they were built to serve. This is an exciting and engaging text that provides invaluable insights and strategies used by Black women as they engage in their justice work. These strategies will be helpful for diversity trainers, social justice educators, administrators, and anyone interested in resisting oppression and furthering social justice goals in higher education.

Sabrina Ross, coeditor of *Beyond Retention: Cultivating Spaces of Equity, Justice, and Fairness for Women of Color in U.S. Higher Education*. Uplifting, powerful, and inspirational.

Tara L. Parker, coauthor of *The State of Developmental Education: Higher Education and Public Policy Priorities*. **Teaching Critical Inquiry and Applied Research** Christopher Benedetti, Amanda Covarrubias, 2023-11-15. A key distinction between an education doctorate or Ed.D. and other doctorates in the field of education is the development of scholar-practitioners armed with knowledge and skills to successfully lead change in their profession. Critical inquiry is one such skill increasingly taught in many Ed.D. programs in some form of applied research methodology. *Teaching Critical Inquiry and Applied Research: Moving Beyond Traditional Methods* gathers insights from Ed.D. faculty regarding how the teaching of applied research occurs to develop scholar-practitioners prepared to bring change to their respective professional fields. The 13 chapters provide a broad coverage of related topics, which includes advocacy and leadership through research, innovative features of methods courses, and methodology-focused program redesign. Each chapter includes strategies and recommendations for others interested in implementing something similar in their courses and programs. This book also captures student voices in the form of vignettes written by students within each chapter to illustrate the powerful impact of learning related to critical inquiry and applied research. *Teaching Critical Inquiry and Applied Research* is an excellent text for classrooms devoted to critical research, critical pedagogy, and other courses.

Refusing to Be Made Whole Anna LaQuawn Hinton, 2025-03-17. In *Refusing to Be Made Whole: Disability in Black Women's Writing*, author Anna LaQuawn Hinton examines how contemporary Black women writers present becoming disabled as a traumatic and violent experience of Black womanhood. Nevertheless, Black women embrace disabled Black womanhood by turning to Africanist spiritual understandings of wholeness, which view debilitating injury and illness as not only physical but also spiritual, not just an individual problem but a symptom of discord in the community. Black women use these belief systems to reimagine healing in ways that make space for a variety of body-mind-spirits. Hinton maintains that this is not only a major theme in contemporary Black women's writing but that it also shapes the formal elements characteristic of the Black women's literary tradition.

Refusing to Be Made Whole analyzes texts published after the civil rights movements of the 1950s and 1960s focusing particularly on the late 1970s onward when Black women's writing flourished. Through the lens of writings by authors such as Toni Cade Bambara, Gayl Jones, Gloria Naylor, Ntozake Shange, Audre Lorde, Alice Walker, Toni Morrison, Octavia Butler, Sapphire, and Sarah E. Wright, Hinton addresses prominent critical discourses within Black feminist literary studies. Hinton approaches the intersections of Africanist spirituality, race, gender, class, and disability, conversations about representation, community, motherhood, and sexuality through a Black feminist disability studies framework. Refusing to Be Made Whole embraces the complex and multifaceted nature of Black women's writing, arguing that through this collision of race, gender, and spirituality, Black women writers speak healing and wellness into their readers' lives and their own.

**An Introduction to Womanist Biblical Interpretation** Nyasha Junior, 2015-01-01. An Introduction to Womanist Biblical Interpretation provides a much needed introduction to womanist approaches to biblical interpretation. It argues that womanist biblical interpretation is not simply a byproduct of feminist biblical interpretation but part of a distinctive tradition of African American women's engagement with biblical texts. While womanist biblical interpretation is relatively new in the development of academic biblical studies, African American women are not newcomers to biblical interpretation. Written in an accessible style, this volume highlights the importance of both the Bible and race in the development of feminism and the emergence of womanism. It provides a history of feminist biblical interpretation and discusses the current state of womanist biblical interpretation as well as critical issues related to its development and future. Although some African American women identify themselves as womanists, the term, its usage, its features, and its connection to feminism remain widely misunderstood. This excellent textbook is perfect for helping to introduce readers to the development and applications of womanist biblical interpretation.
