Byerman, 2010-08-01 *Seizing the Word* offers a comprehensive reading of the work of W E B Du Bois 1868 1963 a pivotal figure in the intellectual life of nineteenth and twentieth century America As a historian journalist novelist poet and social and literary critic this extraordinary man profoundly influenced our understanding of the African American experience Following his initial discussion of Du Bois s earliest writing Keith E Byerman posits *The Souls of Black Folk* 1903 as a master text that established the tropes of doubleconsciousness and the veil for which Du Bois is known and incorporated the various genres through which he voiced his understanding of the world The remainder of the study discusses Du Bois s works as elaborations of the master text within and against the contemporary discourses on history art and self Throughout Byerman examines the connections between the personal and intellectual aspects of Du Bois s life to reveal the intense engagement with moral and ideological issues found even in texts that Du Bois represented as objective At the same time in order to present some of the complexity and conflict that runs through Du Bois s work Byerman identifies the tensions and patterns in Du Bois s writing that cross disciplines or genres Instead of focusing on

one aspect of Du Bois's career *Seizing the Word* attempts a more synthetic approach primarily by examining Du Bois in terms of contemporary literary and cultural theory most notably Lacan's Law of the Father and Erikson's work on identity **A**
