**The Trials of Henry Flipper, First Black Graduate of West Point** Don Cusic, 2014-10-16 Born in 1856 in Thomasville Georgia Henry Ossian Flipper was nine at the end of the Civil War His parents part of a privileged upper class of slaves were allowed to operate an independent business under the protection of their owner This placed Henry in an excellent position to take advantage of new educational opportunities opening up to African Americans and he graduated from the United States Military Academy at West Point in 1877 Flipper served at Fort Sill in what is now Oklahoma took part in the Indian Wars and served at Fort Davis in Texas where a court martial relating to missing funds ended his Army career with a dishonorable discharge He later was an assistant to the Secretary of the Interior during the early 1920s Harding administration and died in 1940 Investigations into the circumstances of Flipper s court martial resulted in an upgrade to honorable discharge in 1976 and a posthumous pardon from President Clinton in 1999 Passages from Flipper s 1878 autobiography and excerpts from contemporary military reports and newspaper articles contribute firsthand observations to this biography of West Point s first black graduate

**The Fall of a Black Army Officer** Charles M. Robinson, 2014-10-22 Lieutenant Henry O Flipper was a former slave who rose to become the first African American graduate of West Point While serving as commissary officer at Fort Davis Texas in 1881 he was charged with embezzlement and conduct unbecoming an officer and a gentleman A court martial board acquitted Flipper of the embezzlement charge but convicted him of conduct unbecoming He was then dismissed from the service of the United States The Flipper case became known as something of an American Dreyfus Affair emblematic of racism in the frontier army Because of Flipper s efforts to clear his name many assumed that he had been railroaded because he was black In *The Fall of a Black Army Officer* Charles M Robinson III challenges that assumption In this complete revision of his earlier work *The Court Martial of Lieutenant Henry Flipper* Robinson finds that Flipper was the author of his own problems The taint of racism on the Flipper affair became so widely accepted that in 1999 President Bill Clinton issued a posthumous pardon for Flipper *The Fall of a Black Army Officer* boldly moves the arguments regarding racism in both Lt Flipper s case and the frontier army in general beyond political correctness Solidly grounded in archival research it is a thorough and provocative reassessment of the Flipper affair at last revealing the truth

**The Black Regulars, 1866-1898** William A. Dobak, Thomas D. by one overriding factor race This book explores the ways this separation extended to the military forces and the impact segregation had on World War II Beginning with an overview of African Americans and the military from the inception of the United States and a brief history of the African American role in World War I the focus moves to between the wars movements such as the Protective Mobilization Plan promoting racial integration of the military The main focus is the African American role in World War II and the stigma that remained despite their valor Groups discussed include the Women s Army Corps tank destroyers separate infantry regiments such as the 24th 65th 364th 366th and 372nd and the 2nd cavalry Also included is a list of African American World War II veterans belatedly and mostly posthumously awarded medals of honor on January 13 1997

**The Buffalo Soldier Tragedy of 1877** Paul Howard Carlson, 2003 In the middle of the arid summer of 1877 a drought year in West Texas a troop of some forty buffalo soldiers African American cavalry led by white officers struck out into the Llano Estacado from Double Lakes south of modern Lubbock pursuing a band of Kwahada Comanches who had been raiding homesteads and hunting parties A group of twenty two buffalo hunters accompanied the soldiers as guides and allies Several days later three black soldiers rode into Fort Concho at modern San Angelo and reported that the men and officers of Troop A were missing and presumed dead from thirst The Staked Plains Horror as the Galveston Daily News called it quickly captured national attention Although most of the soldiers eventually straggled back into camp four had died and others eventually faced court martial for desertion The buffalo hunters had ridden off on their own to find water and the surviving soldiers had lived by drinking the blood of their dead horses and their own urine A routine army scout had turned into disaster of the worst kind Although the failed expedition was widely reported at the time its sparse treatments since then have relied exclusively on the white officers accounts Paul Carlson has mined the courts martial records for testimony of the enlisted men memories of a white boy who rode with the Indians and other buried sources to provide the first multifaceted narrative ever published His gripping account provides not only a fuller version of what happened over those grim eighty six hours but also a nuanced view of the interaction of soldiers hunters settlers and Indians on the Staked Plains at this poignant moment before the final settling of the Comanches on their reservation in Indian Territory
