attentional maturation prompted by reading mega novels can help manage the information overload that increasingly characterizes contemporary life

The Humour of Vladimir Nabokov Paul Benedict Grant, 2024-09-30 The first in depth study of Vladimir Nabokov's humour investigating its physical aspects such as farce slapstick sexual and scatological humour Offers the first in depth study of Nabokov's humour Presents a revisionist reading of Nabokov Examines the metaphysical aspects of Nabokov's humour Examines the sexual and scatological aspects of Nabokov's humour Applies humour theory e.g. those of Hobbes Bergson Freud to Nabokov's texts Compares Nabokov's humour to that of his Russian predecessors e.g. Pushkin Gogol Chekhov and to literary humourists such as Rabelais Swift Joyce Many critics classify Vladimir Nabokov as a highbrow humourist a refined wordsmith overly fond of playful puzzles and private in jokes whose art appeals primarily to an intellectually sophisticated readership This study presents a more balanced portrait placing equal emphasis on the broader earthier humour that is such a marked feature of Nabokov's writing which draws on the human body and all things physical for its laughs sex and scatology farce and slapstick Moving between the metaphysical and the physical the cosmic and the comic mind and matter it presents Nabokov as a writer at home in both high and low forms of humour a comedian who is capable of producing as many belly laughs as brainteasers and of appealing to a much wider readership than is commonly supposed

Fables of Subversion Steven Weisenburger, 1995 Drawing on more than thirty novels by nineteen writers Fables of Subversion is both a survey of mid twentieth century American fiction and a study of how these novels challenged the conventions of satire Steven Weisenburger focuses on the rise of a radically subversive mode of satire from 1930 to 1980 This postmodern satire says Weisenburger stands in crucial opposition to corrective normative satire which has served a legitimizing function by generating through ridicule a consensus on values Weisenburger argues that satire in this generative mode does not participate in the oppositional subversive work of much twentieth century art Chapters focus on theories of satire early subversions of satiric conventions by Nathanael West Flannery O'Connor and John Hawkes the flowering of Black Humor fictions of the sixties and the forms of political and encyclopedic satire prominent throughout the period Many of the writers included here such as Vladimir Nabokov William Gaddis Kurt Vonnegut Robert Coover and Thomas Pynchon are acknowledged masters of contemporary humor Others such as Mary McCarthy Chester Himes James Purdy Charles Wright and Ishmael Reed have not previously been considered in this context Posing a seminal challenge to existing theories of satire Fables of Subversion explores the iconoclastic energies of the new satires as a driving force in late modern and post modern novel writing

Barth and Postmodernism Berndt Clavier,2007 John Barth s eminence as a postmodernist is indisputable However much of the criticism dealing with his work is prompted by his own theories of exhaustion and subsequent replenishment leaving his writing relatively untouched by theories of postmodernism in general This book changes that by focusing on the relationship between Barth s aesthetic and the ideology critique of the historical avant gardes which were the first to mobilize art against itself and its institutional practices and demands Examining Barth s metafictional parodies in the light of theories of space and subjectivity Clavier engages the question of ideology critique in postmodernism by offering the montage as a possible model for understanding Barth s fiction In such a light postmodernism may well be perceived as a mimesis of reality particularly a recognition of the collective nature of self and the world *Black Humor in Contemporary American Fiction*

Susan Strehle,1975 John Barth (Routledge Revivals) Heide Ziegler,2014-10-10 John Barth represents most completely what has been termed postmodernism not because his work comprises more postmodernist features than other contemporary writers but because for Barth life and art are two sides of the same coin In this brief study first published in 1987 Heide Ziegler examines all Barth s novels She argues that each pair of novels first exhausts and then replenishes those literary genres that hinge on a particular world view the existentialist novel the Bildungsroman the Kunsterroman or the realistic novel Through the division of labour between character and author Barth manages to develop a new mode of literary parody which projects itself beyond the mocked literary model and even self parody into the realm of future fiction This book is ideal for students of literature and postmodern studies Dionysus in Literature Branimir M. Rieger,2011-06-01 In this anthology

outstanding authorities present their assessments of literary madness in a variety of topics and approaches The entire collection of essays presents intriguing aspects of the Dionysian element in literature **The Playful Air of Light(ness) in Irish Literature and Culture** Marta Goszczyńska,Katarzyna Poloczek,2011-05-25 While discussions in the field of Irish Studies traditionally gravitate towards themes of struggle oppression and death the present book originates from a contradictory impulse Without losing sight of Ireland s troubled history and the complexities that shape its present it centres on instances of playfulness light ness and air in Irish literature and culture Refracted through the prism of contemporary philosophy notably of Italo Calvino Luce Irigaray and Mar a Lugones these categories serve as the basis for thirteen essays

by academics from Poland the UK Germany and Spain Some of these offer fresh readings of such seminal authors as W B Yeats Louis MacNeice Seamus Heaney and John Banville others look at lesser known figures such as Eimar O Duffy and Forrest Reid who before now have received little scholarly attention

A Poetics of Postmodernism Linda Hutcheon, 2003-09-02 First published in 1988 Postmodernism is a word much used and misused in a variety of disciplines including literature visual arts film architecture literary theory history and philosophy A Poetics of Postmodernism is neither a defense nor a denunciation of the postmodern It continues the project of Hutcheon's *Narcissistic Narrative and A Theory of Parody* in studying formal self consciousness in art but adds to this both a historical and ideological dimension Modelled on postmodern architecture postmodernism is the name given here to current cultural practices characterized by major paradoxes of form and of ideology The poetics of postmodernism offered here is drawn from these contradictions as seen in the intersecting concerns of both contemporary theory and cultural practice

Kharpertian, 1990 A study of the major fiction of Thomas Pynchon in three contexts Menippean satire post modernism and American writing The critical genealogy of the term satire is discussed and Pynchon's *V* *The Crying of Lot 49* and *Gravity's Rainbow* are analyzed

Dark Humour and Social Satire in the Modern British Novel L. Colletta, 2003-09-30 Colletta uses psychoanalytic theories of joke work and gallows humour to argue that dark humour is an important defining characteristic of Modernism She brings together the usual suspects alongside more often overlooked writers from the period and asks probing questions about the relationship between a dark humour that revels in the non rational the unstable and the fragmented and resists easy definition and

political usefulness and the historical and social circumstances of the period Colletta makes a compelling argument that probing deeply into the nature of humour or satire that define these social comedies brings to light a more complex and more accurate understanding of the social changes and historical circumstances that define the modern era Black Humor
