The Black Image in the White Mind George Marsh Frederickson, 1987 **The Black Image in the White Mind** George M. Fredrickson, 1972 A study of issues of race in 19th century America **The Black Image in the White Mind** George Marsh Fredrickson, 1980 **My Soul Is a Witness** Mari N. Crabtree, 2023-01-10 An intimate look at the afterlife of lynching through the personal stories of Black victims and survivors who lived through and beyond its trauma Mari N Crabtree traces the long afterlife of lynching in the South through the traumatic memories it left in its wake She unearths how African American victims and survivors found ways to live through and beyond the horrors of lynching offering a theory of African American collective trauma and memory rooted in the ironic spirit of the blues sensibility a spirit of misdirection and cunning that blends joy and pain Black southerners often shielded their loved ones from the most painful memories of local lynchings with strategic silences but also told lynching stories about vengeful ghosts or a wrathful God or the deathbed confessions of a lyncher tormented by his past They protested lynching and its legacies through art and activism and they mourned those lost to a mob s fury They infused a blues element into their lynching narratives to confront traumatic memories and keep the blues at bay even if just for a spell Telling their stories troubles the simplistic binary of resistance or submission that has tended to dominate narratives of Black life and reminds us that amid the utter devastation of lynching were glimmers of hope and an affirmation of life *Conspiracy and Romance* Robert S. Levine, Robert Steven Levine, 1989-09-29 Robert Levine examines the American romance in a new historical context His book offers a fresh reading of the genre establishing its importance to American culture between the founding of the Republic and the Civil War With convincing historical and literary detail Levine shows that anxieties about foreign elements French revolutionaries secret societies Catholic immigrants African slaves are central to the fictional worlds of Brockden Brown Cooper Hawthorne and Melville Ormond The Bravo The Blithedale Romance and Benito Cereno are persuasively explicated by Levine to demonstrate that the romance dramatized the same conflicts and ideals that gave rise to the American Republic Americans conceived America as a historical romance and their romances dramatize the historical conditions of the culture The fear that reputed conspiracies would subvert the order and integrity of the new nation were recurrent and widespread Levine illuminates the influence of such fears on the works of major romance writers during this period **The Black Image in the White Mind** George Marsh Frederickson, 1987 **The Unsteady March** Philip A. Klinkner, Rogers M. Smith, 2002-04 With its insights into contemporary racial politics The Unsteady March offers a penetrating and controversial analysis of American race relations across two centuries Encyclopedia of American Social Movements Immanuel Ness, 2015-07-17 This four volume set examines every social movement in American history from the great struggles for abolition civil rights and women s equality to the more specific quests for prohibition consumer safety unemployment insurance and global justice **Abolitionist Twilights** Raymond James Krohn, 2023-10-03 Provides unique insight into Reconstruction s downfall and Jim Crow s

emergence In the years and decades following the American Civil War veteran abolitionists actively thought and wrote about the campaign to end enslavement immediately This study explores the late in life reflections of several antislavery memorial and historical writers evaluating the stable and shifting meanings of antebellum abolitionism amidst dramatic changes in postbellum race relations By investigating veteran abolitionists as movement chroniclers and commemorators and situating their texts within various contexts Raymond James Krohn further assesses the humanitarian commitments of activists who had valued themselves as the enslaved people's steadfast friends Never solely against slavery post 1830 abolitionism challenged widely held anti Black prejudices as well Dedicated to emancipating the enslaved and elevating people of color it equipped adherents with the necessary linguistic resources to wage a valiant sustained philanthropic fight Abolitionist Twilights focuses on how the status and condition of the freedpeople and their descendants affected book length representations of antislavery persons and events In probing veteran abolitionist engagement in or disengagement from an ongoing African American freedom struggle this ambitious volume ultimately problematizes scholarly understandings of abolitionism's racial justice history and legacy

Racist America Joe R. Feagin, Kimberley Ducey, 2025-07-04 The fifth edition of Racist America is thoroughly revised and updated focusing on systemic racism and antiracism issues especially those arising since the fourth edition 2019 Expanding the discussion on racialized intersectionality as well as on the white racial frame elite white male dominance system and antiracist action this book details how these racism realities continue to impact black Latino Asian Indigenous and white Americans The book explains how and why the Black Lives Matter movement and other antiracist protests have erupted how and why Latino Asian and Indigenous Americans have responded to expanding racist discrimination and how and why a diverse array of Americans has demanded major societal responses to dismantle entrenched white racism

Debating Slavery Mark M. Smith, Economic History Society, 1998-12-10 Even while slavery existed Americans debated slavery Was it a profitable and healthy institution If so for whom The abolition of slavery in 1865 did not end this debate Similar questions concerning the profitability of slavery its impact on masters slaves and nonslaveowners still inform modern historical debates Is the slave South best characterized as a capitalist society Or did its dogged adherence to non wage labor render it precapitalist Today southern slavery is among the most hotly disputed topics in writing on American history With the use of illustrative material and a critical bibliography Dr Smith outlines the main contours of this complex debate summarizes the contending viewpoints and at the same time weighs up the relative importance strengths and weaknesses of the various competing interpretations This book introduces an important topic in American history in a manner which is accessible to students and undergraduates taking courses in American history

An Ex-colored Church Raymond R. Sommerville, 2004 The Christian Methodist Episcopal Church was an important part of the historic freedom struggles of African Americans from Reconstruction to the Civil Rights movement This fight for equality and freedom can be seen clearly in the denomination's evolving social and ecumenical consciousness The denomination's very

name changed from Colored to Christian in 1954 but the denomination did not join the struggle late Rather the CME was a critical participant from the days following the Civil War At times the Church was at odds with their white Methodist counterparts and in solidarity with other African American denominations on issues of racial desegregation and the role of social protest in religion Raymond Sommerville s important book discusses the relationship between Martin Luther King Jr and the Southern Christian Leadership Conference and the CME While King and others received most of the headlines during the Civil Rights Era the CME proved to be involved at all levels and equally important in all they did With its strategic location in the South and its long history of ecumenical involvement the CME Church emerged as a leading advocate of ecumenical civil rights activism Previous interpretations asserted that the CME was apolitical and accomodationist or that it was more progressive than it was Sommerville presents a more nuanced account of how a church of largely former slaves emancipated itself from the constraints of white Methodist paternalism and Jim Crow racism to emerge as a progressive force of racial justice and ecumenism in the South and beyond Sommerville examines major centers of the CME Nashville Birmingham Memphis Atlanta and selected leaders inthe South in charting the gradual metamorphosis of the former CME as a largely nonpolitical body of former slaves in 1870 to a more politically active denomination at the apex of the modern Civil Rights movement in the 1960s

Abolition's Public Sphere Robert Fanuzzi,2003 Echoes of Thomas Paine and Enlightenment thought resonate throughout the abolitionist movement and in the efforts of its leaders to create an anti slavery reading public In Abolition s Public Sphere Robert Fanuzzi critically examines the writings of William Lloyd Garrison Frederick Douglass Henry David Thoreau and Sarah and Angelina Grimke and their massive abolition publicity campaign pamphlets newspapers petitions and public gatherings geared to an audience of white male citizens free black noncitizens women and the enslaved Including provocative readings of Thoreau s Walden and of the symbolic space of Boston s Faneuil Hall Abolition s Public Sphere demonstrates how abolitionist public discourse sought to reenact eighteenth century scenarios of revolution and democracy in the antebellum era Fanuzzi illustrates how the dissemination of abolitionist tracts served to create an imaginary public that promoted and provoked the discussion of slavery However by embracing Enlightenment abstractions of liberty reason and progress Fanuzzi argues abolitionist strategy introduced aesthetic concerns that challenged political institutions of the public sphere and prevailing notions of citizenship Insightful and thought provoking Abolition s Public Sphere questions standard versions of abolitionist history and in the process our understanding of democracy itself

Rhetorical Power Steven Mailloux, 2018-08-06 In this provocative and forcefully written book Steven Mailloux takes issue with the validity of a number of distinctions commonly made in contemporary literary theory and cultural studies distinctions between theory and history reader and text truth and ideology aesthetics and politics Mailloux first presents the case for a rhetorical hermeneutics and against foundationalist theories of interpretation Doing hermeneutic theory he argues entails doing rhetorical history By means of a detailed analysis of reader response criticism he highlights the connections between institutional politics and the interpretive rhetoric of academic literary criticism Mailloux then uses *Adventures of Huckleberry Finn* as an exemplary text Relating Mark Twain's rhetoric to the cultural politics of post Reconstruction debates about racist ideology he places his reader oriented interpretation within the rhetorical history of controversies over the meaning and value of *Huckleberry Finn* Finally in a far ranging study of cultural reception he juxtaposes the twentieth century concern about the topic of race in *Huckleberry Finn* with the nineteenth century audience's very different concerns about juvenile delinquency and the bad boy boom In the final part of the book Mailloux restates his critique of foundationalist hermeneutics through readings of Ken Kesey Michel Foucault Edward Said and Richard Rorty and he concludes by examining the role of rhetoric and theory in a congressional dispute over the Reagan administration's reinterpretation of the Anti Ballistic Missile Treaty *Rhetorical Power* will be welcomed by readers in literary theory and American studies as well as in such fields as speech communication the sociology of culture and social and intellectual history and by others interested in the politics of persuasion
