Black Majesty:

Blacks, Reds, and Russians Joy Gleason Carew, 2010 One of the most compelling yet little known stories of race relations in the twentieth century is the account of blacks who chose to leave the United States to be involved in the Soviet Experiment in the 1920s and 1930s In Blacks Reds and Russians Joy Gleason Carew offers insight into the political strategies that often underlie relationships between different peoples and countries Interviews with the descendents of figures such as Paul Robeson and Oliver Golden offer rare personal insights into the story of a group of emigrants who confronted by the daunting challenges of making a life for themselves in a racist United States found unprecedented opportunities in communist Russia

Selected Poems / Poes Ña *Selecta* Luis Pal's Matos, 2000-11-30 Although today Luis Pal's Matos is virtually unknown to most American readers the eminent U S poet and writer William Carlos Williams once praised his younger contemporary as one of the most important poets out of Latin America Pal's Matos was a native and lifelong resident of Puerto Rico Though he was not black he became one of the Caribbeans leading advocates of *poes a negra* black poetry His landmark 1937 collection *Tunt n de Pasa y Grifer a Poes a Afro Antillana* Tom Tom of Kinky Hair and Black Things Afro Caribbean Poetry joyously celebrated the African aspects and sources of Puerto Ricos culture and influenced later generations of writers throughout the Western hemisphere Translator Julio Marz n has selected the best of Pal's Matos's poems from throughout his career among them *Prelude in Boricua* *Danza Negra* *Buccaneer Winds* and *Elegy on the Duke of Marmalade* He also provides a helpful glossary of obscure terms and an introduction that locates Pal's Matos in the broader cultural context of his contemporaries and poetic influences including such North American poets as Walt Whitman Edgar Allan Poe and Vachel Lindsay

Catalogue of the Collection of Animal Products belonging to Her Majesty's Commissioners for the Exhibition of 1851, exhibited in the South Kensington Museum ,1858 *The First and Last King of Haiti* Marlene L.

Daut, 2025-01-07 The essential biography of the controversial rebel traitor and only king of Haiti Henry Christophe is one of the most richly complex figures in the history of the Americas and was in his time popular and famous the world over in *The First and Last King of Haiti* a brilliant award winning Yale scholar unravels the still controversial enigma that he was Slave revolutionary traitor king and suicide Henry Christophe was in his time popular and famous the world over Born in 1767 to an enslaved mother on the Caribbean island of Grenada Christophe first fought to overthrow the British in North America before helping his fellow enslaved Africans in Saint Domingue as Haiti was then called to gain their freedom from France Yet in an incredible twist of fate Christophe ended up fighting with Napoleon's forces against the very enslaved men and women he had once fought alongside Later reuniting with those he had betrayed he offered to lead them and made himself their king But it all came to a sudden and tragic end when Christophe after nine years of his rule as King Henry I shot himself in the heart some say with a silver bullet Why did Christophe turn his back on Toussaint Louverture and the very revolution with which his name is so indelibly associated How did it come to pass that Christophe found himself accused of participating in

the plot to assassinate Haiti's first ruler Dessalines. What caused Haiti to eventually split into two countries, one ruled by Christophe in the north who made himself king, the other led by President Pétion in the south. The First and Last King of Haiti is a riveting story of not only geopolitical clashes on a grand scale but also of friendship and loyalty, treachery and betrayal, heroism and strife in an era of revolutionary upheaval. Taking Haiti Mary A. Renda, 2004-07-21. The U.S. invasion of Haiti in July 1915 marked the start of a military occupation that lasted for nineteen years and fed an American fascination with Haiti that flourished even longer. Exploring the cultural dimensions of U.S. contact with Haiti during the occupation and its aftermath, Mary Renda shows that what Americans thought and wrote about Haiti during those years contributed in crucial and unexpected ways to an emerging culture of U.S. imperialism. At the heart of this emerging culture, Renda argues, was American paternalism, which saw Haitians as wards of the United States. She explores the ways in which diverse Americans, including activists, intellectuals, artists, missionaries, marines, and politicians, responded to paternalist constructs, shaping new versions of American culture along the way. Her analysis draws on a rich record of U.S. discourses on Haiti, including the writings of policymakers, the diaries, letters, songs, and memoirs of marines stationed in Haiti, and literary works by such writers as Eugene O'Neill, James Weldon Johnson, Langston Hughes, and Zora Neale Hurston. Pathbreaking and provocative, Taking Haiti illuminates the complex interplay between culture and acts of violence in the making of the American empire.

Dress worn by Gentlemen at Her Majesty's Court Victoria (Queen of Great Britain), 1875. A Narrative of the Expedition Sent by Her Majesty's Government to the River Niger, in 1841 Under the Command of Captain H.D. Trotter, R.N. William Allen, Thomas Richard Heywood Thomson, 1848. An Imaginary Cinema Dustin Condren, 2024-12-15. An Imaginary Cinema is the first systematic study of Sergei Eisenstein's unrealized films, as well as a deeply informed historical and theoretical inquiry into the role and meaning of the unrealized in his oeuvre. Eisenstein directed some of the twentieth century's most important films, from the early classic of montage, *Battleship Potemkin*, to his late masterpiece, *Ivan the Terrible*. Alongside these, however, the Soviet filmmaker also toiled over a compelling array of unrealized projects, from ideas that never grew beyond complex, passionate notebook scrawls and sketches to productions that were mounted and shot to some degree of completion without ever being finished. Working from the archival remnants of several of the director's most fascinating unrealized projects, from his bold vision to film Marx's *Das Kapital* to his time in Hollywood struggling to adapt Dreiser's *An American Tragedy*, Dustin Condren's book reveals new aspects of Eisenstein's genius, showing the filmmaker in a constant state of process, open to working toward impossible and sometimes utopian ends, and committed to the pursuit of creative and theoretical discovery. Condren's analysis of these unrealized projects in *An*

Imaginary Cinema reveals Eisenstein at crucial moments of his personal and artistic biography and it also tells the wider story of a canonical artist negotiating the political labyrinths of Stalinist Russia the economic pitfalls of Hollywood and the technological shifts of early cinema Visualizing Haiti in U.S. Culture, 1910-1950 Lindsay J Twa, 2014-05-28 From the 1910s until the 1950s the Caribbean nation of Haiti drew the attention of many U S literary and artistic luminaries yet while significant studies have been published on Haiti s history none analyze visual representations with any depth This book argues that choosing Haiti as subject matter was a highly charged decision by American artists to use their artwork to engage racial social and political issues Twa scrutinizes photographs illustrations paintings and theatre as well as textual and archival sources *Sanctuary* Nicole Waligora-Davis, 2011 In 2005 hurricane Katrina and its aftermath starkly revealed the continued racial polarization of America Disproportionately impacted by the ravages of the storm displaced black victims were often characterized by the media as refugees The characterization was wrong headed and yet deeply revealing *Sanctuary* African Americans and Empire traces the long history of this and related terms like alien and foreign a rhetorical shorthand that has shortchanged black America for over 250 years In tracing the language and politics that have informed debates about African American citizenship *Sanctuary* in effect illustrates the historical paradox of African American subjecthood while frequently the target of legislation slave law the Black Codes and Jim Crow blacks seldom benefited from the actions of the state Blackness helped to define social cultural and legal aspects of American citizenship in a manner that excluded black people themselves They have been treated rather as foreigners in their home country African American civil rights efforts worked to change this Activists and intellectuals demanded equality but they were often fighting for something even more fundamental the recognition that blacks were in fact human beings As citizenship forced acknowledgement of the humanity of African Americans it thus became a gateway to both civil and human rights Waligora Davis shows how artists like Langston Hughes underscored the power of language to define political realities how critics like W E B Du Bois imagined democratic political strategies and how they and other public figures have used their writing as a forum to challenge the bankruptcy of a social economy in which the value of human life is predicated on race and civil identity **Papers Relating to Her Majesty's Colonial Possessions** ,1876 **The Marcus Garvey and Universal Negro Improvement Association Papers, Vol. VII** Marcus Garvey, 1983 Africa for the Africans was the name given in Africa to the extraordinary black social protest movement led by Jamaican Marcus Mosiah Garvey 1887 1940 Volumes I VII of the Marcus Garvey and Universal Negro Improvement Association Papers chronicled the Garvey movement that flourished in the United States during the 1920s Now the long awaited African volumes of this edition Volumes VIII and IX and a forthcoming Volume X demonstrate clearly the central role Africans played in the development of the Garvey phenomenon The African volumes provide the first authoritative account of how Africans transformed Garveyism from an external stimulus into an African social movement They also represent the most extensive collection of documents ever gathered on the early African nationalism of the inter

war period Here is a detailed chronicle of the spread of Garvey s call for African redemption throughout Africa and the repressive colonial responses it engendered Volume VIII begins in 1917 with the little known story of the Pan African commercial schemes that preceded Garveyism and charts the early African reactions to the UNIA Volume IX continues the story documenting the establishment of UNIA chapters throughout Africa and presenting new evidence linking Garveyism and nascent Namibian nationalism *The London Magazine* ,1820 *The London Gazette* ,1842 **Mango Tree**
