Lloyd, 2022-11-15

Why Black dignity is the paradigm of all dignity and Black philosophy is the starting point of all philosophy A bold attempt to determine the conditions of and the means for achieving racial justice Kirkus Reviews This radical work by one of the leading young scholars of Black thought delineates a new concept of Black dignity yet one with a long history in Black writing and action Previously in the West dignity has been seen in two ways as something inherent in one's station in life whether acquired or conferred by birth or more recently as an essential condition and right common to all of humanity In what might be called a work of observational philosophy an effort to describe the philosophy underlying the Black Lives Matter movement Vincent W Lloyd defines dignity as something performative not an essential quality but an action struggle against domination Without struggle there is no dignity He defines anti Blackness as an inescapable condition of American life and the slave's struggle against the master as the primal scene of domination and resistance Exploring the way Black writers such as Frederick Douglass Langston Hughes and Audre Lorde have dealt with themes such as Black rage Black love and Black magic Lloyd posits that Black dignity is the paradigm of all dignity and more audaciously that Black philosophy is the starting point of all philosophy **Start a Riot!**

**Wayward Feeling** Helene Strauss, 2022-05-30 Inventive new methods of audio visual mediation and aesthetic activism have been giving shape since at least the mid 2000s to feelings of despair disappointment and rage at the injustice that South Africa's colonial and apartheid histories continue to trail in their wake Wayward Feeling reveals how racism sexism and other forms of structural disenfranchisement have continued to assert themselves in affective terms and how these terms have been recast in spaces both public and intimate in post rainbow times Helene Strauss argues that the tension between aspiration and achievability has yielded modes of feeling that increasingly disrupt the thrall of post apartheid nation building and reconciliation myths even as wide spread attachment to the utopian ideals of the anti apartheid struggle continues to shape dissenting political organising and cultural production Drawing on a variety of audio visual forms including video installations conceptual artwork documentary film live art and sonic installations Wayward Feeling examines some of the affective resources that people in contemporary South Africa have been drawing on to make difficult lives more bearable

**Race, Gender, and Deviance in Xbox Live** Kishonna L. Gray, 2014-03-21 *Race, Gender, and Deviance in Xbox Live: Theoretical Perspectives from the Virtual Margins* provides a much-needed theoretical framework for examining deviant behavior and deviant bodies within one of the largest virtual gaming communities, Xbox Live. Previous research on video games has focused mostly on violence and examining violent behavior resulting from consuming this medium. This limited scope has skewed criminologists' understanding of video games and video game culture. Xbox Live has proven to be more than just a gaming platform for users; it has evolved into a multimedia entertainment outlet for more than 20 million users. This book examines the nature of social interactions within Xbox Live, which are often riddled with deviant

behavior including but not limited to racism and sexism The text situates video games within a hegemonic framework deploying whiteness and masculinity as the norm The experiences of the marginalized bodies are situated within the framework of deviance as they fail to conform to the hegemonic norm and become victims of racism sexism and other types of harassment Provides students researchers and practitioners with a baseline understanding of the structure of digitally mediated spaces such as Xbox Live Shows how the architecture of virtual spaces can foster racism sexism and possibly criminal activity Examines how unregulated virtual spaces lead to deviant acts and should be taken more seriously given the potential for criminal activity

**'Bitter with the Past but Sweet with the Dream': Communism in the African American Imaginary** Cathy Bergin, 2015-05-19 The legacy of the relationship between African American writers and Communism in the US is a contested one Bergin argues that in three novels by seminal mid century authors Wright Himes and Ellison Communism is not dismissed as incapable of meeting the demands of black political identity but is castigated for its refusal to do so A detailed focus on the political milieu in which these texts operate challenges many of the presumptions about the inability of Communism to comprehend racial oppression which dominate literary critical approaches to these novels She draws on the complex formations black political agency presumed and reproduced by American Communism during the Depression

**Revenge Capitalism** Max Haiven, 2020-05-20 Capitalism is in a profound state of crisis Beyond the mere dispassionate cruelty of ordinary structural violence it appears today as a global system bent on reckless economic revenge its expression found in mass incarceration climate chaos unpayable debt pharmaceutical violence and the relentless degradation of common life In Revenge Capitalism Max Haiven argues that this economic vengeance helps us explain the culture and politics of revenge we see in society more broadly Moving from the history of colonialism and its continuing effects today he examines the opioid crisis in the US the growth of surplus populations worldwide and unpacks the central paradigm of unpayable debts both as reparations owed and as a methodology of oppression Revenge Capitalism offers no easy answers but is a powerful call to the radical imagination
