Black Romance:

The Black Romantic Revolution Matt Sandler, 2020-09-08 The prophetic poetry of slavery and its abolition During the pitched battle over slavery in the United States Black writers enslaved and free allied themselves with the cause of abolition and used their art to advocate for emancipation and to envision the end of slavery as a world historical moment of possibility These Black writers borrowed from the European tradition of Romanticism lyric poetry prophetic visions to write speak and sing their hopes for what freedom might mean At the same time they voiced anxieties about the expansion of global capital and US imperial power in the aftermath of slavery They also focused on the ramifications of slavery's sexual violence Authors like Frances Ellen Watkins Harper George Moses Horton Albery Allson Whitman and Joshua McCarter Simpson conceived the Civil War as a revolutionary upheaval on par with Europe's stormy Age of Revolutions The Black Romantic Revolution proposes that the Black Romantics' cultural innovations have shaped Black radical culture to this day from the blues and hip hop to Black nationalism and Black feminism Their expressions of love and rage grief and determination dreams and nightmares still echo into our present

Black Love Matters Jessica P. Pryde, 2022-02-01 An incisive intersectional essay anthology that celebrates and examines romance and romantic media through the lens of Black readers writers and cultural commentators edited by Book Riot columnist and librarian Jessica Pryde Romantic love has been one of the most essential elements of storytelling for centuries But for Black people in the

United States and across the diaspora it hasn't often been easy to find Black romance joyfully showcased in entertainment media. In this collection, revered authors and sparkling newcomers, librarians and academicians, and avid readers and reviewers consider the mirrors and windows into Black love as it is depicted in the novels, television shows, and films that have shaped their own stories. Whether personal reflection or cultural commentary, these essays delve into Black love now and in the past, including topics from the history of Black romance to social justice and the Black community to the meaning of desire and desirability. Exploring the multifaceted ways love is seen and the ways it isn't, this diverse array of Black voices collectively shines a light on the power of crafting happy endings for Black lovers. Jessica Pryde is joined by Carole V. Bell, Sarah Hannah Gomez, Jasmine Guillory, DaShaun Harrison, Margo Hendricks, Adriana Herrera, Piper Huguley, Kosoko Jackson, Nicole M. Jackson, Beverly Jenkins, Christina C. Jones, Julie Moody Freeman, and Allie Parker in this collection.

Love in the Time of Self-Publishing Christine M. Larson, 2025-09-16. Lessons in creative labor, solidarity, and inclusion under precarious economic conditions. As writers, musicians, online content creators, and other independent workers fight for better labor terms, romance authors offer a powerful example and a cautionary tale about self-organization and mutual aid in the digital economy. In *Love in the Time of Self-Publishing*, Christine Larson traces the forty-year history of Romancelandia, a sprawling network of romance authors, readers, editors, and others who formed a unique community based on openness and collective support. Empowered by solidarity, American romance writers, once disparaged literary outcasts, became digital publishing's most innovative and successful authors. Meanwhile, a new surge of social media activism called attention to Romancelandia's historic exclusion of romance authors of color and LGBTQ writers, forcing a long overdue cultural reckoning. Drawing on the largest known survey of any literary genre, as well as interviews and archival research, Larson shows how romance writers became the only authors in America to make money from the rise of ebooks, increasing their median income by 73 percent while other authors plunged by 40 percent. The success of romance writers, Larson argues, demonstrates the power of alternative forms of organizing influenced by gendered working patterns. It also shows how networks of relationships can amplify or mute certain voices. Romancelandia's experience, Larson says, offers crucial lessons about solidarity for creators and other isolated workers in an increasingly risky employment world. Romancelandia's rise and near meltdown shows that gaining fair treatment from platforms depends on creator solidarity, but creator solidarity in turn depends on fair treatment of all members.

A Companion to African American Literature Gene Andrew Jarrett, 2010-05-10. Through a series of essays that explore the forms, themes, genres, historical contexts, major authors, and latest critical approaches, *A Companion to African American Literature* presents a comprehensive chronological overview of African American literature from the eighteenth century to the modern day. Examines African American literature from its earliest origins through the rise of antislavery literature in the decades leading into the Civil War to the modern development of contemporary African American cultural, media, literary aesthetics, and political ideologies. Addresses the latest critical and scholarly approaches to African American

Black Women Filmmakers and Black Love on Screen Brandale N. Mills, 2018-11-20. This book offers a thorough analysis of how romantic love between Black men and women, referred to here as Black Love, is portrayed in Hollywood films, specifically from the perspective of Black female filmmakers. Using historical and contemporary images of Black female representation in the media as a foundation, the main themes of this text focus on the male gaze's influence on Hollywood narratives, the necessity for the Black female perspective in Hollywood, and that perspective's influence on ideologies and narratives.

The Politics and Sociology of Silent Comedy Films Richard W. Waterman, 2025-05-19. Comedies were among the first films ever made, and comedy played a critical and often overlooked role in the early development of cinema. This original book holistically examines the political and sociological dimensions of silent comedy films and the motion picture industry at the turn of the 20th century. Richard Waterman takes a unique social science approach to the cinematic ecosystem and its development during this era, studying the wider context, the interconnected social, political, economic, and technological movements and forces that shaped film production, distribution, and consumption in this pivotal period in the history of film and culture. These include moral standards and censorship, class, racism, antisemitism, sexism, and the global film market. Additionally, the book analyzes specific films in depth to mine their themes, social context, and impact. Bridging the humanities and social sciences, this is a distinctive and valuable contribution to the study of early cinema.

Big Fiction Dan Sinykin, 2023-10-24. Shortlisted 2024 SHARP Book History Book Prize. Society for the History of Authorship, Reading, and Publishing. In the late 1950s, Random House editor Jason Epstein would talk jazz with Ralph Ellison or chat with Andy Warhol while pouring drinks in his office. By the 1970s, editors were poring over profit and loss statements. The electronics company RCA bought Random House in 1965, and then other large corporations purchased other formerly independent publishers. As multinational conglomerates consolidated the industry, the business of literature and literature itself transformed. Dan Sinykin explores how changes in the publishing industry have affected fiction, literary form, and what it means to be an author. Giving an inside look at the industry's daily routines, personal dramas, and institutional crises, he reveals how conglomeration has shaped what kinds of books and writers are published. Sinykin examines four different sectors of the publishing industry: mass-market books by brand-name authors like Danielle Steel; trade publishers that encouraged genre elements in literary fiction; nonprofits such as Graywolf that aspired to protect literature from market pressures; and the distinctive niche of employee-owned W.W. Norton. He emphasizes how women and people of color navigated shifts in publishing, arguing that writers such

as Toni Morrison allegorized their experiences in their fiction Big Fiction features dazzling readings of a vast range of novelists including E L Doctorow Judith Krantz Renata Adler Stephen King Joan Didion Cormac McCarthy Chuck Palahniuk Patrick O Brian and Walter Mosley as well as vivid portraits of industry figures Written in gripping and lively prose this deeply original book recasts the past six decades of American fiction The African-American Writer's Guide to Successful Self-publishing Takesha D. Powell,2004 With a ten step plan former Jive Intimacy magazine editor and self published author Powell shows aspiring authors how to turn their writing skills into a successful and profitable moneymaking writing and book publishing career Ebony ,1991-02 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine *Media Texts, Authors and Readers* David Graddol,Oliver Boyd-Barrett,1994 A collection of 18 articles most previously published illustrating some recent applications of linguistics and literary criticism to the electronic mass media They cover texts and linguistic theory the structure of texts the problem of authorship and the role of the reader viewer One of four readers for use in an Open University course Annotation copyright by Book News Inc Portland OR **Feminist Aesthetics and the Politics of Modernism** Ewa Płonowska Ziarek,2012 Ewa Ziarek fully articulates a feminist aesthetics focusing on the struggle for freedom in women s literary and political modernism and the devastating impact of racist violence and sexism She examines the contradiction between women s transformative literary and political practices and the oppressive realities of racist violence and sexism and she situates these tensions within the entrenched opposition between revolt and melancholia in studies of modernity and within the friction between material injuries and experimental aesthetic forms Ziarek s political and aesthetic investigations concern the exclusion and destruction of women in politics and literary production and the transformation of this oppression into the inaugural possibilities of writing and action Her study is one of the first to combine an in depth engagement with philosophical aesthetics especially the work of Theodor W Adorno with women s literary modernism particularly the writing of Virginia Woolf and Nella Larsen along with feminist theories on the politics of race and gender By bringing seemingly apolitical gender neutral debates about modernism s experimental forms together with an analysis of violence and destroyed materialities Ziarek challenges both the anti aesthetic subordination of modern literature to its political uses and the appreciation of art s emancipatory potential at the expense of feminist and anti racist political struggles Democracy Moving Ariel Nereson,2022-01-20 Explores the potential of movement to create and revise historical narratives of race and nation Detecting Men Philippa Gates,2012-02-01 Detecting Men examines the history of the Hollywood detective genre and the ways that detective films have negotiated changing social attitudes toward masculinity heroism law enforcement and justice Genre film can be a site for the expression and resolution of problematic social issues but while there have been many studies of such other male genres as war films gangster films and Westerns relatively little attention has been paid to detective films beyond film noir In this volume Philippa Gates examines classical

films of the thirties and forties as well as recent examples of the genre including Die Hard the Lethal Weapon films The Usual Suspects Seven Devil in a Blue Dress and Murder by Numbers in order to explore social anxieties about masculinity and crime and Hollywood's conceptions of gender Up until the early 1990s Gates argues the primary focus of the detective genre was the masculinity of the hero However from the mid 1990s onward the genre has shifted to more technical portrayals of crime scene investigation forensic science and criminal profiling offering a reassuring image of law enforcement in the face of violent crime By investigating the evolution of the detective film Gates suggests perhaps we can detect the male
