Black Saturnalia:

Jamaica in Slavery and Freedom Kathleen E. A. Monteith, Glen Richards, 2002 Jamaica's rich history has been the subject of many books, articles and papers. This collection of eighteen original essays considers aspects of Jamaican history not covered in more general histories of the island and illuminates more recent developments in Jamaican and West Indian history. Unique in its interdisciplinary approach, the collection emphasizes the relevance of history to everyday life and the development of a national identity, culture and economy. The essays are organized in three sections: Historiography and Sources, Society, Culture and Heritage, and Economy, Labour and Politics, with contributions from scholars in the Departments of History, Literatures in English and Political Sciences and from the Main Library, University of the West Indies, Mona, Jamaica. Origins of the Black Atlantic Laurent Dubois, Julius S. Scott, 2013-01-11 Between 1492 and 1820 about two thirds of the people who crossed the Atlantic to the Americas were Africans. With the exception of the Spanish, all the European empires settled more Africans in the New World than they did Europeans. The vast majority of these enslaved men and women worked on plantations and their labor was the foundation for the expansion of the Atlantic economy during the seventeenth and eighteenth centuries. Until relatively recently, comparatively little attention was paid to the perspectives, daily experiences, hopes and especially the political ideas of the enslaved who played such a central role in the making of the Atlantic world. Over the past decades, however, huge strides have been made in the study of the history of slavery and emancipation in the Atlantic world. This collection brings together some of the key contributions to this growing body of scholarship, showing a range of methodological approaches that can be used to understand and reconstruct the lives of these enslaved people.

Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts, offers a compendium of information and interpretation on over 500 years of black experience in America.

The Roots of African American Drama James V. Hatch, Leo Hamalian, 1992-01-04 Biographic information and a bibliography of other plays follow each script, providing readers with added sources for study.

The African Diaspora Isidore Okpewho, Carole Boyce Davies, Ali Al'Amin Mazrui, 1999 How black people established their identities in the African diaspora.
