Racial Innocence Tanya Katerí Hernández, 2022-08-23 Profound and revelatory Racial Innocence tackles head on the insidious grip of white supremacy on our communities and how we all might free ourselves from its predation Tanya Kater Hernández is fearless and brilliant What fire Junot Díaz The first comprehensive book about anti Black bias in the Latino community that unpacks the misconception that Latinos are exempt from racism due to their ethnicity and multicultural background Racial Innocence will challenge what you thought about racism and bias and demonstrate that it is possible for a historically marginalized group to experience discrimination and also be discriminatory Racism is deeply complex and law professor and comparative race relations expert Tanya Kater Hernández exposes the Latino racial innocence cloak that often veils Latino complicity in racism As Latinos are the second largest ethnic group in the US

this revelation is critical to dismantling systemic racism Basing her work on interviews discrimination case files and civil rights law Hernandez reveals Latino anti Black bias in the workplace the housing market schools places of recreation the criminal justice system and Latino families By focusing on racism perpetrated by communities outside those of White non Latino people Racial Innocence brings to light the many Afro Latino and African American victims of anti Blackness at the hands of other people of color Through exploring the interwoven fabric of discrimination and examining the cause of these issues we can begin to move toward a more egalitarian society

Latino Politics en Ciencia Pol[ítica] Tony Affigne, Evelyn Hu-DeHart, Marion Orr, 2014 More than 53 million Latinos now constitute the largest fastest growing and most diverse minority group in the United States and the nation's political future may well be shaped by Latinos continuing political incorporation In the 2012 election Latinos proved to be a critical voting bloc in both Presidential and Congressional races this demographic will only become more important in future American elections Using new evidence from the largest ever scientific survey addressed exclusively to Latino Hispanic respondents Latino Politics en Ciencia Politica explores political diversity within the Latino community considering how intra community differences influence political behavior and policy preferences The editors and contributors all noted scholars of race and politics examine key issues of Latino politics in the contemporary United States Latino identities latinidad transnationalism acculturation political community and racial consciousness The book contextualizes today's research within the history of Latino political studies from the field's beginnings to the present explaining how systematic analysis of Latino political behavior has over time become integral to the study of political science Latino Politics en Ciencia Politica is thus an ideal text for learning both the state of the field today and key dimensions of Latino political attitudes

The Browning of the New South Jennifer A. Jones, 2019-05-13 Studies of immigration to the United States have traditionally focused on a few key states and urban centers but recent shifts in nonwhite settlement mean that these studies no longer paint the whole picture Many Latino newcomers are flocking to places like the Southeast where typically few such immigrants have settled resulting in rapidly redrawn communities In this historic moment Jennifer Jones brings forth an ethnographic look at changing racial identities in one Southern city Winston Salem North Carolina This city turns out to be a natural experiment in race relations having quickly shifted in the past few decades from a neatly black and white community to a triracial one Jones tells the story of contemporary Winston Salem through the eyes of its new Latino residents revealing untold narratives of inclusion exclusion and interracial alliances The Browning of the New South reveals how one community's racial realignments mirror

and anticipate the future of national politics **The Oxford Handbook of the Politics of International Migration** Marc R. Rosenblum, Daniel J. Tichenor, 2012-06-28 Twenty nine specialists offer their perspectives on migration from a wide variety of fields political science sociology economics and anthropology Handbook of Racial and Ethnic Minority Psychology Guillermo Bernal, 2003 During the past 30 years the study of racial and ethnic minority issues in psychology has evolved into what can now be considered a significant and rapidly growing field of study This handbook presents a thorough scholarly overview of the psychology of racial ethnic and minority issues in the United States It covers the breadth of psychology viewed through the lens of the racial and ethnic minority experience The stellar collection of contributing authors provide readers with a comprehensive work that focuses on the professional methodological social and developmental clinical and applied and preventive issues shaping the field today Highlighting leading research and application in the area of ethnic minority psychology the Handbook will help set the direction of scholarly work in the area for years to come Features Developed by a superb editorial team this handbook contains unique contributions by leading authorities in the area of racial and ethnic minority psychology The handbook incorporates major sub fields within psychology emphasizing in particular those that have wide ranging and current research on racial and ethnic minority issues such as developmental social and clinical psychology The handbook was conceived to support the efforts of the Society for Psychological Studies of Ethnic Minority Issues Division 45 of the American Psychological Association **Gale Researcher Guide for: The Globalization of Racism** Frank A. Salamone, 2018-09-28 Gale Researcher Guide for The Globalization of Racism is selected from Gale s academic platform Gale Researcher These study guides provide peer reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research **Trust in Black America** Shayla Nunnally, 2023-11-21 The more citizens trust their government the better democracy functions However African Americans have long suffered from the lack of equal protection by their government and the racial discrimination they have faced breaks down their trust in democracy Rather than promoting democracy the United States government has from its inception racially discriminated against African American citizens and other racial groups denying them equal access to citizenship and to protection of the law Civil rights violations by ordinary citizens have also tainted social relationships between racial groups social relationships that should be meaningful for enhancing relations between citizens and the government at large Thus trust and democracy do not function in American politics the way they should in part because trust is not color blind Based on the premise that racial discrimination breaks down trust in a democracy Trust in Black America examines the effect of race on African Americans lives Shayla Nunnally analyzes public opinion data from two national surveys to provide an updated and contemporary analysis of African Americans political socialization and to explore how African Americans learn about race She argues that the uncertainty risk and unfairness of institutionalized racial discrimination has led African Americans to have a fundamentally different understanding of American race relations so

much so that distrust has been the basis for which race relations have been understood by African Americans Nunnally empirically demonstrates that race and racial discrimination have broken down trust in American democracy **African American Urban History since World War II** Kenneth L. Kusmer, Joe W. Trotter, 2009-08-01 Historians have devoted surprisingly little attention to African American urban history of the postwar period especially compared with earlier decades Correcting this imbalance *African American Urban History since World War II* features an exciting mix of seasoned scholars and fresh new voices whose combined efforts provide the first comprehensive assessment of this important subject The first of this volume's five groundbreaking sections focuses on black migration and Latino immigration examining tensions and alliances that emerged between African Americans and other groups Exploring the challenges of residential segregation and deindustrialization later sections tackle such topics as the real estate industry's discriminatory practices the movement of middle class blacks to the suburbs and the influence of black urban activists on national employment and social welfare policies Another group of contributors examines these themes through the lens of gender chronicling deindustrialization's disproportionate impact on women and women's leading roles in movements for social change Concluding with a set of essays on black culture and consumption this volume fully realizes its goal of linking local transformations with the national and global processes that affect urban class and race relations *The Architecture of Desire* Solangel Maldonado, 2024-05-21 Explores the reach of the law into our most personal and private romantic lives *The Architecture of Desire* examines how the law influences our most personal and private choices who we desire and choose as intimate partners and explores the psychological economic and social effects of these choices Romantic preferences as shaped by law perpetuate segregation and subordination by limiting on the basis of race individuals' prospects for marriage and marriage-like commitments as well as economic and social mobility The book begins by tracing the legacy of slavery anti-miscegenation segregation and racially discriminatory immigration laws to show how this legal landscape facilitated the residential economic and social distance between racial and ethnic groups which in turn continue to shape romantic preferences today Solangel Maldonado argues that the law further influences intimate choices by structuring the spaces within which individuals meet and interact via practices such as redlining gentrification and zoning Maldonado includes studies of online and offline dating preferences to demonstrate that romantic predilections follow a gendered racial hierarchy in which Whites are at the top African Americans at the bottom and depending on skin tone Asian Americans and Latinos in the middle These preferences may be explicit implicit or both but they are usually the result of stereotypes reflected in social and cultural norms Furthermore since marriage confers substantial legal economic and social advantages sexual racism further limits an individual's opportunity to find a partner and reap these benefits Finally the book proposes ways to minimize the law's influence over who we desire love and bring into our families such as changes to dating platforms as well as to housing education and transportation policies *Houston Bound* Tyina Steptoe, 2015-11-03 From World War I through

the 1960s Houston was transformed into one of the most ethnically and racially diverse urban areas in the United States Houston Bound draws on social and cultural history to show how despite Anglo attempts to fix racial categories through Jim Crow laws converging migrations particularly those of Mexicans and Creoles complicated ideas of blackness and whiteness and introduced different understandings about race This migration history also traces the emergence of Houston's blues and jazz scenes in the 1920s as well as the hybrid forms of these genres like zydeco and Tejano soul that arose when migrants forged shared social space Houston's location on the Gulf Coast poised between the American South and the West provides for a particularly rich examination of how the histories of colonization slavery and segregation produced divergent ways of thinking about race Provided by publisher *Mexican Americans and the Question of Race* Julie A. Dowling, 2014-03-15 Honorable Mention Oliver Cromwell Cox Book Award presented by the Racial and Ethnic Minorities Section of the American Sociological Association 2015 With Mexican Americans constituting a large and growing segment of U.S. society their assimilation trajectory has become a constant source of debate Some believe Mexican Americans are following the path of European immigrants toward full assimilation into whiteness while others argue that they remain racialized as nonwhite Drawing on extensive interviews with Mexican Americans and Mexican immigrants in Texas Dowling's research challenges common assumptions about what informs racial labeling for this population Her interviews demonstrate that for Mexican Americans racial ideology is key to how they assert their identities as either in or outside the bounds of whiteness Emphasizing the link between racial ideology and racial identification Dowling offers an insightful narrative that highlights the complex and highly contingent nature of racial identity *The Racial Politics of Division* Monika Gosin, 2019-06-15 *The Racial Politics of Division* deconstructs antagonistic discourses that circulated in local Miami media between African Americans white Cubans and black Cubans during the 1980 Mariel Boatlift and the 1994 Balsero Crisis Monika Gosin challenges exclusionary arguments pitting these groups against one another and depicts instead the nuanced ways in which identities have been constructed negotiated rejected and reclaimed in the context of Miami's historical multiethnic tensions Focusing on ideas of legitimacy Gosin argues that dominant race making ideologies of the white establishment regarding worthy citizenship and national belonging shape inter minority conflict as groups negotiate their precarious positioning within the nation Rejecting oversimplified and divisive racial politics *The Racial Politics of Division* portrays the lived experiences of African Americans white Cubans and Afro Cubans as disrupters in the binary frames of worth citizenship narratives Foregrounding the oft neglected voices of Afro Cubans Gosin posits new narratives regarding racial positioning and notions of solidarity in Miami By looking back to interethnic conflict that foreshadowed current demographic and social trends she provides us with lessons for current debates surrounding immigration interethnic relations and national belonging Gosin also shows us that despite these new demographic realities white racial power continues to reproduce itself by requiring complicity of racialized groups in exchange for a tenuous claim on US citizenship *Inocencia Racial* Tanya Katerí

Hernández,2024-08-06 Profound and revelatory Racial Innocence tackles head on the insidious grip of white supremacy on our communities and how we all might free ourselves from its predation Tanya Kater Hernández is fearless and brilliant What fire Junot Díaz Ahora disponible en español el primer libro exhaustivo sobre la antinegritud en la comunidad latina que desenmascara la idea equivocada de que los latinos están exentos de racismo debido a su origen étnico y multicultural Now available in Spanish the first comprehensive book about anti Black bias in the Latino community that unpacks the misconception that Latinos are exempt from racism due to their ethnicity and multicultural background Inocencia racial sacando a la luz las voces silenciadas de las víctimas afrolatinas y afroamericanas de la antinegritud de los latinos Mediante estudios de caso jurídicos que prueban el discrimen Hernández profesora afrolatina de Derecho experta en CRT la teoría crítica de la raza desmiente la alegación de que la cultura de los latinos por ser mestiza los escuda del prejuicio Con ejemplos diversos que nunca llegan a los titulares e incluyen los contextos del trabajo el mercado de vivienda las escuelas los lugares de recreación y la justicia criminal Hernández prueba la existencia del racismo latino Inocencia racial demuestra que el racismo en Estados Unidos es complejo y multifacético y que es posible que un grupo históricamente marginado que ahora constituye el segundo grupo racial étnico más grande de los Estados Unidos sea víctima de discrimen y a la vez discrimine Este análisis pionero valiente y urgente de la antinegritud latina y cómo enfrentarla correctamente impugnar y transformar nuestras discusiones acerca de la raza Racial Innocence excavates the otherwise silenced voices of the Afro Latino and African American victims of Latino anti Blackness Hernández an Afro Latina law professor and expert in critical race theory exposes the claim that Latinos racially mixed culture shields them from bias by showing how legal case studies prove discrimination Through varied examples from around the country including the workplace the housing market schools places of recreation and criminal justice contexts that never make the headlines Hernández proves the existence of Latino racism Racial Innocence demonstrates that US racism is complex and multifaceted and that it is possible for a historically marginalized group now the second largest racial ethnic group in the United States to experience discrimination while simultaneously being discriminatory Bold and urgent this trailblazing analysis of Latino anti Blackness and how to properly address it will challenge and transform our conversations about race
