Black Female Playwrights:

Black Female Playwrights Kathy A. Perkins, 1990-10-22 Fine reading and a superb resource Ms Highly recommended Library Journal Perkins has chosen the plays well and her issue oriented introduction places the women and their works in a literary and historical context Choice As well as being centered on the black experience the plays in Black Female Playwrights are centered on the female experience Voice Literary Supplement Perkins anthology is valuable for a number of reasons Perkins book which includes a bibliography of plays and pageants by black women before 1950 as well as a selected bibliography of critical works is a major help in providing access to the world of black drama Theatre Journal The need to acknowledge these works was the impetus behind this volume Perkins has selected nineteen plays from seven writers who were among the major dramatizers of the black experience during this early period As forerunners to the activist black theater of the 1950s and 1960s these plays represent a critical stage in the development of black drama in the United States

Contemporary African American Female Playwrights Dana A. Williams, 1998-06-30 Lorraine Hansberry's *A Raisin in the Sun* 1959 was a major dramatic success and brought to the world's attention the potential talent of African American women playwrights But in spite of Hansberry's landmark contribution both the theater and the literary world have often failed to include contemporary African American female playwrights within the circle of production publication and criticism In African American drama anthologies female playwrights are seldom given the degree of attention that is accorded their male counterparts And because of space constraints anthologies of works by women playwrights are forced to exclude numerous female dramatists including African Americans Meanwhile some scholars have argued that the works of African American female playwrights are seldom produced in the mainstream theater because these plays frequently challenge the views of white America But as *A Raisin in the Sun* demonstrates plays by African American women dramatists can have a powerful message and are worthy of attention A comprehensive research tool this annotated bibliography sheds light on the often neglected works of contemporary African American female playwrights Included within its scope are those dramatists who have had at least one work published since 1959 the year of Hansberry's monumental achievement The first section provides a listing of anthologies that include one or more plays written by an African American female dramatist The second gives entries for reference works and for scholarly and critical studies of the dramatists and their plays The third presents a listing of published plays by individual dramatists along with a summary of each drama the works of each playwright that are related to drama and secondary sources that treat the dramatists and their plays Entries are accompanied by concise but informative annotations and the volume closes with a list of periodicals that frequently publish criticism of African American female playwrights a section of brief biographical sketches of the dramatists and extensive indexes *African American Women Playwrights* Christy Gavin, 1999 First Published in 1999 Routledge is an imprint of Taylor Francis an informal company **Contemporary Black and Asian Women Playwrights in Britain** Gabriele Griffin, 2003-12-08 This text was

Anna Julia Cooper, Visionary Black Feminist Vivian M. May, 2012-08-21 Vivian M May explores the theoretical and political contributions of Anna Julia Cooper a renowned Black feminist scholar educator and activist whose ideas deserve far more attention than they have received Drawing on Africana and feminist theory May places Cooper's theorizing in its historical contexts and offers new ways to interpret the evolution of Cooper's visionary politics subversive methodology and defiant philosophical outlook Rejecting notions that Cooper was an elitist duped by dominant ideologies May contends that Cooper's ambiguity code switching and irony should be understood as strategies of a radical methodology of dissent May shows how across six decades of work Cooper traced history's silences and delineated the workings of power and inequality in an array of contexts from science to literature economics to popular culture religion to the law education to social work and from the political to the personal May emphasizes that Cooper eschewed all forms of mastery and called for critical consciousness and collective action on the part of marginalized people at home and abroad She concludes that in using a border crossing intersectional approach Cooper successfully argues for theorizing from experience develops inclusive methods of liberation and crafts a vision of a fundamentally egalitarian social imaginary

Performative Inter-Actions in African Theatre 3 Kene Igweonu, Osita Okagbue, 2014-01-02 This book is part of a three volume book set published under the general title of *Performative Inter Actions in African Theatre*. Each of the three books in the set has a unique subtitle that works to better focus its content and differentiates it from the other two volumes. The contributors' backgrounds and global spread adequately reflect the international focus of the three books that make up the collection. The contributions in their various ways demonstrate the many advances and ingenious solutions adopted by African theatre practitioners in tackling some of the challenges arising from the adverse colonial experience as well as the one-sided advance of globalisation. The contributions attest to the thriving nature of African theatre and performance which in the face of these challenges has managed to retain its distinctiveness while at the same time acknowledging, contesting and appropriating influences from elsewhere into an aesthetic that is identifiably African. Consequently the three books are presented as a comprehensive exploration of the current state of African theatre and performance both on the continent and diaspora. *Performative Inter Actions in African Theatre 3 Making Space Rethinking Drama and Theatre in Africa* offers essays that seek to reconceptualise notions of drama and theatre in Africa and therefore redefine our understanding of the practice, role and place they occupy in a constantly evolving African socio-cultural contexts. Contributions in *Making Space Rethinking Drama and Theatre in Africa* range from essays that explore notions of space in performance to those that challenge the perceived orthodoxy of conventional forms and approaches to theatre.

Peculiar Passages Carol Allen, 2005 This book features African American women playwrights from 1875 to 2000 with an emphasis on the late nineteenth century, a period rarely treated in regard to women's drama. Highlighting the lesser-known Pauline Hopkins, Angelina Weld Grimké, Georgia Douglas Johnson, Eulalie Spence and May Miller and the well-known Zora Neale Hurston, Alice Childress, Adrienne Kennedy and Ntozake Shange, *Peculiar Passages* argues that these playwrights' efforts define a tradition characterized by quick change, mobility, sensitivity to vernacular forms and dedication to intertextual dialogue. Situating the plays within a broader context, the book also connects them to minstrelsy, the Passion Play and the Black Arts Movement.
