Black Flag:

Spray Paint the Walls: The Story of Black Flag Stevie Chick, 2009-12-14 They were the pioneers of American hardcore forming in California in 1978 and splitting up 8 years later leaving behind them a trail of blood, carnage and brutal brilliant music. Throughout the years they fought with the police, record industry and their own fans. This is the band's story from the inside drawing upon exclusive interviews with the group's members, their contemporaries and the groups who were inspired by them. It's also the story of American hardcore music from the perspective of the group who did more to take the sound to the clubs, squats and community halls of America than any other. *Coding Club Black Flag* Matt Langley, 2014-09-25 In Marshall Trent's Reunited Kingdom every citizen of New Edgehill has a Neurochip implanted within them. The Neurochip links directly to the Neuralnet. The Neuralnet sees and records every thought, movement and microscopic detail of every life in New Edgehill. Absolute control. Cal Jones believes he is no different from everyone else. That is until he saves the life of Sasha and learns that everything that he thought was true is in fact a lie. He discovers an underground group, the Anarchists, living outside of the Neuralnet and harbouring a secret that will change his life forever. Join Cal on this dangerous adventure as he discovers the underground world of the Anarchists. Do you have the skills to avoid detection by Marshall Trent's Enforcers? It's tough out there. Cal's in deep trouble. He needs you. Test your problem-solving skills by unlocking the coding challenges given to new recruits that can be found at www.cambridge.org/codingclub/blackflag. This Ain't the Summer of Love Steve Waksman, 2009-02-04 This lively and entertaining revisionist history of rock music after 1970 reconsiders the roles of two genres: heavy metal and punk. Instead of considering metal and punk as aesthetically opposed to each other, Steve Waksman breaks new ground by showing that a profound connection exists between them. Metal and punk enjoyed a charged, intimate relationship that informed both genres in terms of sound, image and discourse. This Ain't the Summer of Love traces this connection back to the early 1970s when metal first asserted its identity and punk arose independently as an ideal about what rock should be and could become and upends established interpretations of metal and punk and their place in rock history.
