Colored Heavyweight Championship, 1876-1937 Mark Allen Baker, 2020-09-14 For six decades the World Colored Heavyweight Championship was a useful tool of racial oppression the existence of the title far more important to the white public than its succession of champions It took some extraordinary individuals most notably Jack Johnson to challenge the color line in the ring although the title and the black fighters who contended for it continued until the reign of Joe Louis a generation later This history traces the advent and demise of the Championship the stories of the 28 professional athletes who won it and the demarcation of the color line both in and out of the ring **Bare-Knuckle Britons and Fighting Irish**

Adam Chill, 2017-08-11 Boxing was phenomenally popular in 18th and 19th century Britain Aristocrats attended matches and

patronized boxers and the most important fights drew tens of thousands of spectators Promoters of the sport claimed that it showcased the timeless and authentic ideal of English manhood a rock of stability in changing times Yet many of the best fighters of the era were Irish Jewish or black This history focuses on how boxers journalists politicians pub owners and others used national religious and racial identities to promote pugilism and its pure English pedigree even as ethnic minorities won distinction in the sport putting the diversity of the Empire on display *A Son's Return* Sterling A. Brown, 1996 Essays on African American politics literature and music by Sterling A Brown 1901 1989 which point out the biases against black Americans in white cultural expression and argue for a recognition of the cultural contributions of African Americans

Making America / Making American Literature ,2021-11-01 If 1776 heralds America s Birth of the Nation so too it witnesses the rise of a matching and overlapping American Literature For between the 1770s and the 1820s American writing moves on from the ancestral Puritanism of New England and Virginia though not as yet into the American Renaissance so strikingly called for by Ralph Waldo Emerson Even so the concourse of voices which arise in this period that is between and including Benjamin Franklin and James Fenimore Cooper mark both a key transitional literary generation and yet one all too easily passed over in its own imaginative right This collection of fifteen specially commissioned essays seeks to establish new bearings a revision of one of the key political and literary eras in American culture Not only are Franklin and Cooper themselves carefully re evaluated in the making of America s new literary republic but figures like Charles Brockden Brown Washington Irving Philip Freneau William Cullen Bryant the other Alexander Hamilton and the playwrights Royall Tyler and William Dunlop Other essays take a more inclusive perspective whether American epistolary fiction a first generation of American women authored fiction the public discourse of *The Federalist Papers* the rise of the American periodical or the founding African American generation of Phillis Wheatley What unites all the essays is the common assumption that the making of America was as much a matter of creating its national literature as the making of American literature was a matter of shaping a national identity **Blacks and Whites in Christian America** Jason E.

Shelton, Michael O Emerson, 2012-10-08 2012 Winner of the C Calvin Smith Award presented by the Southern Conference on African American Studies Inc 2014 Honorable Mention for the Distinguished Book Award presented by the American Sociological Association s Sociology of Religion Section Conventional wisdom holds that Christians as members of a universal religion all believe more or less the same things when it comes to their faith Yet black and white Christians differ in significant ways from their frequency of praying or attending services to whether they regularly read the Bible or believe in Heaven or Hell In this engaging and accessible sociological study of white and black Christian beliefs Jason E Shelton and Michael O Emerson push beyond establishing that there are racial differences in belief and practice among members of American Protestantism to explore why those differences exist Drawing on the most comprehensive and systematic empirical analysis of African American religious actions and beliefs to date they delineate five building blocks of black Protestant faith

which have emerged from the particular dynamics of American race relations Shelton and Emerson find that America's history of racial oppression has had a deep and fundamental effect on the religious beliefs and practices of blacks and whites across America

Hagar, Sarah, And Their Children Letty M. Russell, In different ways Judaism Christianity and Islam all trace their beginnings to Abraham His wives Hagar and Sarah though also pivotal in the story have received far less attention In this book however noted Jewish Christian and Muslim scholars focus on Hagar Sarah and their children from Ishmael and Isaac to their many descendants through the centuries Moving from ancient and

medieval sources to contemporary appropriations of the Sarah and Hagar story the authors begin with an overview of the three religions from their scriptural beginnings to their contemporary questions They then explore how the story was developed after its canonization in rabbinic interpretations in the stories of Islam and in the teachings of the early church fathers They also present contemporary womanist and feminist perspectives Timely relevant and provocative this book provides an entree into interreligious discussion and understanding

Black and Mormon Newell G. Bringhurst, Darron T.
