Life Experience of a Self Respecting Black Man J Pierre, 2013-07 The book is about my life my experiences and the naked truth of human nature The misunderstanding of racism the value of education dignity and a change that can lead to unification of all people Many must not be judged or condemned for the actions mistakes and the misunderstandings of a few I was victimized but my victimization does not lead to condemnation but it leads to education motivation and courage Prioritizing ethical standards before money and properties One must understand stealing 25 cents is equivalent to stealing 25 million dollars The value of one human life must be more valuable than million of dollars regardless of the situations Finally all police officers must be highly educated all over the United State of America

When a Black Man Loves Wine Zachary Marcus Cesare Harris, 2025-04-01 This all basically started as a response to someone who was frustrated at certain repeating scenarios combined with the frustrations I see not only in the world of wine but the U S wine market specifically So what happens when you take an unapologetic Black guy from West Philly West Philadelphia born and raised with a diverse background whose been in many places and spaces that most folks would never imagine who falls in love with wine and learns it from a different perspective from how many are traditionally taught Throw him in a scenario where he then puts a wine deal together and sees both the lies and the truths and realizes he could do it better he just needs the money Then set him on a course that would introduce him to thousands of wines and winemakers taking him to portfolio tastings trade shows and lunches hosted tours and B2B experiences from NY to DC in the United States as well as Italy Portugal and Spain making tons of friends and associates along the way And also uncovering more lies that most people never see That s one way of looking at what has transpired since I first had some wonderful wines that fateful Friday night in 2006 when I went into Panorama Restaurant for a glass of wine not knowing where that would lead me And before I had gotten the idea and

inspiration to jump into the industry I could see so many issues within it and so many missed opportunities So these are my thoughts musings analysis critiques experiences and revelations If you want to know about my journey so far this is for you If you look like me and are considering jumping into the wine industry you want to read this one If you are trying to sell wines in the US market or are doing it and could be selling more give this a read You might agree you might disagree you might laugh and you might get pissed off at various parts of this book Honestly you should But let me tell you one very important thing I don't hold back and so you might come away with some different ways of looking at things that you might not have ever considered before
