Mysticism Jess Hollenback, 1996-09-15 This sweeping study of mysticism by Jess Hollenback considers the writings and experiences of a broad range of traditional religious mystics including Teresa of Avila, Black Elk and Gopi Krishna. It also makes use of a new category of sources that more traditional scholars have almost entirely ignored, namely the autobiographies and writings of contemporary clairvoyants, mediums and out of body travelers. This study contributes to the current debate about the contextuality of mysticism by presenting evidence that not only are the mystic's interpretations of and responses to experiences culturally and historically conditioned, but historical context and cultural environment decisively shape both the perceptual and affective content of the mystic's experience as well. Hollenback also explores the linkage between the mystic's practice of recollection and the onset of other unusual or supernormal manifestations such as photisms, the ability to see auras, telepathic sensitivity, clairvoyance and out of body experiences. He demonstrates that these extraordinary phenomena can actually deepen our understanding of mysticism in unexpected ways. A unique feature of this book is its in-depth analysis of empowerment, an important phenomenon ignored by most scholars of mysticism. Empowerment is a peculiar enhancement of the imagination, thoughts and desires that frequently accompanies mystical states of consciousness. Hollenback shows its cross-cultural persistence, its role in constructing the perceptual and existential environments within which the mystic dwells, and its linkage to the fundamental contextuality of mystical experience.

The Cold-And-Hunger Dance Diane Glancy, 2002-10-01 *The Cold and Hunger Dance* is an imaginative and honest account of Diane Glancy's journeys to and from the margins of memory, everyday life, and different cultural worlds that combine her Cherokee heritage and her Christian faith. Along the way, familiar images and concepts are juxtaposed to create a literary terrain that is both engaging and unsettling. The Bible and Black Elk Speaks converse. Glancy's dispute with a local bakery is played out as if on a world stage of warring nations. Eggs and cultural identity implicate each other, and lost Native languages speak powerfully through their silences to modern Native writers. The creative twists and darting metaphoric excursions engendered by this journey provide an intimate glimpse into the process and problematics of language for modern Native authors.
