**Handbook on Politics and Society** Shireen Hassim, Anna C.

Korteweg, 2025-06-09 This ground breaking Handbook decentres theories of social and political arrangements originating from parochial histories of Europe and North America Connecting the politics of race class sexuality and gender it provides critical perspectives on capitalism states and political mobilisation and adopts an interdisciplinary approach to key contemporary issues in politics and society Church Growth in Britain Dr David Goodhew, 2013-06-28 There has been substantial church growth in Britain between 1980 and 2010 This is the controversial conclusion from the international team of scholars who have drawn on interdisciplinary studies and the latest research from across the UK Such church growth is seen to be on a large scale is multi ethnic and can be found across a wide range of social and geographical contexts It is

happening inside mainline denominations but especially in specific regions such as London in newer churches and amongst ethnic minorities Church Growth in Britain provides a forceful critique of the notion of secularisation which dominates much of academia and the media and which conditions the thinking of many churches and church leaders This book demonstrates that whilst decline is happening in some parts of the church this needs to be balanced by recognition of the vitality of large swathes of the Christian church in Britain Rebalancing the debate in this way requires wholesale change in our understanding of contemporary British Christianity AF Press Clips ,1987 *Still a House Divided* Desmond King,Rogers M.
