**The Rich Earth between Us** Shelby Johnson,2024-03-01 In this theory rich study Shelby Johnson analyzes the works of Black and Indigenous writers in the Atlantic World examining how their literary production informs modes of being that confronted violent colonial times Johnson particularly assesses how these authors connected to places whether real or imagined and how those connections enabled them to make worlds in spite of the violence of slavery and settler colonialism Johnson engages with works written in a period engulfed by the extraordinary political and social upheavals of the Age of Revolution and Indian Removal and these texts which include not only sermons life writing and periodicals but also descriptions of embodied and oral knowledge as well as material objects register defiance to land removal and other forms of violence In studying writers of color during this era Johnson probes the histories of their lived environment and of the earth itself its limits its finite resources and its metaphoric mortality in a way that offers new insights on what it means to imagine sustainable connections to the ground on which we walk      Dark Agoras J.T. **Capitalism** Jonathan Tran, 2022 Any serious consideration of Asian American life forces us to reframe the way we talk about racism and antiracism There are two contemporary approaches to antiracist theory and practice The first emphasizes racial identity to the exclusion of political economy making racialized life in America illegible This approach's prevalence in the academy and beyond now rises to the level of established doctrine The second approach views racial identity as the function of a particular political economy what is called racial capitalism and therefore analytically subordinates racial identity to political economy Jonathan Tran develops arguments in favor of this second approach He does so by means of an extended analysis of two case studies a Chinese migrant settlement in the Mississippi Delta 1868 1969 and the Redeemer Community Church in the Bayview Hunters Point section of San Francisco 1969 present While his analysis is focused on particular groups and persons he uses it to examine more broadly racial capitalism's processes and commitments at the sites of their structural and systemic unfolding In pursuing a research agenda that pushes beyond the narrow confines of racial identity Tran reaches back to trusted modes of analysis that have been obscured by the prevailing antiracist orthodoxy and proposes reframing antiracism in terms of a theologically salient account of political economy

Routledge Handbook of Pan-Africanism Reiland Rabaka, 2020-04-30. The Routledge Handbook of Pan Africanism provides an international intersectional and interdisciplinary overview of and approach to Pan Africanism making an invaluable contribution to the ongoing evolution of Pan Africanism and demonstrating its continued significance in the 21st century. The handbook features expert introductions to and critical explorations of the most important historic and current subjects, theories and controversies of Pan Africanism and the evolution of black internationalism. Pan Africanism is explored and critically engaged from different disciplinary points of view, emphasizing the multiplicity of perspectives and foregrounding an intersectional approach. The contributors provide erudite discussions of black internationalism, black feminism, African feminism and queer Pan Africanism alongside surveys of black nationalism, black consciousness and Caribbean Pan Africanism. Chapters on neo colonialism, decolonization and Africanization give way to chapters on African social movements, the African Union and the African Renaissance. **Secret Green Beret Commandos in Cambodia** Fred S. Lindsey, 2012. We could call this book *Special Operations Recon: Mission Impossible*. A small group of highly trained, resourceful US Special Forces SF men is asked to go in teams behind the enemy lines to gather intelligence on the North Vietnamese Army units that had infiltrated through Laos and Cambodia down the Ho Chi Minh trails to their secret bases inside the Cambodian border west of South Vietnam. The covert reconnaissance teams of only two or three SF men with four or five experienced indigenous mercenaries each were tasked to go into enemy target areas by foot or helicopter insertion. They could be 15 kilometers beyond any other friendly forces with no artillery support. In sterile uniforms with no insignia or identification, if they were killed or captured, their government would deny their military connection. The enemy had placed a price on their heads and had spies in their Top Secret headquarters known as SOG. SOG had three identical recon ground

units along the border areas This book tells the history of Command and Control Detachment South CCS The CCS volunteer warriors and its Air Partners the Army and Air Force helicopter transport and gunship crews who lived and fought together and sometimes died together This is the first published history of CCS as compiled by its last living commander some forty years after they were disbanded It tells of the struggles and intrigue involved in SOG s development as the modern day legacy of our modern Special Operations Commands Forbidden to tell of their experiences for over twenty years their After Action Reports destroyed even before they were declassified surviving veterans team together to tell how Recon men wounded averaged 100 percent and SOG became the most highly decorated unit in Vietnam and all were awarded the Presidential Unit Citation      **Orientation Fact Sheets, No. 1 to No. 30 (inclusive)** United States.
