Black Politics Today Theodore J. Davis Jr., 2013-06-17 The late 1980s ushered in a new era of black politics the socioeconomic transition era Coming on the heels of the protest era and politics era the current stage is characterized by the emergence of a new black middle class that came of age after the Civil Rights struggle Although class still isn't a strong factor in the external politics of the black community it is increasingly a wedge issue in the community's internal politics Black politics today is increasingly less about the interest of the larger group and more about the interest of smaller subgroups within the community Theodore J Davis Jr argues that the greatest threat to the social and political cohesiveness of the so called black community may be the rise of a socially and economically privileged group among the ranks of black America This rift has affected blacks ability to organize effectively and influence politics Davis traces the changes in economic status public opinion political power and participation and leadership over three generations of black politics The result is an insightful analysis of black politics today

The African American Electorate Hanes Walton Jr, Sherman Puckett, Donald R Deskins Jr, 2012-07-20 This pioneering work brings together for the first time in a single reference work all of the extant fugitive and recently discovered registration data on African American voters from Colonial America to the present It features election returns for African American presidential senatorial congressional and gubernatorial candidates over time Rich insightful narrative explains the data and traces the history of the laws dealing with

African American Perspectives on Political Science Wilbur Rich, 2007-01-15 Race matters in both national and international politics Starting from this perspective *African American Perspectives on Political Science* presents original essays from leading African American political scientists Collectively they evaluate the discipline its subfields the quality of race related research and omissions in the literature They argue that because Americans do not fully understand the many faceted issues of race in politics in their own country they find it difficult to comprehend ethnic and racial disputes in other countries as well In addition partly

because there are so few African Americans in the field political science faces a danger of unconscious insularity in methodology and outlook Contributors argue that the discipline needs multiple perspectives to prevent it from developing blind spots Taken as a whole these essays argue with great urgency that African American political scientists have a unique opportunity and a special responsibility to rethink the canon the norms and the directions of the discipline *American Politics and the African American Quest for Universal Freedom* Hanes Walton, Jr, Robert C. Smith, Sherri L.

Contours of African American Politics Georgia Persons, 2017-07-05 Contours of African American Politics chronicles the systematic study of African American politics and its subsequent recognition as an established field of scholarly inquiry African American politics emanates from the demands of the prolonged struggle for black liberation and empowerment Hence the study of African American politics has sought to track codify and analyze the struggle that has been mounted and to understand the historic and changing political status of African Americans within American society This two volume set presents a selection of scholarship on African American politics as it appeared in The

National Political Science Review from its initial launch in 1989 to the spring of 2009 Represented are contributions from some of the leading scholars of African American politics who have helped to establish and sustain the field The volumes are organized around themes that derive from the unfolding real life drama of African American politics and its subsequent scholarly treatment The result is a window into the political efforts that meld the historically disparate strands of black political expressions into a reconstructed and strategically nimble electoral based mass mobilization necessary for optimizing the impact of the African American vote Sections in the volumes also chronicle the evolution of the National Conference of Black Political Scientists as a professional organization The two volumes illuminate a pivotal epoch in black political empowerment and provide a context for the future of black politics

Race and Democracy in the Americas Georgia A. Persons, 2018-12-07 Race and Democracy in the Americas examines dimensions of the comparative dynamics of race and ethnicity with a directed focus on the Americas most particularly Brazil and the United States Brazil and the United States are two countries in the Americas that have been major hosts for the African diaspora Both countries experienced prolonged enslavement of Africans and both now claim to be beacons of democracy for much of the developing world Both Afro Brazilians and African Americans have fielded major liberation movements against racism and oppression yet both groups continue to experience considerable residual racial discrimination and displacement Brazil and the U S remain racialized societies though both officially purport to be otherwise The chapters of this volume illuminate a common search for understanding how race operates in societies generally and how shapes life opportunities for African Americans and Afro Brazilians both oppressed by this most detrimental social construction The project that fueled this volume represented a rare opportunity for collaboration between Afro Brazilian scholars and their African American counterparts This volume offers a passionate conversation between colleagues who have endured common sociopolitical and cultural struggles but who have only belatedly been able to meet and connect as individuals Both groups share identities as scholars and activists for neither identity alone is sufficient to nourish the longings of their hearts nor of their consciences This volume also represents an all too rare opportunity to give voice and expression to the work of Afro Brazilian scholars Volume 9 of the National Political Science Review also carries a special tribute to Mack Henry Jones a senior black political scientist retiring from Atlanta University and honors Jones s legacy and continues his quest for understanding the nature and intricacies of oppression and possible paths to liberatio
