The Future of Preaching Stevenson Geoffrey, 2015-04-21 Preaching remains a central feature of almost all Christian worship. There are thousands of men and women in the UK who preach on a regular basis. This book covers such subjects as Preaching in a Communications Culture, Preaching and the Bible, Preaching and Personality Types, the Life of the Preacher, and Educating Future Preachers Life-Situation Preaching for African-Americans Willie J. Newton Jr., 2019-12-17 The book benefits anyone who desires an approach to preaching that gets at listeners' felt needs. What we have been taught about preaching and our chosen approach to preaching may not serve us or our listeners well. Thus the preacher's fidelity to an ineffective approach to preaching lies at the heart of the problem. This book helps preachers resolve this issue with life-situation preaching, an approach that begins with listeners' needs. Herein readers will experience the power of life-situation preaching to address the spiritual and practical problems, challenges, struggles, and unique experiences African Americans face daily **Crossover Preaching** Jared E. Alcántara, 2015-10-08 In our increasingly pluralistic and multicultural society, there is a need for preaching that is capable of crossing cultural boundaries and engaging multiple contexts. Jared Alcántara's exciting new work proposes an intercultural and improvisational account of preaching in conversation with the legacy of Gardner C. Taylor Preaching and Music Catherine E. Williams, 2025-03-31 In the current conversation around what makes preaching compelling, Williams' voice is distinct. Compelling sermons allow music to do its share of the preaching, as only music can. Whether through musically book-ending the sermon, drawing on popular music for illustrations, or turning a hymn into a series of mini-sermons, this volume explores several accessible ways to enrich sermon preparation and delivery by partnering sermon and song. Williams is a worthy guide with degrees in both church music and homiletics and with sensitivity drawn from her pastoral background. With insightful clarity and practiced wisdom, she engages both preachers and musicians in each chapter. This book is a rich resource for the homiletician's syllabus, the preacher's bookshelf, and the music minister's
