Black Rebellion:

Black Rebellion Thomas Wentworth Higginson, 2005-12-01 Three times at intervals of thirty years did a wave of unutterable terror sweep across the Old Dominion bringing thoughts of agony to every Virginian master and of vague hope to every Virginian slave Each time did one man's name become a spell of dismay and a symbol of deliverance Each time did that name eclipse its predecessor while recalling it for a moment to fresher memory John Brown revived the story of Nat Turner as in his day Nat Turner recalled the vaster schemes of Gabriel from Gabriel's Defeat Fired with an abolitionist's passion these five true accounts of slave uprisings in Latin America and the United States are among the best writings we have of the struggle to end slavery in the Western hemisphere Written by a dedicated antislavery crusader and first published in the Atlantic Monthly in the 1850s and 1860s these highly readable essays combine in depth research with assured absorbing prose to tell fascinating and important stories of black warrior societies of the Maroons descendants of escaped slaves who lived in the jungles of the West Indies and South America of Gabriel whose dedication to throwing off the shackles of oppression turned him into a figure with an almost mystical aura and Nat Turner's furious insurrection and more American author and civil rights activist THOMAS WENTWORTH HIGGINSON 1823 1911 also wrote Army Life in a Black Regiment 1870 and Common Sense About Women 1881 *Black Identity* Dexter B. Who Got the Camera? Eric Harvey, 2021-10-05 Reality first appeared in the late 1980s in the sense not of real life but rather of the TV entertainment genre inaugurated by shows such as Cops and America's Most Wanted the daytime gabfests of Geraldo Oprah and Donahue and the tabloid news of A Current Affair In a bracing work of cultural criticism Eric Harvey argues that reality TV emerged in dialog with another kind of entertainment that served as its foil while borrowing its techniques gangsta rap Or as legendary performers Ice Cube and Ice T called it reality rap Reality rap and reality TV were components of a cultural revolution that redefined popular entertainment as a truth telling medium Reality entertainment borrowed journalistic tropes but was undiluted by the caveats and context that journalism demanded While N W A's Fuck tha Police countered Cops' vision of Black lives in America the reality rappers who emerged in that group's wake such as Snoop Doggy Dogg and Tupac Shakur embraced reality's visceral tabloid sensationalism using the media's obsession with Black criminality to collapse the distinction between image and truth Reality TV and reality rap nurtured the world we live in now where politics and basic facts don't feel real until they have been translated into mass mediated entertainment *A Field Guide to White Supremacy* Kathleen Belew, Ramon A. Gutierrez, 2021-10-26 It is not a matter of argument among the vast majority of scholars but of demonstrable fact White supremacy includes both individual prejudice and for instance the long history of the disproportionate incarceration of people of color It describes a legal system still predisposed towards racial

inequality even when judge counsel and jurors abjure racism at the individual level It is collective and individual It is old and immediate Some white supremacists turn to violence but there are also a lot of people who are individually white supremacist some openly so and reject violence This Field Guide proposes that a better understanding of hate groups white supremacy and the ways that racism and patriarchy have braided into our laws and systems can help people to tell and understand better stories
