"A stunning collection of documents by black women about themselves." -Washington Post Book World

Black Women In White America A Documentary History

Kellina Craig-Henderson

Black Women In White America A Documentary History:

Black Women in White America Gerda Lerner, 1992 **Taking Off the White Gloves** Michele Gillespie, Catherine Clinton, 1998 When southern women remove their gloves they speak their minds The ten timely and provocative essays in *Taking Off the White Gloves* represent the collective wisdom of some of the finest scholars on women s history in the American South On the eve of the thirtieth anniversary of the Southern Association for Women Historians this volume brings together some of the outstanding lectures delivered by distinguished members of the association over the past fifteen years Spanning four centuries of women s experiences in the South the topics featured in *Taking Off the White Gloves* range from Native American sexuality and European conquest to woman suffrage in the South from black women s protest history to the status of women in the historical profession at the end of the twentieth century Despite diverse subject matter these rich essays share a number of important qualities They take an integrative approach combining literary analysis social history cultural interpretation labor history popular culture and oral history Embracing the distinctiveness of the southern past and women s experiences within that past they also recognize the inextricability of critical categories such as sexuality and gender race and gender and women and work Finally these essays emphasize the authors commitment to the belief that the personal is political they reveal the subtle and not so subtle ways that women transform theory into practice *Taking Off the White Gloves* invites a new understanding of the complexities that surround the history of southern women across race class place and time A model of innovative and imaginative scholarly historical writing this book provides fertile ground for young scholars and is sure to inspire new research This thought provoking volume has much to offer scholars and students as well as the general reader **Black Women in America** Kim Marie Vaz, 1994-11-02 This stimulating volume challenges the tendency to represent African American women s experiences as a monolithic whole The interdisciplinary approach organized around the theme of activism enables an unusual and inventive selection of topics to be presented The history culture sociology and psychology of black women are richly represented *Black Women in Nineteenth-Century American Life* Bert James Loewenberg, Ruth Bogin, 2010-11-01 *Black Women in Texas History* Bruce A. Glasrud, Merline Pitre, 2008 Though often consigned to the footnotes of history African American women are a significant part of the rich multiethnic heritage of Texas and the United States Until now though their story has frequently been fragmented and underappreciated *Black Women in Texas History* draws together a multi author narrative of the experiences and impact of black American women from the time of slavery until the recent past Each chapter written by an expert on the era provides a readable survey and overview of the lives and roles of black Texas women during that period Each provides careful documentation which along with the thorough bibliography compiled by the volume editors will provide a starting point for others wanting to build on this important topic The authors address significant questions about population demographics employment patterns family and social dimensions legal and political rights and individual accomplishments They look not only at how African

American women have been shaped by the larger culture but also at how these women have in turn affected the culture and history of Texas This work situates African American women within the context of their times and offers a due appreciation and analysis of their lives and accomplishments Black Women in Texas History is an important addition to history and sociology curriculums as well as black studies and women s studies programs It will provide for interested students scholars and general readers a comprehensive survey of the crucial role these women played in shaping the history of the Lone Star State

Black Women in Interracial Relationships Kellina Craig-Henderson, 2011-12-31 According to the most recent U S census twice as many black men are involved in interracial relationships as black women Do black women consciously resist such involvement What motivates the relatively few women who are in these types of relationships And how do they navigate the unfamiliar terrain in intimacy One of the most popular explanations for black women s involvement in interracial intimacy is the unavailability of eligible black men This explanation focuses on the dismal statistics popularly discussed in reports that forecast lonely futures for African American females Craig Henderson explores another more provocative explanation She argues that some black women may disassociate from larger social stereotypes by consciously and strategically making choices that distance them from what is considered characteristic of the typical African American woman Scant serious attention has focused upon intimate interracial relationships perhaps because of a general reluctance to deal with two extremely provocative issues race and sex As rates of interracial relationships continue to increase discussions about interracial intimacy are relevant and timely Craig Henderson considers the continuing taboo of interracial relationships involving African Americans the way this taboo is changing and the way that contemporary race relations perpetuate longstanding stereotypes about race and sex The book includes in depth unstructured interviews with a wide range of black women currently involved in interracial intimate relationships Each individual discusses their relationships with family members beliefs about the influence of race in America unique problems associated with interracial intimacy as well as sexual attraction racial identity and children Of particular interest to specialists in race gender family and sexual issues this work is also accessible and appealing to general readers

No Small Courage Nancy F. Cott, 2004-04-08 Enriched by the wealth of new research into women s history No Small Courage offers a lively chronicle of American experience charting women s lives and experiences with fascinating immediacy from the precolonial era to the present Individual stories and primary sources including letters diaries and news reports animate this history of the domestic professional and political efforts of American women John Demos begins the book with a discussion of Native American women confronting colonization Leading historians illuminate subsequent eras of social and political change including Jane Kamensky on women s lives in the colonial period Karen Manners Smith on the rising tide of political activity by women in the Progressive Era Sarah Jane Deutsch on the transition of 1920s optimism to the harsh realities of the Great Depression Elaine Tyler May on the challenges to a gender defined social order encouraged by World War II and William H Chafe on the women s movement

and the struggle for political equality since the 1960s The authors vividly relate such events as Anne Hutchinson's struggle for religious expression in Puritan Massachusetts former slave Harriet Tubman's perilous efforts to free others in captivity Rosa Parks's resistance to segregation in the South and newfound opportunities for professional and personal self-determination available as a result of decades of protest Dozens of archival illustrations add to the human dimensions of the authoritative text *No Small Courage* dynamically captures the variety and significance of American women's experience demonstrating that the history of our nation cannot be fully understood without focusing on changes in women's lives

Open Minds to Equality Nancy Schniedewind, Ellen Davidson, 2014 This is an educator's sourcebook of activities to help students understand and change inequalities based on race gender class age language sexual orientation physical mental ability and religion The activities also promote respect for diversity and interpersonal equality among students fostering a classroom that is participatory cooperative and democratic An essential resource for teachers leaders in professional development and curriculum specialists Features of the book include ready to implement learning activities in both traditional and interdisciplinary curriculum areas and inclusive framework for thinking about diversity and responding practically to various forms of difference in classrooms a variety of lesson styles including role plays case studies dilemma stories cooperative learning activities interviews data analysis and creative and expository writing [Daughters of the Great Depression](#) Laura Hapke, 1997-01-01 *Daughters of the Great Depression* is a reinterpretation of more than fifty well known and rediscovered works of Depression era fiction that illuminate one of the decade's central conflicts whether to include women in the hard pressed workforce or relegate them to a literal or figurative home sphere Laura Hapke argues that working women from industrial wage earners to business professionals were the literary and cultural scapegoats of the 1930s In locating these key texts in the don't steal a job from a man furor of the time she draws on a wealth of material not usually considered by literary scholars including articles on gender and the job controversy Labor Department Women's Bureau statistics true romance stories and fallen woman films studies of African American women's wage earning and Fortune magazine pronouncements on white collar womanhood A valuable revisionist study *Daughters of the Great Depression* shows how fiction's working heroines so often cast as earth mothers flawed mothers lesser comrades harlots martyrs love slaves and manly or apologetic professionals joined their real life counterparts to negotiate the misogynistic labor climate of the 1930s **Sin in the City** Thekla Ellen Joiner, 2013-05-20 Long before today's culture wars the Third Great Awakening rocked America During the late nineteenth and early twentieth centuries evangelists such as Dwight L Moody and Billy Sunday roused citizens to renounce sin as it manifested in popular culture moral ambiguity and the changing role of women *Sin in the City* examines three urban revivals in turn of the century Chicago to show how revivalists negotiated that era's perceived racial sexual and class threats While most studies of this movement have focused on its male leaders and their interactions with society Thekla Ellen Joiner raises new questions about gender and race by exploring Third

Awakening revivalism as the ritualized performance of an evangelical social system defined by middle class Protestant moral aspirations for urban America Rather than approaching these events merely as the achievements of persuasive men she views them as choreographed collective rituals reinforcing a moral order defined by ideals of femininity masculinity and racial purity Joiner reveals how revivalist rhetoric and ritual shifted from sentimentalist identification of sin with males to a more hard nosed focus on females castigating loose women whose economic and sexual independence defied revivalist ideals and its civic culture She focuses on Dwight L Moody s 1893 World s Fair revival the 1910 Chapman Alexander campaign and the 1918 Billy Sunday revival comparing the locations organization messages and leaders of these three events to depict the shift from masculinized to feminized sin She identifies the central role women played in the Third Awakening as the revivalists promoted feminine virtue as the corrective to America s urban decline She also shows that even as its definition of sin became more feminized Billy Sunday s revivalism began to conform to Chicago s emerging color line Enraged by rapid social change in cities like Chicago these preachers spurred Protestant evangelicals to formulate a gendered and racialized moral regime for urban America Yet as Joiner shows even as revivalists demonized new forms of entertainment they used many of the modern cultural practices popularized in theaters and nickelodeons to boost the success of their mass conversions Sin in the City shows that the legacy of the Third Awakening lives on today in the religious right s sociopolitical activism crusade for family values disparagement of feminism and promotion of spirituality in middle class racial and cultural terms Providing cultural and gender analysis too often lacking in the study of American religious history it offers a new model for understanding the development of a gendered theology and set of religious practices that influenced Protestantism in a period of enormous social change

Guide to Women's History Resources in the Delaware Valley Area Trina Vaux, 2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas

African American Women Speak Out on Anita Hill-Clarence Thomas Geneva Smitherman, 1995 An essential voice has been added to the ongoing national debate and public discourse on race class and gender African American Women Speak Out on Anita Hill Clarence Thomas is the first commentary on the Anita Hill Clarence Thomas confrontation written exclusively by African American women Margaret Walker Alexander Angela Y Davis Darlene Clark Hine Harriette McAdoo Julianne Malveaux and other scholars and writers offer reflections and in depth analyses on one of the most wrenching public dramas in recent history Diverse and interdisciplinary in scope the contributions clarify the significance of the event and examine the broader ramifications for the African American community and the nation

Are All the Women Still White? Janell Hobson, 2016-05-01 Provides a contemporary response to such landmark volumes as *All the Women Are White* *All the Blacks Are Men* *But Some of Us Are Brave* and *This Bridge Called My Back* More than thirty years

have passed since the publication of *All the Women Are White All the Blacks Are Men But Some of Us Are Brave* Given the growth of women's and gender studies in the last thirty plus years this updated and responsive collection expands upon this transformation of consciousness through multiracial feminist perspectives The contributors here reflect on transnational issues as diverse as intimate partner violence the prison industrial complex social media inclusive pedagogies transgender identities and post digital futures This volume provides scholars activists and students with critical tools that can help them decenter whiteness and other power structures while repositioning marginalized groups at the center of analysis *All the Women Still White* blends traditions of feminist of color struggle with the innovative insights of twenty first century thinkers artists and activists For anyone engaged in inclusive multi issued work this book is indispensable Barbara Smith *Ain't Gonna Let Nobody Turn Me Around Forty Years of Movement Building with Barbara Smith* *Rebels and Renegades* Neil A. Hamilton, 2002-10-11 *Rebels and Renegades* examines 350 years of history through the eyes of the uncompromising Presented in nine clearly written chronological chapters this comprehensive reference covers the major events and personalities in the history of extremism in the U S Besides chronicling the event itself entries ranging from 500 to 1000 words include background information and historic effects In addition to the chronology sidebars highlight historical biographical cultural and ethical aspects of the story tying the past to the present Topics include the influence of radical idea on the mainstream the role of violence in radicalism and the evolving relationship between radicals and the media An extensive appendix of excerpts transcripts and full source documents round out the work To see the Introduction a list of detailed contents a generous selection of sample pages and more visit the *Rebels and Renegades* website

Nineteenth-century Black Women's Literary Emergence SallyAnn H. Ferguson, 2008 Since her forced migration to the United States the African American woman has consciously developed a literary tradition based on fundamental evolutionary principles of mind and body She has consistently resisted attempts by patriarchs and matriarchs alike to romanticize and redefine that biologically based literary heritage This volume of ten classic texts including such nineteenth century writers as Jarena Lee Harriet Jacobs and Angelina Grimké documents for teachers and general readers how African American female self portraits gradually crystallized over some three centuries of brutality imposed by white men and their surrogates who legally raped and then branded her immoral precisely because she was black and female This anthology also explores how her literary features were further defined during the postbellum era of Jim Crow segregation and civil rights abuses Readers cannot adequately understand this woman's unique story without learning how and more importantly why mental and physical atrocities so gruesome that most people cringe to think of them were inflicted upon her black female self in this land

Half in Shadow Shanna Greene Benjamin, 2021-04-12 Nellie Y McKay 1930 2006 was a pivotal figure in contemporary American letters The author of several books McKay is best known for coediting the canon making Norton Anthology of African American Literature with Henry Louis Gates Jr which helped secure a place for the scholarly study of Black writing

that had been ignored by white academia However there is more to McKay s life and legacy than her literary scholarship After her passing new details about McKay s life emerged surprising everyone who knew her Why did McKay choose to hide so many details of her past Shanna Greene Benjamin examines McKay s path through the professoriate to learn about the strategies sacrifices and successes of contemporary Black women in the American academy Benjamin shows that McKay s secrecy was a necessary tactic that a Black working class woman had to employ to succeed in the white dominated space of the American English department Using extensive archives and personal correspondence Benjamin brings together McKay s private life and public work to expand how we think about Black literary history and the place of Black women in American culture

Encyclopedia of Feminist Literary Theory Elizabeth Kowaleski-Wallace,2009-03-23 From the cutting edge to the basics The latest advances as well as the essentials of feminist literary theory are at your fingertips as soon as you open this brand new reference work It features in quick and convenient form precise definitions of important terms and concise summaries of the salient ideas of critics working in the field who have made significant contributions to feminist literary studies and points out how a feminist perspective has affected the development of emerging ideas and intellectual practices Every effort has been made to include as many feminist thinkers as possible Expanded coverage of key subjects Overview entries cover topics ranging from creativity beauty and eroticism topornography violence and war with a thorough exploration of the major theoretical points of feminist literary approaches and concerns In addition entries organized around literary periods and fields such as medieval studies Shakespeare and Romanticism survey subjects in the framework of feminist literary theory and feminist concerns Shows how feminist ideas have shaped literary theory The Encyclopedia gathers in one place all the key words topics proper names and critical terminology of feminist literary theory Emphasis throughout is on usage in the United States and Great Britain since the 1970s Each entry is accompanied by a bibliography that is a point of departure for further research A key advantage of this Encyclopedia is that it amasses bibliographic references for so many important and often cited works within a single volume Instructors especially will find this information invaluable in the preparation of course material Special FeaturesOffers precise contemporary definitions of all important critical terms Summarizes the salient ideas of key literary critics Overviews cover major theoretical issues Entries on periods and fields survey feminist contributions Emphasizes terminology that has evolved since the 1970s Indexes proper names subjects key words and related topics

Hope in the Holler Anna Elaine Brown Crawford,2002-01-01 For more than three hundred years black women have embodied a theology of hope which has enabled them to overcome a history of abuse and violence While a theology of hope has been widely discussed in twentieth centry theology it was born in slavery long before Jurgen Moltmann introduced it to America in 1967 Even womanist notions of hope have not explored the theological character of hope in abused black women s narratives A Elaine Brown Crawford argues that hope is the theological construct that moves black women beyond endurance and survival to transformation of their personal and communal realities This

book identifies and analyzes the theological vision of hope voiced within the narratives of enslaved emancipated and contemporary black women and brings that vision into discussion with contemporary womanist theologies The Crisis, 1972-11 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The Crisis has been the magazine of opinion and thought leaders decision makers peacemakers and justice seekers It has chronicled informed educated entertained and in many instances set the economic political and social agenda for our nation and its multi ethnic citizens *Encyclopedia of Historians and Historical Writing* Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like J rgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies
