**Blacks in bondage : letters of American slaves** Robert S. Starobin, 1988      **Generations of Captivity** Ira Berlin, 2004-09-30 Ira Berlin traces the history of African American slavery in the United States from its beginnings in the seventeenth century to its fiery demise nearly three hundred years later Most Americans black and white have a singular vision of slavery one fixed in the mid nineteenth century when most American slaves grew cotton resided in the deep South and subscribed to Christianity Here however Berlin offers a dynamic vision a major reinterpretation in which slaves and their owners continually renegotiated the terms of captivity Slavery was thus made and remade by successive generations of Africans and African Americans who lived through settlement and adaptation plantation life economic transformations revolution forced migration war and ultimately emancipation Berlin s understanding of the processes that continually transformed the lives of slaves makes *Generations of Captivity* essential reading for anyone interested in the evolution of antebellum America Connecting the Charter Generation to the development of Atlantic society in the seventeenth century the Plantation Generation to the reconstruction of colonial society in the eighteenth century the Revolutionary Generation to the Age of Revolutions and the Migration Generation to American expansionism in the nineteenth century Berlin integrates the history of slavery into the larger story of American life He demonstrates how enslaved black people by adapting to changing circumstances prepared for the moment when they could seize liberty and declare themselves the Freedom Generation This epic story told by a master historian provides a rich understanding of the experience of African American slaves an experience that continues to mobilize American thought and passions today      **Slave Missions and the Black Church in the Antebellum South** Janet Duitsman Cornelius, 1999 How slaves created the organized black church while still under the oppression of bondage      Slavery and Politics in the Early American Republic Matthew Mason, 2009-01-05 Giving close consideration to previously neglected debates Matthew Mason challenges the common contention that slavery held little political significance in America until the Missouri Crisis of 1819 Mason demonstrates that slavery and politics were enmeshed in the creation of the nation and in fact there was never a time between the Revolution and the Civil War in which slavery went uncontested The American Revolution set in motion the split between slave states and free states but Mason explains that the divide took on greater importance in the early nineteenth century He examines the partisan and geopolitical uses of slavery the conflicts between free states and their slaveholding neighbors and the political impact of African Americans across the country Offering a full picture of the politics of slavery in the crucial years of the early republic Mason demonstrates that partisans and patriots slave and free and not just abolitionists and advocates of slavery should be considered important players in the politics of slavery in the United States      **Root and Branch** Graham Russell Gao Hodges, 2005-10-12 In this remarkable book Graham Hodges presents a comprehensive history of African Americans in New York City and its rural environs from the arrival of the first African a sailor marooned on Manhattan Island in 1613 to the

bloody Draft Riots of 1863 Throughout he explores the intertwined themes of freedom and servitude city and countryside and work religion and resistance that shaped black life in the region through two and a half centuries Hodges chronicles the lives of the first free black settlers in the Dutch ruled city the gradual slide into enslavement after the British takeover the fierce era of slavery and the painfully slow process of emancipation He pays particular attention to the black religious experience in all its complexity and to the vibrant slave culture that was shaped on the streets and in the taverns Together Hodges shows these two potent forces helped fuel the long and arduous pilgrimage to liberty

**Help Me to Find My People** Heather Andrea Williams, 2012-06-01 After the Civil War African Americans placed poignant information wanted advertisements in newspapers searching for missing family members Inspired by the power of these ads Heather Andrea Williams uses slave narratives letters interviews public records and diaries to guide readers back to devastating moments of family separation during slavery when people were sold away from parents siblings spouses and children Williams explores the heartbreaking stories of separation and the long usually unsuccessful journeys toward reunification Examining the interior lives of the enslaved and freedpeople as they tried to come to terms with great loss Williams grounds their grief fear anger longing frustration and hope in the history of American slavery and the domestic slave trade Williams follows those who were separated chronicles their searches and documents the rare experience of reunion She also explores the sympathy indifference hostility or empathy expressed by whites about sundered black families Williams shows how searches for family members in the post Civil War era continue to reverberate in African American culture in the ongoing search for family history and connection across generations

*Epistolary Practices* William Merrill Decker, 2000-11-09 Letters have long been read as primary sources for biography and history but their performative fictive and textual dimensions have only recently attracted serious notice In this book William Merrill Decker examines the place of the personal letter in American popular and literary culture from the colonial to the postmodern period After offering an overview of the genre Decker explores epistolary practices that coincide with American experiences of space settlement separation and reunion He discusses letters written by such well known and well educated persons as John Winthrop Benjamin Franklin Thomas Jefferson Abigail and John Adams Nathaniel Hawthorne Margaret Fuller Henry David Thoreau Samuel Clemens Henry James and Alice James but also letters by persons who except in their correspondence were not writers at all indentured servants New England factory workers slaves soldiers and Western pioneers Individual chapters explore the letter writing of Ralph Waldo Emerson Emily Dickinson and Henry Adams three of America's most ambitious accomplished and theoretically astute letter writers Finally Decker considers the ongoing transformation of letter writing in the electronic age

**The Harvard Guide to African-American History** Evelyn Brooks Higginbotham, 2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America

**Confronting Black Jacobins** Gerald

Horne,2015-10-22 Confronting the rise of Black Jacobins 1791 1793 Confronting Black Jacobins on the march 1793 1797 Confronting the surge of Black Jacobins 1797 1803 Confronting the triumph of Black Jacobins 1804 1819 Hemispheric Africans and Black Jacobins 1820 1829 U S Negroes and Black Jacobins 1830 1839 Black Jacobins weakened 1840 1849 Black Jacobins under siege 1850 1859 The U S Civil War the Spanish takeover of the Dominican Republic and U S Negro emigrants in Haiti 1860 1863 Haiti to be annexed Haitians to be re enslaved 1863 1870 Annex Hispaniola and deport U S Negroes there 1870 1871 **Self-taught , Old Age and American Slavery** David Stefan Doddington,2023-11-16 Old Age and American Slavery explores how antebellum southerners Black and white adapted to resisted or failed to overcome changes associated with old age both real and imagined Slavery was a system of economic exploitation and a contested site of personal domination both of which were affected by concerns with age In examining how individuals families and communities felt about the aging process and dealt with elders David Stefan Doddington emphasizes the complex social relations that developed in a slave society In connecting old age to the arguments of Black activists abolitionists enslavers and their propagandists the book reveals how representations of old age and experiences of aging spoke to wider struggles relating to mastery paternalism resistance and survival in slavery The book asks us to rethink long standing narratives relating to networks of solidarity in the American South and it illuminates the violent and exploitative nature of American slavery **Remember Me** Charles W. Joyner,2011 Published in association with the Georgia Humanities Council

**Self-Taught (Volume 2 of 2) (EasyRead Super Large 20pt Edition) , Antebellum American Women Writers and the Road** Susan L. Roberson,2012-07-26 A study of American women s narratives of mobility and travel this book examines how geographic movement opened up other movements or mobilities for antebellum women at a time of great national expansion Concerned with issues of personal and national identity the study demonstrates how women not only went out on the open road but participated in public discussions of nationhood in the texts they wrote Roberson examines a variety of narratives and subjects including not only traditional travel narratives of voyages to the West or to foreign locales but also the ways travel and movement figured in autobiography spiritual and political narratives and domestic novels by women as they constructed their own politics of mobility These narratives by such women as Margaret Fuller Susan Warner and Harriet Beecher Stowe destabilize the male dominated stories of American travel and nation building as women claimed the public road as a domain in which they belonged bringing with them their own ideas about mobility self and nation The many women s stories of mobility also destabilize a singular view of women s history and broaden our outlook on geographic movement and its repercussions for other movements Looking at texts not usually labeled travel writing like the domestic novel brings to light social relations enacted on the road and the relation between story location and mobility **Low Country Gullah Culture, Special Resource Study** ,2003 **African American Slavery and Disability** Dea Boster,2013-03-05 Disability is often mentioned in discussions of slave health mistreatment and abuse but constructs of how able and disabled bodies

influenced the institution of slavery has gone largely overlooked This volume uncovers a history of disability in African American slavery from the primary record analyzing how concepts of race disability and power converged in the United States in the first half of the nineteenth century Slaves with physical and mental impairments often faced unique limitations and conditions in their diagnosis treatment and evaluation as property Slaves with disabilities proved a significant challenge to white authority figures torn between the desire to categorize them as different or defective and the practical need to incorporate their disorderly bodies into daily life Being physically unfit could sometimes allow slaves to escape the limitations of bondage and oppression and establish a measure of self control Furthermore ideas about and reactions to disability appearing as social construction legal definition medical phenomenon metaphor or masquerade highlighted deep struggles over bodies in bondage in antebellum America

**Shared Traditions** Charles W. Joyner, 1999 Grounded in Charles Joyner's unique blend of rigorous scholarship and genuine curiosity these thoughtful and incisive essays by the eminent southern historian and folklorist explore the South's extraordinary amalgam of cultural traditions By examining the mutual influence of history and folk culture Shared Traditions reveals the essence of southern culture in the complex and dynamic interactions of descendants of Europeans Africans and Native Americans The book covers a broad spectrum of southern folk groups folklore expressions and major themes of southern history including antebellum society slavery the coming of the Civil War economic modernization in the Appalachians and the Sea Islands immigration the civil rights movement and the effects of cultural tourism Joyner addresses the convergence of African and European elements in the Old South and explores how specific environmental and demographic features shaped the acculturation process He discusses divergent practices in worship services funeral and burial services and other religious ceremonies He examines links between speech patterns and cultural patterns the influence of Irish folk culture in the American South and the southern Jewish experience He also investigates points of intersection between history and legend and relations between the new social history and folklore Ranging from rites of power and resistance on the slave plantation to the creolization of language to the musical brew of blues country jazz and rock Shared Traditions reveals the distinctive culture born of a sharing by black and white southerners of their deep rooted and diverse traditions

Way Up North in Dixie Howard L. Sacks, Judith Rose Sacks, 2003 Who really wrote the classic song Dixie A white musician or an African American family of musicians and performers

A Revolt Against Liberalism A.A.M. van der Linden, 2023-04-12 This is the first study to provide a comprehensive picture of the revolt brought about by American radical historians in the 1960s and 1970s With the turbulent sixties as a backdrop the work of radical luminaries like Eugene Genovese Herbert Gutman Staughton Lynd William Appleman Williams and Howard Zinn is discussed These historians made a significant contribution to present day notions about slavery working class history the New Deal the Cold War and a wealth of other subjects Their main target was American liberalism Radical criticism centered on the liberal concepts of the division of power and of the nature of man The acrimonious debate which ensued tore the historical

profession apart Therefore most historians have stressed the disagreements between liberals and radicals Yet in this study it will be argued that in some respects the radicals were part and parcel of mainstream historiography though they presented a radical version of it      *Somewhat More Independent* Shane White,2012-03-15 Shane White creatively uses a remarkable array of primary sources census data tax lists city directories diaries newspapers and magazines and courtroom testimony to reconstruct the content and context of the slave s world in New York and its environs during the revolutionary and early republic periods White explores among many things the demography of slavery the decline of the institution during and after the Revolution racial attitudes acculturation and free blacks creative adaptation to an often hostile world
