Legislation Constantin Stefanou, Helen Xanthaki, 2016-05-13 Drafting Legislation sets out to prove Sir William Dale's doctrine that the rules for drafting good quality legislation are the same in common and civil systems of law. Legislative solutions can therefore serve the drafter, the judge and the practitioner of any jurisdiction. The book discusses the general issue of quality in legislation from the legislative process to the actual drafting, interpretation and enforcement. It also analyzes topics related to quality in legislation such as clarity, precision and disambiguity, plain language and gender neutral language and assesses whether Sir William's view of universality in the definition and elements of quality in legislation is right or not. The volume is of critical interest to students and scholars of European law and the philosophy and theory of law.

International Extradition M. Cherif Bassiouni, 2014 This comprehensive guide covers all aspects of extradition to and from the United States while making critical theoretical and practical evaluations of these aspects and proposing alternatives. The rights of individuals, balancing of states' interests and preservation of world order within the Rule of Law form the conceptual framework of this book. The focus within U.S. practice explores the essentials involved in the executive branches' treaty making power as implemented through its foreign relations practice and as scrutinized by the judiciary. The Sixth Edition updates the treaties, laws and cases cited with new content including comparative material dealing with the European Union cases involving the United States decided by other countries and major decisions of the high courts of the UK, Canada, France, South Africa, Australia, Israel, Italy and Germany. As with the prior editions, the Sixth Edition continues to expose certain questionable practices of the United States with regards to extradition. *Blackstone's Guide to the Terrorism Act 2006* Alun Jones, Rupert Bowers, Hugo D. Lodge, 2006 In the aftermath of the London bombings on the 7th July 2005, the government announced that new anti-terror legislation was to be swiftly enacted. The resulting Terrorism Act has been the subject of intense debate. This work offers guidance to the Terrorism Act 2006 and places this legislation in the context of what has gone before. *Blackstone's Guide to the Human Rights Act 1998* John Wadham, JOHN; MOUNTFIELD KC WADHAM (HELEN; DESAI, RAJ; HANNE.), Wadham et al, 2024 Blackstone's Guide to the Human Rights Act 1998 provides clear, concise coverage of the operation and application of the Human Rights Act 1998.
