Blades Of Grass The Stories Of Lao She:

Blades of Grass Lao She, 1999-10-01 If you want to write good short stories Lao She once observed you have to give it everything you've got The world will allow the existence of a very imperfect novel but it won't be that polite with a short story Art after all is not like a pig the fatter the better Lao She's stories proved to be very good indeed moving and delighting readers for many years and establishing him as a master of classic modern fiction Thankfully we now have access to a rich collection of his short stories in superb English translations These stories showcase the varied facets of Lao She's impressive talent and draw us effortlessly into his world and we emerge the better for it This is a writer eternally immersed in and fascinated by the kaleidoscope of humankind The stories are characterized by humor and by intensely sympathetic explorations of human relationships Some of them are unsettling Many are poignant Most of them make us laugh All evoke the color and energy of life for Lao She is also a connoisseur of the everyday with a keen appreciation of the concrete detail A plate of steaming dumplings the gleam of gold capped front teeth rickshaws dragging along alleys punishing winter winds rolls of bright silk a pair of chopsticks these things are the stuff of Lao She's fiction and the essence of his metaphors and he cherishes such little details of life more than the abstractions of politics or philosophy **Morality and the Literary Imagination** Gabriel R. Ricci, 2017-07-12 In a letter to Boccaccio Petrarch extolled the virtue of poetry and letters for promoting an understanding of both human nature and morals The letter was designed to console him after hearing a prediction that he was soon to die and that he ought to renounce poetry The prophecy came from an elder renowned for his piety but Petrarch admonished that too often dishonesty and fraud are couched in religious sentiments Nothing not even death according to Petrarch ought to divert us from literature For Petrarch Virgil was the source for understanding how literary studies not only promote eloquence but enhance morals If anything literature dispels the fear of death The claims of this volume is that it may be the case that the virtuous life can be achieved by those ignorant of letters but a more direct and certain route is guaranteed by a devotion to literature The collected works in this new volume of the Transaction series Religion and Public Life heeds Petrarch's advice that literature not only orients us to life's developmental stages it can provide us with a more complete understanding of the human character while artfully advancing morals To this end Michelle Darnell's opening chapter entitled A New Age of Reason explains how existentialism is an argument for how literature can take on philosophical form not as formal argument but as persuasive narrative Over the objections of even those who study Sartre Darnell uses Sartre's The Age of Reason as a model and shows how his literary output was a legitimate philosophical inquiry In addition to the Darnell piece the volume boasts a series of outstanding and innovative works by scholars in the field Taken together as a whole these authors not only illustrate the moral consequences of an original choice but oblige the reader to explore the ramifications of such a choice in one's own life **Lao She in London** Anne Witchard, 2012-08-01 Lao She remains revered as one of China's great modern writers His life and work have been the subject of volumes of critique

analysis and study This book covers the four years the young aspiring writer spent in London between 1924 and 1929

Translating Chinese Fiction Tan Yesheng, 2024-06-28 Drawing on the

cognitive translational paradigm this book introduces a situation embedded cognitive construction model of translation and explores the thinking portfolios of British and American sinologists cum translators to re-examine their multiple voices and cognition in translating Chinese fiction. By placing sinologists cum translators in the same discourse space, the study transcends the limitations of previous case studies and offers a comprehensive cognitive panorama of how Chinese novels are rendered. The author explores the challenges and difficulties of translating Chinese fiction from the insider perspectives of British and American sinologists and cross-validates their multiple voices by aligning them with cross-cultural communication scenarios. Based on the cognitive construction model of translation, the book provides a systematic review of the translation thoughts and ideas of the community of sinologists in terms of linguistic conventions, narrative styles, contextual and cultural frames, readership categories, and metaphorical models of translation. It envisions a new research path to enhance empirical research on translators' cognition in a dynamic translation ecosystem. The title will be an essential read for students and scholars of translation studies and Chinese studies. It will also appeal to translators and researchers interested in cognitive stylistics, literary studies, and intercultural communication studies. **Western Queers in China** D. E. Mungello, 2012-02-16

This unique work examines the role played by sexuality in the historical encounter between China and the West. Distinguished historian D. E. Mungello focuses especially on Western homosexuals who saw China as a place of escape from the homophobia of Europe and North America. His groundbreaking study traces the lives of two dozen men, many previously unknown to have same-sex desire, who fled to China and in the process influenced perceptions of Chinese culture to this day. Their individual stories encompass flight from homophobia in their home countries, the erotic attraction of Chinese boy actors, friendships with Chinese men, intellectual connections with the Chinese, and the reorientation of Western aesthetics toward China. Mungello explores historical attitudes and the atmosphere of oppression toward men with same-sex desire as he recounts the intensification of repression of queers in Europe and North America in the late nineteenth century. He shows how China became a place of escape, a homosexual land of Oz where men could flee from the closets of their minds. Some traveled to China and lived there; others immersed themselves in Chinese culture at a distance. Most established long-term friendships and acted as cultural intermediaries who opened the aesthetic range of Western culture to a new sense of beauty and a fresh source of inspiration for poets, artists, and dramatists. Their boys, Chinese males whose services were available at low cost as messengers, rickshaw pullers, guides, cooks, entertainers, escorts, and prostitutes, were transformed into a universal metaphor of Chinese culture that lingers to this day. Indeed, outside men's range of relationships, intellectual and physical, have had a profound impact in shaping the modern Western conception of China. **Cat Country** Lao She, 2013-08-01 When a traveller from China crash-lands on Mars, he finds himself in a country inhabited entirely by Cat People. Befriended by a local cat man, he becomes acquainted with all aspects of cat life; he learns to speak Feline, masters cat poetry, and appreciates the narcotic effects of the reverie, leaf, their food staple. But curiosity turns to despair when he ventures further

into the heart of the country and the culture and realizes that he is witnessing the bleak decline of a civilization Cat Country Lao She's only work of science fiction is both a dark dystopian tale of one man's close encounter with the feline kind and a scathing indictment of a country gone awry Book Review Digest, 2002 **The Best Books for Academic Libraries**, 2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers
