Blades On Ice A Century Of Professional Hockey:

Blades on Ice Chryst Goyens, Frank Orr, Allan Turowetz, 2000 Always the names and nicknames Howie Morenz Eddie Shore and Newsy Lalonde Cyclone Rocket and Mr Hockey They emerge from the dusty files of newspaper morgues or the kinescopes and yellowing photos of hockey's earliest days They are joined by the modern day warriors in all of their Technicolor glory the Golden Jet The Big M Jake the Snake Gros Bill The Great One Super Mario and the Next One And forever the incomparable Bobby Orr This book tells the sweeping tale of professional hockey in four distinct parts Taking to the Ice 1901 1925 Growing the Sports 1926 1950 The Real Major League 1951 1975 Spanning the Continents 1976 2000 Hundreds of photographs trace the history of hockey from pond and sticks fashioned from tree branches to the age of entertainment multiplexes and pre game laser shows Scratchy black and white prints some of the first ever taken of indoor hockey and high speed color photography of the 1990s bring this fascinating game to life The game follows the narrative of the Patricks pro hockey's first family for more than a hundred years Highlights of the careers of Maurice Richard Gordie Howe and Bobby Orr usher in the Modern Era and lead to Wayne Gretzky's fabulous career and retirement at century's end The game started as an exhilarating outdoor pastime in the 19th century moved indoors in the Northeast at the turn of the century and then onto artificial ice as millions of fans were born Rules and game changes were many in the early days but one thing was constant the chase the speed and the breathless beauty of the fastest sport on two feet Today the game is played before and for millions by behemoths equipped with composite sticks Kevlar padding and skate blades fashioned from space age alloys Yet the spirit of the pond still lives How they got here from there is what *Blades On Ice A Century of Professional Hockey* is all about

Deceptions and Doublecross Morey Holzman, Joseph Nieforth, 2002-10-01 Hockey lovers will be fascinated by the truth about how the National Hockey League was founded and how through less than savory means it captured permanent possession of the Stanley Cup *Deceptions and Doublecross* begins with the 1917 conspiracy among a Montreal contingent of the National Hockey Association to oust Toronto owner Edward James Livingstone from the league The result was the transformation of the NHA into the NHL with Frank Calder as president leaving Livingstone out in the cold Under Calder's iron-fisted direction the NHL became the only major hockey league in North America and gained exclusive claim to the Stanley Cup

A Great Game Stephen J. Harper, 2013-11-05 Drawing on extensive archival records and illustrations histories of the sport and newspaper files Canada's Prime Minister delves into the fascinating early years of ice hockey In the tumultuous beginnings of hockey the fights were as much off the ice as on it This engaging new book is about the hockey heroes and hard-boiled businessmen who built the game and the rise and fall of legendary teams pursuing the Stanley Cup With a historian's perspective and fan's passion Stephen Harper presents a riveting and often surprising portrait capturing everything from the physical contests on the rinks to the battles behind the scenes Stephen Harper shows that many things have stayed the same Rough play fervent hometown loyalties owner-player contract disputes dubious news

coverage and big money were issues from the get go Most important in these early years was the question Was hockey to be a game of obsessed amateurs playing for the love of the sport or was it a game for paid professionals who would give fans what they wanted Who should be responsible for the sport including its bouts of violence both on and off the ice A century ago rinks could melt and by halftime the blades screwed to the players shoes could be sinking in mud It was during this time that the unsuccessful Toronto Professionals of 1908 and the victorious Toronto Blue Shirts of 1914 battled for the city s very first Stanley Cup Against the fanatical opposition of amateur hockey leaders these forgotten Leafs would lay the groundwork for the world s most profitable hockey franchise In paying tribute to these hockey pioneers and the contagious loyalty of their fans Harper resurrects the history of hockey s first decades Lavishly illustrated with photographs of the game s greatest arenas and earliest star players this entertaining and original book will captivate you from start to finish *Postwar America* James Ciment,2015-03-26 From the outbreak of the Cold War to the rise of the United States as the last remaining superpower the years following World War II were filled with momentous events and rapid change Diplomatically economically politically and culturally the United States became a major influence around the globe On the domestic front this period witnessed some of the most turbulent and prosperous years in American history *Postwar America* An Encyclopedia of Social Political Cultural and Economic History provides detailed coverage of all the remarkable developments within the United States during this period as well as their dramatic impact on the rest of the world A Z entries address specific persons groups concepts events geographical locations organizations and cultural and technological phenomena Sidebars highlight primary source materials items of special interest statistical data and other information and Cultural Landmark entries chronologically detail the music literature arts and cultural history of the era Bibliographies covering literature from the postwar era and about the era are also included as are illustrations and specialized indexes

Bowling, Beatniks, and Bell-bottoms: 1900s and 1910s ,2002 Recounts the enduring products innovative trends and fun fads of the past ten decades In 5 volumes **The Seventies in America** John C.
