James H. Billington

Blagosostoianie I Spravedlivost Kak Pobedit Bednost V Bogatoi Strane:

Russia in Search of Itself James H. Billington, 2004-03-19 Billington describes the contentious discussion occurring all over Russia and across the political spectrum He finds conflicts raging among individuals as much as between organized groups and finds a deep underlying tension between the Russians attempts to legitimize their new nominally democratic identity and their efforts to craft a new version of their old authoritarian tradition After showing how the problem of Russian identity was framed in the past Billington asks whether Russians will now look more to the West for a place in the common European home or to the East for a new Eurasian identity
