**Blavatsky and Her Teachers** Jean Overton Fuller, 1988 Few nineteenth century figures have aroused such controversy as Madame Helena Petrovna Blavatsky 1831-91 co-founder of The Theosophical Society Accepted by some as a spiritual teacher outstanding occultist and pioneer of the present New Age movement she was denounced by others as an impostor a secret agent for her native Russia or a deluded fanatic In this full length biography the first to be published in England for many years Jean Overton Fuller has used Russian language material and is the first biography to have had access to the archives of the London Society for Psychical Research But she has found the explanation for the life and work of Madame Blavatsky not in New York where The Theosophical Society was founded in 1875 nor in London where she died but in the attempts of an oriental fraternity to influence the spiritual climate of Europe in its most materialistic phase She throws new light on the real identities of Madame Blavatsky's teachers and their relationship to the complex world of Tibetan Buddhism She portrays a woman struggling against immense personal and social difficulties to fulfil a mission that was scarcely understood by her closest associates In her impartial scrutiny of evidence Miss Overton Fuller has been obliged to reject as spurious some Blavatsky letters published by The Theosophical Society itself but she has also uncovered the real authorship of the notorious Coulomb letters which attempted to implicate Madame Blavatsky in fraud The appearance of this biography coincides with the centenary of Madame Blavatsky's main work *The Secret Doctrine* 1888 which offered a profound spiritual interpretation of evolution in contrast to Darwinism and brought a new dimension into western thought **Madame**

**Blavatsky and Her "theosophy"** Arthur Lillie, 1895 **Helena Blavatsky** Helena Blavatsky, 2004-04-07 At the age of 17 rejecting nineteenth century materialism Helena Blavatsky 1831-1891 left her native Russia and traveled through India Tibet Egypt Europe and the Americas seeking out the sources of ancient wisdom as a key to spiritual truth In 1875 in New York she co-founded the Theosophical Society for the study of occult traditions Many popular ideas of rediscovered ancient wisdom including reincarnation and karma trace their origin to Helena Blavatsky and Theosophy This anthology includes material on her life and travels as well as excerpts from her major works **Incidents in the history of the theosophical movement**

J.H. Fussell, *Incidents in the history of the theosophical movement* founded in New York city in 1875 by H P Blavatsky continued under William Q Judge and now under of their successor Katherine Tingley *The Western Esoteric Traditions* Nicholas Goodrick-Clarke, 2008-10-14 Western esotericism has now emerged as an academic study in its own right combining spirituality with an empirical observation of the natural world while also relating the humanity to the universe through a harmonious celestial order This introduction to the Western esoteric traditions offers a concise overview of their historical development Nicholas Goodrick-Clarke explores these traditions from their roots in Hermeticism Neo Platonism and Gnosticism in the early Christian era up to their reverberations in today's scientific paradigms While the study of Western esotericism is usually confined to the history of ideas Goodrick-Clarke examines the phenomenon much more broadly He

demonstrates that far from being a strictly intellectual movement the spread of esotericism owes a great deal to geopolitics and globalization In Hellenistic culture for example the empire of Alexander the Great which stretched across Egypt and Western Asia to provinces in India facilitated a mixing of Eastern and Western cultures As the Greeks absorbed ideas from Egypt Babylon Assyria and Persia they gave rise to the first esoteric movements From the late sixteenth to the eighteenth centuries post Reformation spirituality found expression in theosophy Rosicrucianism and Freemasonry Similarly in the modern era dissatisfaction with the hegemony of science in Western culture and a lack of faith in traditional Christianity led thinkers like Madame Blavatsky to look East for spiritual inspiration Goodrick Clarke further examines Modern esoteric thought in the light of new scientific and medical paradigms along with the analytical psychology of Carl Gustav Jung This book traces the complete history of these movements and is the definitive account of Western esotericism *The Awakened Ones* Gananath Obeyesekere,2012 While a rational consciousness grasps many truths Gananath Obeyesekere believes an even richer knowledge is possible through a bold confrontation with the stuff of visions and dreams Spanning both Buddhist and European forms of visionary experience he fearlessly pursues the symbolic nonrational depths of such phenomena reawakening the intuitive creative impulses that power greater understanding Throughout his career Obeyesekere has combined psychoanalysis and anthropology to illuminate the relationship between personal symbolism and religious experience In this book he begins with Buddha's visionary trances wherein over the course of four hours he witnesses hundreds of thousands of his past births and eons of world evolution renewal and disappearance He then connects this fracturing of empirical and visionary time to the realm of space considering the experience of a female Christian penitent who stares devotedly at a tiny crucifix only to see the space around it expand to mirror Christ's suffering Obeyesekere follows the unconscious motivations underlying rapture the fantastical consumption of Christ's body and blood and body mutilation and levitation bridging medieval Catholicism and the movements of early modern thought as reflected in William Blake's artistic visions and poetic dreams He develops the term dream ego through a discussion of visionary journeys Carl Jung's and Sigmund Freud's scientific dreaming and the cosmic and erotic dream visions of New Age virtuosos and he defines the parameters of a visionary mode of knowledge that provides a more elastic understanding of truth A career culminating work this volume translates the epistemology of Hindu and Buddhist thinkers for western audiences while revitalizing western philosophical and scientific inquiry **The New Akashic Records** Cheryl Trine,2010 Trine presents an in depth yet easily understood history of the Akashic Records and uncovers the ancient connection to divine memory judgment and destiny as the Book of Life She reaches into Hinduism Buddhism and Tibetan Bn to understand the Akasha **Handbook of the Theosophical Current** Olav Hammer,Mikael Rothstein,2013-01-09 This title represents pioneering research into an important but under researched current The three sections in the book are devoted to the Theosophical Society Theosophically influenced religious currents and the interaction between Theosophy and surrounding culture

**Teachers of the Eternal Doctrine** Elton A. Hall, 2006 Raghavan Iyer founded HERMES a journal of Theosophical Wisdom as one of several vehicles for the current behind the 7th Century Impulsion just prior to the beginning of the 1975 Cycle in Santa Barbara California In that journal he illustrated the ways in which Mahatmas have worked and continue to work in the world In the lead article of this volume The Seventh Impulsion 1963 2000 he made clear that the Mahatmic impulsions were concentrated in the last quarter of each century but that preparations for them occurred earlier and that their reverberations lasted far beyond the conclusion of each quarter century cycle in an unfailing continuous stream Near the beginning of 1976 after a year of guiding the golden HERMES current Professor Iyer determined that those thinkers and teachers most involved in the Seven Century Plan should be honored through writings called the Teacher Articles that described the hidden current behind their lives and the timeless context for their work within the cycles of time All of the Teacher Articles were written from a Theosophical perspective based in large part upon the philosophy expounded in H P Blavatsky's The Secret Doctrine This collection of essays contains those articles that first appeared in HERMES as an exploration of the Seven Century Plan

**Both Sides of the Circle** Christmas Humphreys, 2015-03-24 First published in 1978 Christmas Humphreys' autobiography presents the fascinating history of a life rich and varied in both private and in public Spanning seven decades it touches on many events of historical interest in which he was personally involved Among them the abdication of Edward VIII the Japanese War Trials and his time with the Dalai Lama after his flight from Tibet The author gives a graphic portrait of life behind the Bar and on the Bench of what it is like to prosecute and to defend and of the immense difficulties which face a judge when passing sentence Here too are recollections of many famous cases of the twentieth century and of the many murder trials in which he appeared as prosecuting counsel or judge Of equal interest is his fifty years of work in the field of English Buddhism In 1924 he and his wife founded the Buddhist Society which would become hugely influential in the spread of Buddhism throughout the West Both Sides of the Circle is rich in humour and humanity There is the joyful account of the author's Edwardian Boyhood followed by the tragedy of his brother's death in World War 1 which lead to the awakening of his interest in Buddhism and Theosophy He speaks freely of his encounters with the Dalai Lama with D T Suzuki with Jung and with the Royal families of Thailand Sikkim and Nepal as well as his travels throughout the Europe and in the Orient Both sides of the Circle is more than autobiography it is also a spiritual odyssey whose reissue will be of great interest to those who've enjoyed Christmas Humphreys' other work and wish to know more about his brilliant career It will also be very welcome to those wanted to learn about Buddhism in general and the origins of English Buddhism in particular

**From Blavatsky to Krishnamurti: "It is Finished"** Al Boag, 2025-09-16 This book highlights some important continuities as well as differences between the teachings of Helena Petrovna Blavatsky 1831 1891 co founder of the Theosophical Society in 1875 and Krishnamurti Jiddu 1895 1986 the Theosophist who was trained to be the World Teacher Until now very little has been written of the importance to Blavatsky of an esoteric eschatology and

Christology and their relation to the secret core of her Path of Initiation the practice of an occult breathless meditation Similarly scholarly research has overlooked the evidence that Krishnamurti eviscerated the secret core of Blavatsky's teaching with his own esoteric interpretation of it which exists in his published work as the camouflaged core of his teaching Offering a fresh appraisal this work draws on careful exploration of the primary source material of Blavatsky and Krishnamurti as well as his Theosophical mentors Annie Besant 1847 1933 and Charles Webster Leadbeater 1854 1934 It will be of particular interest to students and scholars of esotericism new religious movements and the history of religions

**Women's Leadership in Marginal Religions** Catherine Wessinger, 1993 Women's leadership in Spiritualism and Christian Science Ann Braude The feminism of Universal Brotherhood women in the Theosophical Movement Robert Ellwood and Catherine Wessinger Emma Curtis Hopkins a feminist of the 1880s and mother of new thought J Gordon Melton Myrtle Fillmore and her daughters an observation and analysis of the role of women in Unity Dell deChant Woman guru woman roshi the legitimation of female religious leadership in Hindu and Buddhist groups in America Catherine Wessinger Part 3 Contemporary women as creators of religion Ritual validations of clergywomen's authority in the African American Spiritual churches of New Orleans David C Estes Twentieth century women's religion as seen in the feminist spirit **America's**

**Alternative Religions** Timothy Miller, 1995-07-01 This is a single volume source of reliable information on the most important alternative religions covering for each such essentials as history theology impact on the culture and current status The chapters of the book were written by experts who study the movements they have written about The Romance of Sorcery Sax Rohmer, 2015-03-18 An intriguing tour of the dark arts throughout the ages introduces such luminaries as Nostradamus Dr John Dee Cagliostro and Madame Blavatsky Engaging and informative history encompassing astrology alchemy witchcraft and demonology *The Masters Revealed* K. Paul Johnson, 1994-01-01 The existence of Madame Blavatsky's occult Masters has been fiercely debated for more than a century Although scores of books have been written about her none has focused on the historical identities of these elusive teachers This book profiles 32 of Blavatsky's hidden sponsors including leaders of secret societies in Europe and America religious political reformers in Egypt and India and even British government agents The milieu in which she carried out her spiritual quest is vividly revealed as a hotbed of revolutionary plots and secret coalitions But beyond all the politics was a genuine spiritual awakening of global significance

Yeats and Theosophy Ken Monteith, 2014-06-03 When H P Blavatsky the controversial head of the turn of the century movement Theosophy defined a true Theosophist in her book *The Key to Theosophy* she could have just as easily have been describing W B Yeats Blavatsky writes A true Theosophist must put in practice the loftiest moral ideal must strive to realize his unity with the whole of humanity and work ceaselessly for others Although Yeats joined Blavatsky's group in 1887 and subsequently left to help form The Golden Dawn in 1890 Yeats's career as poet and politician were very much in line with the methods set forth by Blavatsky's doctrine My project explores how Yeats employs this pop culture occultism in the creation of

his own national literary aesthetic This project not only examines the influence theosophy has on the literary work Yeats produced in the late 1880 s and 1890 s but also Yeats s work as literary critic and anthology editor during that time While Yeats uses theosophy s metaphysical world view to provide an underlying structure for some of his earliest poetry and drama he uses theosophy s methods of investigation and argument to discover a metaphysical literary tradition which incorporates all of his own literary heroes into an Irish cultural tradition Theosophy provides a methodology for Yeats to argue that both Shelley and Blake for example are part of a tradition that includes himself Basing his argument in theosophy Yeats can argue that the Irish people are a distinct race with a culture more sincere and natural than that of England **Claiming**
