Bleeders Come:

The Battle of Gorgonholm Robert John MacKenzie, 2021-01-06 In this third installment of the Chronicles of the Medieval Underworld a primordial force strikes the countryside causing death and destruction in its wake It s up to Thurmond Sarah Roscoe and Torgul to figure out what s happening and stop it before a war breaks loose After years of difficult missions and escaping death Thurmond and his witch companion Sarah have finally been initiated into the Brotherhood of the Underworld Adventurers Their dedication is tested quickly as the people of Gorgonholm have fallen under a dark and dangerous spell wives poison husbands old friends viciously attack each other and most importantly the wild neighboring Keltin clans plan to invade and slaughter them all To save the city Thurmond and his steadfast comrades are tasked with finding Malaichai the only wizard powerful enough to defeat this eldritch force Their perilous journey is filled with old foes and haunted traps Worse yet the wizard Malachai has gone mad with necromancy and has an obsession with melding humans and animals to create hybrid creatures Their mission keeps getting stranger but with a war quickly approaching the crew will risk anything to save the people of Gorgonholm From the subterranean vaults of a malicious necromancer to the crash and chaos of a medieval battlefield The Battle of Gorgonholm will have you on the edge of your seat rooting for the unlikely heroes

Of Starlight and Bone Emily Layne, 2023-03-07 Aurelia Peri is used to being an outsider As if being the adopted daughter of the galaxy s most powerful man weren t enough she also has to deal with the stigma of being part machine Which is why she s dead set on proving her worth But when her first mission as a D I S C agent ends disastrously and then her suspect a man accused of murdering and cannibalizing his own family proclaims innocence and launches himself off the top of a building she fears she ll never be trusted with another case Auri has doubts about the man s guilt and is certain there s more to the case She decides to dig deeper when her superiors suddenly order her to drop it and her surreptitious investigation reveals a series of crimes she is convinced are connected Determined to uncover the truth Auri discovers an unfathomable darkness hidden in the depths of the galaxy A darkness that threatens everything she holds dear A darkness connected to her own past And Auri s involvement in the case doesn t go unnoticed Something in the system has caught her scent and will stop at nothing to catch its prey

Acute Medicine, second edition Declan O'Kane, 2017-10-16 Acute Medicine 2e is a current and concise guide to hospital emergency medicine for registrars junior doctors and medical students working on the wards This second edition has been comprehensively revised and updated to incorporate the latest treatment guidelines It has been substantially rewritten and streamlined to enable the reader to access the pertinent information even more quickly It is not just a list of instructions but contains pathophysiology and useful clinical pearls detailed management of acute medical and surgical emergencies including in pregnancy general ward management issues descriptions of key procedures normal laboratory values emergency drug formulary From reviews of the first edition This new book by Dr O Kane is a very useful and

interesting book directed towards Medical registrars but also with many positive features for anyone from Medical Student to Consultants It works through groups of emergencies according to speciality and organ grouping This is helpful as it enables the reader to link the different differentials together well It also tries to signpost all the different conditions in relation to the Acute Medicine and General Internal Medicine curriculums There is also an excellent section on fluid prescription outlining what each fluid option contains along with potential fluid prescriptions in relation to the daily needs of the human body Each clinical problem is presented in a clear and logical format beginning with the things to ask or think about when receiving a referral much as junior doctors would do in a real clinical situation The book also includes an excellent general management section which covers important aspects of the assessment of mental capacity and considerations to make when discharging a patient things which are often poorly taught in other settings All of the clinical procedures are described in some level of detail not enough to learn to do the procedure but enough to signpost as well as getting the reader to think about why it is needed and any associated risks Journal for Acute Medicine October 2015 **Code of Federal Regulations** United States.
