Reason Informed by Faith Richard M. Gula,1989 Excellent textbook introduction to the basic issues of fundamental moral theology that considers all of today s moral issues *God's Enduring Love in the Book of Hosea* Joy Philip Kakkanattu,2006 Joy Philip Kakkanattu provides an exegetical and theological analysis of an important and difficult text of the Old Testament through a synchronic and diachronic reading Detailed critical notes which discuss the textual difficulties accompany the translation of the text from Hebrew In the detailed exegesis special attention is given to study of the key terms theologically significant in Hos 11 1 11 against the context of the whole book The exegesis shows that in Hos 11 8 9 it is not the repentance of Yahweh that causes the withholding of His anger against Israel but Yahweh s constancy in His election of Israel as His son More than a change of heart the decision not to execute the deserved judgement witnesses Yahweh s divine nature Special attention is dedicated to the parent metaphor employed in Hos 11 1 11 It is concluded that more than expressing the Yahweh Israel relationship as a father son relationship the text speaks of it in terms of parent child relationship In the diachronic analysis the author deals with the origin and formation of Hos 11 1 11 *Marriage and Life After Death* Anthony Onyekwe,2015-01-29 In Africa the emphasis on family marriage and offspring suggest that there is a kind of an unwritten ancestral law that imposes on every male the duty of begetting a son The reason is because the core of African soteriology is centered on offspring The predicament of the childless couples therefore stems from the desire for immortality and salvation that culminates in the admission of the dead into the ancestral world This quest for salvation and

immortality constitute social emotional psychological and spiritual problems for Christian as well as non Christian childless couples

Messianic Revelation in the Old Testament Gerard Van Groningen,1997-07-16 Books by evangelical scholars on messianism in the Old Testament are either outdated too brief or lack balance observes the author Messianic Revelation in the Old Testament represents the most thorough conservative analysis of the century Van Groningen traces the messianic expectation as it is progressively revealed in the Hebrew Scriptures He first introduces the messianic concept defining its terms and uncovering its source He finds these messianic presentations rooted in and shaped by divine revelation The major part of this volume explores messianism s philological historical and theological aspects The result of this study writes the author reveals that the messianic concept refers to a royal priestly prophetic person and his work Passages that deal with these messianic motifs have been selected for close scrutiny and evaluation The author believes that a correct understanding of messianism in the Old Testament requires a balanced hermeneutical approach from exegeting the relevant texts and studying their historical context to interpreting prophecy and organizing its theological truths In the words of the author To omit one element is to do injustice to the Old Testament Van Groningen has included an extensive bibliography of both books and articles for those wishing to pursue additional study A Scripture index helps one to locate the author s exegetical insights on various passages An index of persons concludes the work

God and Adam: Reformed Theology and the Creation

Covenant Rowland S. Ward,2019-09-16 Reformed churches have always been interested in the covenant idea first the covenant of grace in Christ but also a covenant with Adam before sin commonly called the covenant of works But what the covenant of works really meant in the 17th century when it became standard orthodoxy is often very poorly understood today That ignorance has contributed to modifications which are not always for the better

saints and blessed Guidance for choosing among the options provided in the ritual texts *COVENANT THEOLOGY: A Critical Analysis Of Current Pentecostal Covenant Theology , God, Freedom, and the Body of Christ* Alexander J. D. Irving, 2020-10-13 A contribution to the end of the Church knowing itself as the body of Christ Irving articulates a theology of the Church as that which participates in all that Jesus is in his vicarious humanity by the power of the Spirit This is developed through a dialogical or covenantal frame that has its focal point in Christ in whom the faithful love of God toward creation and the faithful love of creation toward God is actualized The Church as the body of Christ participates in the mediatorial work of Jesus Christ Each chapter explores a different element of this participatory ecclesiology This book offers a constructive ecclesiology built from the ground up on the foundation of a dialogical perspective which has participation in Christ as its controlling center This foundation provides the basis upon which an exhilarating vision of the Church can be built to encourage Christians to cherish the Church as the body of Christ which participates in the triune communion through being included into the Son by the power of the Spirit and comes to reflect the triune God in its own structures *The Reading and Preaching of the Scriptures in the Worship of the Christian Church, Volume 2* Hughes Oliphant Old, 1998 Hughes Oliphant Old surveys the history of preaching in the Greek schools of Alexandria and Antioch in the Syriac church and throughout the Christian Empire concluding with the preaching of Leo the Great Peter Chrysologos and Gregory I

The Names of God in Holy Scripture Andrew Jukes, 1889 *The Names of God* Andrew John Jukes, 1967 Foreword by Charles R Wood The various names used in reference to God are examined in relationship to their purpose virtues and characteristics *The Wounds of Possibility* Ricardo Gil Soeiro, 2013-01-04 Bringing together writers translators poets and leading scholars of cultural theory literary theory comparative literature philosophy history political science music studies and education The Wounds of Possibility aims to offer an in depth and wide ranging study of George Steiner s imposing body of work This book is a timely volume of important essays on one of the most provocative thinkers critics and philosophers now writing During an era in which the question of the ethical and of the status of the work of art and its relation to the theological dimension has returned with renewed urgency Steiner s work provides rich resources for reflection and it is hoped that the volume will stand on its own as a rich nuanced accompaniment to the reading of Steiner s work With their broad range of thematic foci theoretical approaches and stunning constellations of quoted material from different backgrounds all the essays in the book try to reflect upon the relation between human identity and language ethics and literature philosophy and art and they all offer what we regard as being the most comprehensive engagement with Steiner s work to date

Reflexivity in Love A Self-Reflexive Portrait of the Little Flower of Jesus Fr. Emmanuel Javert Nnadozie OCD, 2024-09-19 This book focuses particularly on the self reflexive elements of the divine and human transformation in the Christian life which we find in St Therese especially her ability to wonder and question herself about the mysteries of God as they relate to her spiritual life and growth It studies Therese s spirit of critical listening and profound

spiritual reflection on the things of her experience and explores her self reflective and interrogative self understanding of her call to sanctity of life The author also discusses how the Saint appropriated God s Word and God s grace hidden in the events of her life The book shows how through self reflexivity and meditation on God s Word she discovered her vocation as love in the heart of the Church following which she desired to sing of the mercies of the Lord with her whole life by loving God and neighbor in ordinary things in an extraordinary way and by leading a legion of souls through this Little Way of love which has a general or universal application to all who desire to attain perfection by a straight and short route While it is recognized that God s grace works in individuals according to their personal vocations the author believes that spiritual self reflexivity helps the faithful to integrate meaningfully like St Therese the general principles of the spiritual life and the example of the Saints into each individual s spiritual life in the events of daily life irrespective of their individual vocations And this is why the Little Way as a spiritual path can be lived by all who commit themselves to following the example found in St Therese s simple humble and confident way of spiritual childhood and of loving God and neighbor in the ordinary life and events of every day with reflexivity in love as the key
