Publishers Weekly, 1974 Кости: внутри и снаружи Рой Милз, **The New and Revised Catalog of American Antiques** William C. Ketchum (Jr.), 1980 Trench Art Jane A. Kimball, 2004 Trench art is a highly evocative term conjuring up the image of a mud splattered soldier in a soggy trench hammering out a souvenir for a loved one at home while dodging bullets and artillery shells This is an appealing but very false conception of the reality of this art form A few types of trench art could be made easily in a trench during lulls in the fighting but the hammering involved in making many trench art pieces would have been greeted with unwelcome hostile fire from the enemy Trench art items made during wars were in fact created at a distance from the front line trenches either by soldiers at rest behind the front lines by skilled artisans among the civilian population by prisoners of war or by soldiers **Western Memorabilia** William C.
