Myers,Allison Stielau,Metropolitan Museum of Art (New York, N.Y.),2009 The vibrant late paintings of Pierre Bonnard 1867 1947 are considered by many to be among his finest achievements Working in a small converted bedroom of his villa in the south of France Bonnard suffused his late canvases with radiant Mediterranean light and dazzling color Although his subjects were close at hand usually everyday scenes taken from his immediate surroundings such as the dining room table being set for breakfast or a jug of flowers perched on the mantelpiece Bonnard rarely painted from life Instead he preferred to make pencil sketches in small diaries and then rely on these along with his memory once in the studio This volume which accompanies the first exhibition to focus on the interior and related still life imagery from the last decades of Bonnard s long career presents more than seventy five paintings drawings and works on paper many of them rarely seen in public and in some cases little known Although Bonnard s legacy may be removed from the succession of trends that today we consider the foundation of modernism his contribution to French art in the early decades of the twentieth century is far more profound than history has generally acknowledged In their insightful essays and catalogue entries the authors bring fresh critical perspectives to the ongoing reappraisal of Bonnard s reputation and to his place within the narrative of twentieth century art Jacket The Artist's Mind George Hagman,2010-06-18 This book examines how contemporary psychoanalytic theory provides insight into understanding the psychological sources of modern art *Pierre Bonnard* Pierre Bonnard,2003 Pierre Bonnard 1867 1947 was an influential French painter draughtsman photographer printmaker illustrator and interior designer whose work continues to surprise and delight new generations of art lovers This book brings together more than 110 paintings drawings and lithographs from private and public collections It focuses comprehensively on the evolution of Bonnard s career from his early Nabis works of 1890 1900 through to his large decorations of 1905 1912 and his nudes portraits and landscapes of the 1920s and 1930s closing with his stunning works up to World War II A Sourcebook of Gauguin's Symbolist Followers Russell T.
