Book Of Five Rings For Executives:

The Book of Five Rings for Executives Donald G. Krause, 1998 Used for centuries by Japanese businessmen and studied by many of Silicon Valley's warriors of today's wired world The Book of Five Rings by samurai swordsman Miyamoto Musashi has provided a powerful practical approach to achieving competitive dominance Now in *The Book of Five Rings for Executives* Donald Krause has enriched and simplified the original material of this ancient classic of competitive tactics and strategy into a set of seven clearly defined and easily applied business principles New York Magazine, 1981-06-29 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The Book of Five Rings** D. E. Tarver, 2004-01-04 For centuries The Book of Five Rings has been a resource for gaining insight into the mind of the warrior spirit The famous Samurai Miyamoto Musashi originally wrote the work in 1645 Musashi the Sword Saint as he is known in Japan killed his first man in a duel when he was only thirteen He went on to fight in over sixty duels and never once lost In The Book of Five Rings Musashi recorded his secrets to success which are applicable to martial arts and any modern situation involving confrontation Until The Book of Five Rings the many translations of his original work are written from an academic standpoint because the authors have little with the sword or martial arts D E Tarver brings a lifetime of experience in sword training martial arts and business to this version and the result is a highly motivating and easy to understand book If you are serious about winning in any area of your life The Book of Five Rings is the definitive guide to victory

Character-Centred Leadership Micah Amukobole, 2012-12-04 This book promotes excellence in the practice of leadership to inspire leaders emerging leaders and students of leadership to become active participants in shaping their own future and the future of others **The Book of Five Rings** Miyamoto Musashi, 2020-11-19 Limited Time Promotional Offer The Book of Five Rings In The Book of Five Rings Miyamoto Musashi takes the reader into a world filled to the brim with devotion self respect discipline honesty and purity of thought Written originally for warriors and samurai in a completely different time and culture Musashi's book provides a remarkable source of inspiration for self development today His teachings are concise and to the point He uses phrases like you must understand this and you must practice diligently and explains only general but unquestionable and fundamental concepts of the Way of the Warrior While some of his guidelines are not directly applicable in our time and age those about striving to achieve improvement on the inside as well as the outside couldn't be more on target Taken literally this book is about how to become an efficient albeit enlightened killer Its value comes from reading between the lines lines which speak volumes About Miyamoto Musashi Miyamoto Musashi 1584 1645 was a Japanese swordsman and ronin Musashi as he was often simply known became renowned through stories of his excellent
