Book Of Love Writers And Their Love Letters:

The Book of Love Cathy N. Davidson, 1992 The late John Cheever once insisted that saving a letter is like trying to preserve a kiss Luckily for us the loved ones of great writers ranging from Sappho to Anne Sexton from Anton Chekhov to Mr Cheever himself have ignored that clever dictum In more than one hundred of the most powerful witty wicked and whimsical letters ever written we chronicle passion's erratic progress Why should Marcus Aurelius's amorous words sit side by side with John Steinbeck's letter to the woman who inspired much of his late work Distinguished scholar Cathy Davidson argues that the love letter is a form of literature all its own a genre whose language may have changed from ancient Rome to twentieth century America but whose basic form and content remain the same For if all literature is a kind of seduction then the love letter becomes the perfect vehicle for writers to hone their seductive skills With novelistic flair Ms Davidson has arranged these letters as though they were all part of one romance a romance in which any of us may have played a part From the joy of Falling in Love to the pain of Unrequited Love we chart the evolution of that most hard to define emotion These pages are filled with glorious examples of writers being just like the rest of humanity to wit willing to stake so much on what at times seems like nothing more than a promise and an act of faith How delightful to discover the master of light verse Ogden Nash writing tenderly to a woman he first saw across a crowded room nine months earlier This is a particularly gifted and intelligent pen Look what it's writing now I love you That's a phrase I can't get out of my head but I don't want to I've wanted to try it out for a long time I like the look of it and the sound of it and the meaning of it Of course what writers do better than anyone else is to write about love Through Ms Davidson's deft touch The Book of Love becomes a treasure trove of literary discovery She prefaces each letter with biographical comments that read like novelettes From the tragic lovers Heloise and Abelard to love that became literature such as Ernest Hemingway's affair with Agnes von Kurowsky to Samuel Clemens's heart breaking expression of love and grief for his deceased child all have a place in this marvelous anthology Though originally addressed to only one reader each of these letters is now a letter to the world that speaks to us all

The Book of Love, 1996 The late John Cheever once insisted that saving a letter is like trying to preserve a kiss Luckily for us the loved ones of great writers ranging from Sappho to Anne Sexton from Anton Chekhov to Mr Cheever himself have ignored that clever dictum In more than one hundred of the most powerful witty wicked and whimsical letters ever written we chronicle passion's erratic progress Why should Marcus Aurelius's amorous words sit side by side with John Steinbeck's

letter to the woman who inspired much of his late work Distinguished scholar Cathy Davidson argues that the love letter is a form of literature all its own a genre whose language may have changed from ancient Rome to twentieth century America but whose basic form and content remain the same For if all literature is a kind of seduction then the love letter becomes the perfect vehicle for writers to hone their seductive skills With novelistic flair Ms Davidson has arranged these letters as though they were all part of one romance a romance in which any of us may have played a part From the joy of Falling in Love to the pain of Unrequited Love we chart the evolution of that most hard to define emotion These pages are filled with glorious examples of writers being just like the rest of humanity to wit willing to stake so much on what at times seems like nothing more than a promise and an act of faith How delightful to discover the master of light verse Ogden Nash writing tenderly to a woman he first saw across a crowded room nine months earlier This is a particularly gifted and intelligent pen Look what it s writing now I love you That s a phrase I can t get out of my head but I don t want to I vewanted to try it out for a long time I like the look of it and the sound of it and the meaning of it Of course what writers do better than anyone else is to write about love Through Ms Davidson s deft touch The Book of Love becomes a treasure trove of literary discovery She

King James and Letters of Homoerotic Desire David M. Bergeron, 2002-04 What can we know of the private lives of early British sovereigns Through the unusually large number of letters that survive from King James VI of Scotland James I of England 1566 1625 we can know a great deal Using original letters primarily from the British Library and the National Library of Scotland David Bergeron creatively argues that James correspondence with certain men in his court constitutes a gospel of homoerotic desire Bergeron grounds his provocative study on an examination of the tradition of letter writing during the Renaissance and draws a connection between homosexual desire and letter writing during that historical period King James commissioner of the Bible translation that bears his name corresponded with three principal male favorites Esm Stuart Lennox Robert Carr Somerset and George Villiers Buckingham Esm Stuart James older French cousin arrived in Scotland in 1579 and became an intimate adviser and friend to the adolescent king Though Esm was eventually forced into exile by Scottish nobles his letters to James survive as does James hauntingly allegorical poem Phoenix The king s close relationship with Carr began in 1607 James letters to Carr reveal remarkable outbursts of sexual frustration and passion A large collection of letters exchanged between James and Buckingham in the 1620s provides the clearest evidence for James homoerotic desires During a protracted separation in 1623 letters between the two raced back and forth These artful self conscious letters explore themes of absence the pleasure of letters and a preoccupation with the body Familial and sexual terms become wonderfully intertwined as when James greets Buckingham as my sweet child and wife King James and Letters of Homoerotic Desire presents a modern spelling edition of seventy five letters exchanged between Buckingham and James Across the centuries commentators have condemned the letters as indecent or repulsive Bergeron argues that on the contrary they reveal an inward desire of king and subject in a mutual exchange of love

Letter-writing Manuals and

Instruction from Antiquity to the Present Carol Poster, Linda C. Mitchell, 2007 Once nearly as ubiquitous as dictionaries and cookbooks are today letter writing manuals and their predecessors served to instruct individuals not only on the art of letter composition but also in effect on personal conduct Poster and Mitchell contend that the study of letter writing theory which bridges rhetorical theory and grammatical studies represents an emerging discipline in need of definition In this volume they gather the contributions of eleven experts to sketch the contours of epistolary theory and collect the historic and bibliographic materials from Isocrates to email that form the basis for its study

Frost's Original Letter-writer Sarah Annie Frost, 1867 Writing Love Katharine Ann Jensen, 1995 In this compelling new addition to Sandra M Gilbert's *Ad Feminam Women and Literature* series Katharine Ann Jensen examines the cultural form of the love letter and its intersection with the novel in the works of seventeenth and eighteenth century French women writers Traditionally French literary history has focused on eighteenth century male writers Rousseau and Laclos as the master artists of the epistolary novel That emphasis on one century one gender and one epistolary form the novel obscures the history of women's writing in France In the seventeenth century the love letter was viewed as a feminine literary form in which a woman's passionate and emotional nature found its logical expression Such emotional writing was criticized for its structural and grammatical imperfections rendering it in the eyes of men invalid as true literary material However men often wrote under female pseudonyms composing letters of seduction and betrayal that were published as true accounts Jensen contends that men disguised their words as women's words because writing as women allowed them to experiment with narrative fiction at a time when men's writing was rigidly defined by classical rhetoric She further argues that men were able to moderate women's linguistic strengths by limiting their epistolary expertise to a social rather than literary practice thereby maintaining literature as an almost exclusively male province Jensen argues for a tradition of women's writing by examining both the love letters and novels of such writers as Desjardins Ferrand Graffigny Riccoboni and Lespinasse In her novel *Les D sordres de l amour* Desjardins Madame de Villegieu creates an ambitious letter writing heroine Through an analysis of the textual similarities between the heroine's letters and Desjardins's personal love letters to her unfaithful lover Jensen concludes that Desjardins rewrites her own unfortunate epistolary relationship Jensen draws similar conclusions from an examination of the personal letters of Ferrand in relation to her novel *Histoire des amours de Cl ante et de B lise* In order to chart the legacy of seventeenth century feminine epistolarity Jensen goes on to consider the works of eighteenth century French women writers Like Desjardins's novel Graffigny's *Lettres d une P ruvienne* and Riccoboni's *Lettres de Mistress Fanni* Butlerd present letter writing heroines who overturn the conventions of seduction and betrayal in order to claim their independence and desire to write This desire correlates to Graffigny's and Riccoboni's own writing ambitions thereby

asserting the ability of women to write self consciously rather than emotionally and to create narrative fiction rather than cyclical letters of love and suffering Jensen demonstrates that these assertions constitute a significant break with seventeenth century ideas about feminine letter writing that inextricably bind women to a supposedly natural language of sexual and literary disempowerment This important and insightful book will prove a valuable addition to the libraries of scholars in French seventeenth and eighteenth century studies feminist studies epistolary fiction and novel and narrative studies
