

THE BOOK OF MAMMON

A BIBLICAL THEOLOGY OF WEALTH

Robert Harding Morris

Book Of Mammon The A Biblical Theology Of Wealth

Millar Burrows

Book Of Mammon The A Biblical Theology Of Wealth:

The Book of Mammon Robert Harding Morris, 2005-03-28 Everyone yearns for the good life where children are reared in a loving stimulating environment where youth are prepared for their future where adults achieve satisfaction through personal relationships and meaningfully rewarding work and where seniors find peace in their golden years Typically it entails economic sufficiency Yet when this universal hope becomes reality many Christians confront a disturbing faith challenge Jesus taught his followers to postpone earthly satisfactions until the next life In the present world their blessings will be found in poverty hunger sorrow and persecution Woe to those with wealth full stomachs laughter and popularity Christ practiced and demands self denial not self satisfaction Entry into Jesus severe life style is difficult and the path is arduous Multitudes are called but only a select few actually follow the way to eternal life that requires crucifixion of one self This book is a thought provoking biblical analysis of the gospel s opposition to wealth One cannot serve both God and money The Christian dilemma is that practical faith absolutely requires compromise Money is necessary for daily life and future needs How is it possible to follow Christ in this money driven society The Book of Mammon searches the Bible for the surprising resolution

Decoding Mammon Peter Dominy, 2012-10-22 Decoding Mammon is an exposition of the negative assessment of money implied in Jesus statement You cannot serve God and Mammon On the basis of the theology enshrined in the Old and New Testaments and in the long term tradition of the church it is claimed that problems associated with money do not arise simply from the way it is used but from the nature of money itself Despite the fact that money has enabled great economic development and in contrast with the general consensus of governments economists and many theologians that money is either a positive or neutral instrument the book seeks to show that money is a deeply flawed instrument created by fallen human beings and fashioned over the years to suit the interests of those in power rather than the needs of people in general It is argued that money should only be allowed to operate within severe restrictions and that any reformulation of the global economy as a result of the recent financial crisis needs to be based on this understanding

The Elements of Christian Theology, Philosophy, Morals, & History; Or, Christianity Stated and Defended John Hosking, 1894 **Biblical Counsel**, 1993 Christian Ethics Larry Chouinard, David A. Fiensy, George F.

Pickens, 2010-04-01 Do not conform any longer to the pattern of this world but be transformed by the renewing of your mind Then you will be able to test and approve what God s will is his good pleasing and perfect will Romans 12 2 NIV What are your goals in life What goals should you pursue in your life Every day you make decisions concerning moral issues Moral evaluation implies that there is a standard of judgment Christian ethics is the study of how we live a life that conforms to the will of God When we look at life from a biblical perspective our goals actions and standards should be the result of asking the question What is God calling me to do and be Christian Ethics takes a fresh look at a multitude of ethical issues through the lens of God s Word This important new resource will help provide guidance into knowing God s will for your life Contributors

Ford's The Modern Theologians Rachel Muers, Ashley Cocksworth, 2024-03-18 Captures the multiple voices of Christian theology in a diverse and interconnected world through in depth studies of representative figures and overviews of key movements Providing an unparalleled overview of the subject The Modern Theologians provides an indispensable guide to the diverse approaches and perspectives within Christian theology from the early twentieth century to the present Each chapter is written by a leading scholar and explores the development and trajectory of modern theology while presenting critical accounts of a broad range of relevant topics and representative thinkers The fourth edition of The Modern Theologians is fully updated to provide readers with a clear picture of the broad spectrum and core concerns of modern Christian theology worldwide It offers new perspectives on key twentieth century figures and movements from different geographical and ecclesial contexts There are expanded sections on theological dialogue with non Christian traditions and on Christian theology's engagement with the arts and sciences A new section explores theological responses to urgent global challenges such as nationalism racism and the environmental crisis Providing the next generation of theologians with the tools needed to take theological conversations forward The Modern Theologians Explores Christian theology's engagement with multiple ways of knowing across diverse approaches and traditions Combines introductions to key modern theologians and coverage of the major movements within contemporary theology Identifies common dynamics found across theologies to enable cross contextual comparisons Positions individual theologians in geographical regions trans local movements and ecclesial contexts Features new and revised chapters written by experts in particular movements topics and individuals Providing in depth critical evaluation and extensive references to further readings and research Ford's The Modern Theologians An Introduction to Christian Theology since 1918 Fourth Edition remains an ideal textbook for undergraduate and graduate courses in Theology and Religious Studies such as Introduction to Christian Theology Systematic Theology Modern Theology and Modern Theologians It is also an invaluable resource for researchers those involved in various forms of Christian ministry teachers of religious studies and general readers engaged in independent study

Missions and Money Jon Bonk, 2006 This revised edition of Missions and Money offers new reflections in the light of a changed situation in Christian missionary circles Bonk offers new reflections in the lights of a changed situation now marked by increases in the number of short term missionaries and increases in the numbers

of Asians Africans and Latin Americans leaving their homelands to serves as missionaries to other people The conversation on the ambiguity of wealth and Christian missionary outreach is deepened with essays by Christopher J H Wright on the righteous rich in the Hebrew Bible and by Justo Gonzalez on faith and wealth in the Christian Bible and the early church Book jacket **Passing the Plate** Christian Smith,Michael O Emerson,Patricia Snell,2008-09-29 Passing the Plate shows that few American Christians donate generously to religious and charitable causes This eye opening book explores the reasons behind such ungenerous giving the potential world changing benefits of greater financial giving and what can be done to improve matters By illuminating the social and psychological forces that shape charitable giving Passing the Plate is sure to spark a much needed debate on a critical issue God or Mammon David W. Smith,2025-06-30 The rise of neo liberalism and globalization has hardened the capitalist worldview in such a way that it has taken on an idolatrous nature for Christianity in the West At this crucial point in time David Smith prophetically confronts this issue and invites Christians to re examine their allegiances Using Jesus s warning that the worship of God and Mammon are incompatible as a lens Smith traces the tension of this decision from the Mosaic revolution through the history of biblical Israel and into the New Testament He provides a historical survey of movements in Christianity that emerged in the constant struggle to counter the imperial church s conformity to a materialistic culture Finally he examines the modern world s shift toward an economic culture which has abandoned social values and needs Christianity which has become a global movement with its heartlands across the southern hemisphere now faces the challenge and opportunity of a world in deepening crisis In this timely and important book Smith encourages us all to join in the quest for an alternative society that is shaped by kingdom values

Theological Ethics in a Neoliberal Age Kevin Hargaden,2018-10-31 Throughout his ministry Jesus spoke frequently and unabashedly on the now taboo subject of money With nothing good to say to the rich the New Testament indeed the entire Bible is far from positive towards the topic of personal wealth And yet we all seek material prosperity and comfort How are Christians to square the words of their savior with the balances of their bank accounts or more accurately with their unquenchable desire for financial security While the church has developed diverse responses to the problems of poverty it is often silent on what seems almost as straightforward a biblical principle that wealth too is a problem By considering the particular context of the recent economic history of Ireland this book explores how the parables of Jesus can be the key to unlocking what it might mean to follow Christ as wealthy people without diluting our dilemma or denying the tension Through an engagement with contemporary economic and political thought aided by the work of Karl Barth and William T Cavanaugh this book represents a unique and innovative intervention to a discussion that applies to every Christian in the Western world A Revolution in Generosity Wesley K. Willmer,2008-05-01 Give over 100 today and get this personalized state of the art fountain pen free Become a gold sponsor and your name will be featured on our exclusive Wall of Fame Send in your donation by December 31st and enjoy the benefits of giving on your next tax return Who hasn t heard fundraising

gimmicks like these Or who hasn't used these gimmicks on others As Wes Willmer writes generosity is the natural outcome of God's transforming work in individuals when they are conformed to the image of Christ Fundraising and giving are not simply drops in the bucket Capital campaigns and raising funds go deeper than the money They are spiritual activities in becoming more like Christ A Revolution in Generosity is a work by some of the best scholars and practitioners on the subject of funding Christian organizations As Willmer writes The foundation for realizing a revolution in generosity is understanding the biblical view of possessions generosity and asking for resources With over twenty expert contributors this book is a must read for organizations striving to rid themselves of secular asking practices and gain an eternal approach *Friends of the Unrighteous Mammon* Stewart Davenport, 2008-09-15 What did Protestants in America think about capitalism when capitalism was first something to be thought about The Bible told antebellum Christians that they could not serve both God and mammon but in the midst of the market revolution most of them simultaneously held on to their faith while working furiously to make a place for themselves in a changing economic landscape In *Friends of the Unrighteous Mammon* Stewart Davenport explores this paradoxical partnership of transcendent religious values and earthly pragmatic objectives ultimately concluding that religious and ethical commitments rather than political or social forces shaped responses to market capitalism in the northern states in the antebellum period Drawing on diverse primary sources Davenport identifies three distinct Christian responses to market capitalism assurance from clerical economists who believed in the righteousness of economic development opposition from contrarians who resisted the changes around them and adaptation by the pastoral moralists who modified their faith to meet the ethical challenges of the changing economy Delving into the minds of antebellum Christians as they considered themselves their God and their developing American economy *Friends of the Unrighteous Mammon* is an ambitious intellectual history of an important development in American religious and economic life

The Enchantments of Mammon Eugene McCarraher, 2019-11-12 An extraordinary work of intellectual history as well as a scholarly tour de force a bracing polemic and a work of Christian prophecy McCarraher challenges more than 200 years of post Enlightenment assumptions about the way we live and work The Observer At least since Max Weber capitalism has been understood as part of the disenchantment of the world stripping material objects and social relations of their mystery and magic In this magisterial work Eugene McCarraher challenges this conventional view Capitalism he argues is full of sacrament whether one is prepared to acknowledge it or not First flowering in the fields and factories of England and brought to America by Puritans and evangelicals whose doctrine made ample room for industry and profit capitalism has become so thoroughly enmeshed in the fabric of our society that our faith in the market has become sacrosanct Informed by cultural history and theology as well as management theory *The Enchantments of Mammon* looks to nineteenth century Romantics whose vision of labor combined reason creativity and mutual aid for salvation In this impassioned challenge to some of our most firmly held assumptions McCarraher argues that capitalism has hijacked our intrinsic longing for divinity

and urges us to break its hold on our souls A majestic achievement It is a work of great moral and spiritual intelligence and one that invites contemplation about things we can't afford not to care about deeply Commonweal More brilliant more capacious and more entertaining page by page than his most ardent fans dared hope The magnitude of his accomplishment an account of American capitalism as a religion will stun even skeptical readers Christian Century *Jacques Ellul and the Bible* Jacob Marques Rollison, 2022-05-26 The hermeneutic contribution of the French theologian and sociologist Jacques Ellul is given new prominence in this striking collection of essays revealing him to be one of the twentieth century's most creative and insightful interpreters of the Bible With a breadth of contributors ranging from established biblical scholars and theologians to pastoral practitioners from top Ellul scholars to emerging voices and including six first time English translations of Ellul's own articles this volume not only provides a detailed overview of Ellul's biblical approach but also constitutes a crucial moment in Ellul's theological reception The essays gathered here represent a clear demonstration that the full potential of Ellul's theological interpretation of Scripture to rejuvenate and reconfigure contemporary biblical hermeneutics has yet to be seen *Rich Christians in an Age of Hunger* Ronald J. Sider, 2015-07-28 In an age obsessed with wealth Christians seem to have forgotten that scripture encourages believers to give to the poor Why do 1.3 billion people live in abject poverty And what should Christians do about it Despite a dramatic reduction in world hunger 34,000 children still die daily of starvation and preventable disease and 1.3 billion people around the world remain in abject poverty Dr Ron Sider a professor of theology examines the issues of poverty and hunger in modern society While the Bible is full of instructions to care for the poor and warns against being seduced by riches it's been statistically proven that the richer countries become the less they give Finding that conservatives blame what they consider to be morally reprehensible individual choices and liberals blame what they believe to be constrictive social and economic policy Dr Sider finds himself agreeing with both sides First published in 1978 *Rich Christians in an Age of Hunger* has had an enormous impact on how believers and churches view questions of poverty and hunger Dr Sider's insights provide a compelling look at what it truly means to follow Christ This edition of *Rich Christians in an Age of Hunger* is Newly revised expanded and updated Listed as one of the 100 most influential books in religion in the 20th century A resource for Christians seeking to overcome poverty and change the economic structures of our world In this fresh look at an age old problem Dr Sider offers a detailed explanation of the causes of poverty and hunger as well as a comprehensive series of practical solutions for Christians who want to seriously pursue their faith and become better followers of Jesus *An Outline of Biblical Theology* Millar Burrows, 1946 Dr Burrows has given us in this volume a comprehensive survey of the main religious ideas of the Bible as they appear in the Biblical books themselves A convenient outline of ideas is combined with an exhaustive collection of textual references so that the reader can be in no doubt as to what the Bible says and where By bringing the faith and the record of the Bible closer together Dr Burrows' book should help bring the readers of the Bible closer together too Provided by

publisher **The Congregational magazine [formerly The London Christian instructor].** ,1836 *Jesus, Patrons, and Benefactors* Jonathan Marshall,2015-05-01 Jonathan Marshall born in 1978 earned his PhD in 2008 He has taught courses at Biola University La Mirada CA and Eternity Bible College Simi Valley CA currently he serves as Associate Pastor in the Camarillo Evangelical Free Church EFCA Camarillo CA A Handbook of New Testament Exegesis Craig L. Blomberg,Jennifer Foutz Markley,2010-11-01 This handbook provides a one stop shopping guide to the New Testament exegetical method Brief and approachable it offers both a broad overview of the exegetical process and a step by step approach to studying the New Testament in depth helping students and pastors understand the text and appropriate it responsibly The book is chock full of illustrations of New Testament texts where the method under discussion truly makes a difference A wonderfully clear and accessible handbook for New Testament exegesis Exegetically rigorous theologically informed and practically useful Thomas R Schreiner Southern Baptist Theological Seminary Money: Thoughts for God's Stewards Andrew Murray,2021-05-18 In Money Thoughts for God s Stewards Andrew Murray traverses the profound spiritual implications of financial stewardship inviting readers to reevaluate their relationship with wealth through a biblical lens With a style marked by clarity and a pastoral tone Murray combines theological insights with practical guidance advocating for a faith driven approach to money management Set against the backdrop of late 19th century evangelical thought this work emerges as a timely discourse on financial responsibility and generosity urging Christians to perceive their resources not as personal possessions but as divine entrustments meant for greater Kingdom purposes Andrew Murray a prominent South African pastor and author was a key figure in the Holiness Movement emphasizing the importance of divine dependence and the transformative power of prayer His own experiences of faith and stewardship shaped the development of this book as Murray sought to guide believers in aligning their financial decisions with their spiritual commitments Murray s broader theological framework underlines the significance of surrendering all areas of life including finances to Christ Money Thoughts for God s Stewards is a vital read for anyone desiring to harmonize their financial practices with their spiritual beliefs Murray s thought provoking insights challenge practical assumptions about money urging readers to live as stewards rather than owners This small yet impactful work is essential for Christians seeking to deepen their faith and understanding of stewardship in an increasingly materialistic world
