

A photograph of a person with short grey hair, wearing a dark green long-sleeved shirt and dark trousers, standing in a lush garden. The person is seen from the back, looking towards a large, dense cluster of purple flowers hanging from a tree or large shrub. The background shows more greenery and a clear blue sky. The overall scene is bright and sunny, with vibrant green grass and foliage.

theoretical traditions in historical archaeology while contributing significantly to the debate In this study the author places an emphasis on material culture and the recent past to bring to light a picture of an unstable and violent early colonial world in which material culture played a crucial mediating role
