“**E**NGLISH WIT AND HUMOUR” is a compilation of some of the best specimens of wit and humour contained in the language, and the most brilliant examples of wit will be found, upon examination, to have been those which were unpremeditated, and which were the result of the contact of two minds upon an unexpected subject ; while the best specimens of humour will be seen to be those in which the humour is unconscious. One example of the latter came to the notice of the compiler after the text of this booklet was printed, and which is too good to be lost. He was talking to the manager of a large bookselling establishment in London, when one of the assistants, who had been asked by a customer for a child’s book, took up a copy of “ Robinson Crusoe,” and said to the manager, “ Please, sir, is this a Child’s Book ? ” The latter admitted that this was *hard* on the literary talent of the establishment. But, reader, pass in !

alive and relevant Conduct Books for Girls in Enlightenment France Nadine Berenguier, 2016-05-23 During the eighteenth century at a time when secular and religious authors in France were questioning women's efforts to read a new literary genre emerged conduct books written specifically for girls and unmarried young women In this carefully researched and thoughtfully argued book Professor Nadine Berenguier shares an in depth analysis of this development relating the objectives and ideals of these books to the contemporaneous Enlightenment concerns about improving education in order to reform society Works by Anne Thérèse de Lambert Madeleine de Puisieux Jeanne Marie Leprince de Beaumont Louise d'Epinau Barthélemy Graillard de Graville Chevalier de Cerfvol abb Joseph Reyre Pierre Louis Roederer and Marie Antoinette Lenoir take up a wide variety of topics and vary dramatically in tone But they all share similar objectives acquainting their young female readers with the moral and social rules of the world and ensuring their success at the next stage of their lives While the authors regarded their texts as furthering the common good they were also aware that they were likely to be controversial among those responsible for girls education Berenguier's sensitive readings highlight these tensions as she offers readers a rare view of how conduct books were conceived consumed re edited memorialized and sometimes forgotten In the broadest sense her study contributes to our understanding of how print culture in eighteenth century France gave shape to a specific social subset of new readers modern girls *A Historical Commentary on Diodorus Siculus, Book 15* P. J. Stylianou, 1998 For long stretches of Greek history in the classical period Diodorus Siculus provides the only surviving continuous narrative of events For this narrative he summarized however incompetently the work of earlier and greater historians whose original texts are lost to us This makes Diodorus an invaluable quarry of the historian and the historiographer alike but one that can only be used with discretion We need to get as clear an idea as we can of the way his mind worked where his account is most likely to be useful and what sort of distortions to expect when he goes astray Research into his methods and procedures is thus an urgent necessity The present study the fullest ever undertaken for any part of Diodorus aims to meet the needs of both history and historiography In the introduction necessarily substantial the aims sources and methods of Diodorus are examined in detail The findings of this investigation are then applied in commenting on Book 15 a particularly important book which deals with the crucial years between the King's Peace concluded in 387/6 BC and the aftermath of the battle of Mantinea fought in 362 BC *A Defense for the Chronological Order of Luke's Gospel* Benjamin W. W. Fung, 2019-01-09 For decades scholars have reached no consensus on the writing order of Luke's gospel The author through a thorough study of the word order in Luke 1:3 a comparison of Luke's writing methodologies with those of the Greco Roman historians and a detailed investigation of the differences in the narrative accounts among the Synoptic Gospels concludes that Luke writes in chronological order The author also explains how Luke has employed writing methodologies commonly used by Greco Roman historians to write the prefaces in Luke Acts and divide the Gospel into sections and the implications of these writing methodologies on Luke's writing order He explicates the

possible reasons behind the differences in the writing style between the travel section 9 52b to 19 44 and the rest of the Gospel proposes the central theme of Luke Acts and assesses the possible implications for accepting Luke s chronological writing order on biblical studies

Words Are Not Enough Garrick V. Allen,2024-09-17 An innovative study of the manuscript history of the New Testament encompassing its paratexts titles cross references prefaces marginalia and more How did the Christian scriptures come to be In Words Are Not Enough Garrick V Allen argues that our exploration of the New Testament s origins must take account of more than just the text on the page Where did the titles verses and chapters come from Why do these extras the paratexts matter Allen traces the manuscript history of scripture from our earliest extant texts through the Middle Ages to illuminate the origins of the printed Bibles we have today Allen s research encompasses formatting titles prefaces subscriptions cross references marginalia and illustrations Along the way he explains how anonymous scribes and scholars contributed to our framing and thereby our understanding of the New Testament But Allen does not narrate this history to try to unearth a pristine authorial text Instead he argues that this process of change is itself sacred On the handwritten page scripture and tradition meet Students scholars and any curious reader will learn how the messy human transmission of the sacred text can enrich our biblical interpretation
